**REPORT OF THE BOARD OF DIRECTORS
ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO
1935-1936**

During the year the Board held two meetings, October 22nd. and 23rd, 1935 and May 27th, 28th, 29th and 30th, 1936.

All the elected members were present at both meetings.

Communications were received from Hon. Dr. J. A. Faulkner, Minister of Health and Dr. J. L. Simpson, Minister of Education, expressing their regrets at not being able to be present.

The following is a condensed report of the business transacted at the meetings.

RESOLUTION RE THE LATE DEAN SECCOMBE

The Board of Directors of the Royal College of Dental Surgeons of Ontario, assembled in annual meeting, expresses the sincere loss sustained in the death of the Dean of the Faculty of Dentistry of the University of Toronto, the late Dr. Wallace Seccombe on Thursday, January 16th, 1936.

The Dental world at large suffers the deepest loss. The high professional ideals, sincere public spirit and fervent interest in anything relating to the good of the Profession of Dentistry and the Oral Health of the people were uppermost in his keen mind.

The Board always sought his judgment in matters of principle and of affiliation with other licensing bodies.

As a former member of the Board, his associations and practical experience made his sound advice a splendid basis for conclusions.

Be it resolved, therefore, "That the Board of Directors of the Royal College of Dental Surgeons of Ontario expresses to the Faculty of Dentistry of the University of Toronto, to the Dental Profession of Ontario and of Canada and to Mrs. Seccombe and family, its deepest sympathy in the loss which we each have sustained in the demise of our late Dean."—Carried unanimously.

G. L. PRESTIEN,
L. D. HOGAN,
W. E. WILLMOTT,
Committee.

**SECRETARY'S REPORT
1935-1936**

Your Secretary herewith presents his report for the past year.

Published Report

A condensed report of the meetings of the Board in October 1934 and May-June 1935, was prepared and about 1900 copies mailed.

Applications for License

Of the 56 members of the graduating class of 1936 of the Faculty of Dentistry of the University of Toronto, 35 have made application for a license to practise in Ontario. An application was also received from a graduate of 1935 class.

Two members of the 1935 class who had supplemental examinations to complete, passed and were given their licenses.

An application was also received from an Australian student who graduated from the University of Toronto, Faculty of Dentistry in 1932, but had not made application at that time.

Changes in the Register

In April 1936 there were 3578 names on the register, 33 having been added during the previous year.

41 have been transferred from the inactive to the active list; Fees paid—26; Resumed practice—15.

79 have been transferred from the active to the inactive list; fees not paid—48; out of practice—9; died—11; left Province—11.

21 have changed post office address in Ontario.

Nurses in Training

(a) Examination:—

On certificate from the Secretary of the Faculty of Dentistry last fall, that they had successfully completed the Supplemental Examinations, these were given their Diploma and Pin: Lilian Gladness Chapman, Dorothy Justine Fowler.

(b) Graduation:—

In compliance with the request of the Board, the University of Toronto will this year grant the Diploma to the successful candidates in the Nurses' Class, at a convocation to be held on June 3rd, 1936.

The President authorized the prizes to be awarded this year which will be done at the Commencement exercises.

Act and By-Laws

2500 copies of the amended Act and By-Laws were printed and copy sent each Licentiate with the Report of the Board, and to several States on request.

Elections

As the Biennial Election of the Board of Directors will be held the coming fall, your Secretary should be given any necessary instructions, and Scrutineers should be appointed.

Ontario Gazette

This has been received regularly during the year and each issue has been carefully read. No reference to anything affecting Dentistry has been noted.

Requirements for License

As the supply of information cards, regarding the requirements for license, is exhausted it would be wise to review the regulations before obtaining a further supply.

Mail Matter

During the year 2742 articles have been received, and 10,069 have been prepared and sent out with 21,035 enclosures.

Licentiates Who Have Died

Since the last annual meeting of the Board the following Licentiates have died:—

I wish again to express my sincere appreciation of the assistance and co-operation of the members of the Board in carrying on the activities of this office.

W. E. WILLMOTT,
Secretary.

REQUIREMENTS FOR LICENSE IN ONTARIO

A committee was appointed to revise the requirements for license and presented the following report which was adopted:—

Anyone desirous of practising Dentistry in the Province of Ontario must procure a license from the Board of Directors of the Royal College of Dental Surgeons of Ontario.

- I. Candidates who have successfully completed the regular course as given in the Faculty of Dentistry, University of Toronto, may be granted the License without further examination upon payment of the required fee.
- II. Candidates who have obtained advanced standing in and have graduated from the Faculty of Dentistry, University of Toronto, may be granted the License upon payment of the required fee.
- III. Those who have graduated from other approved Dental Colleges are required:
 1. To have held before commencing their dental studies qualification equivalent to those required of Ontario students at that time.
 2. To be recommended by the Dean of the College from which they graduated and by the Secretary of the Licensing authorities of the State or Province from which they come.
 3. To present credentials as follows:
 - (a) If dental course was commenced previous to September 1st, 1903, a graduation diploma granted upon the basis of a three year dental course.
If dental course was commenced after September 1st, 1903, and previous to September 1st, 1921, a graduation diploma granted upon the basis of a four year dental course.
 - (b) If the dental course was commenced after September 1st, 1921, a graduation diploma granted upon the basis of a four year dental course following a two year course of approved pre-dental studies.

(These courses to have been taken in separate calendar years).

4. To pass written examinations in the following subjects according to classification under Sect. III, Subsection 3.
 - (a) Diagnosis and Operative Dentistry; Prosthodontia; Preventive Dentistry; Periodontology; Orthodontia; Dental Surgery and Anaesthesia; Medicine.
 - (b) Anatomy; Histology; Dental Anatomy; Biochemistry; Physiology; Pharmacology and Materia Medica; Organic Chemistry; Dental Surgery and Anaesthesia; Bacteriology; Pathology; Periodontology; Diagnosis and Operative Dentistry; Prosthodontia; Surgery and Oral Surgery; Medicine; Orthodontia; Preventive Dentistry; Dental Praxis (one paper on Ethics and Dental Jurisprudence).
 5. To satisfy the examiners in Clinical Dentistry including: Diagnosis; Operative Dentistry; Prosthodontia; Periodontology; Dental Surgery.
Examinations, Oral and Practical to be taken in presence of the Examiner.
 6. To sign a covenant to practice ethically and to maintain the dignity and honour of the Profession.
 7. To pay the required fee of \$50.00 and necessary examination expenses.
- IV. These regulations will apply only to candidates coming from Countries, Provinces or States, which permit Ontario candidates to sit for examination on a similar basis.

RECIPROCAL RELATIONS

The Secretary asked instructions regarding an applicant for a license from the United States, as to whether our regulations should apply to the reciprocal relations of the State in which the applicant graduated or in which he was licensed.

It was decided that the State in which he was licensed should be considered.

EXAMINATION FOR LICENSE

Where an applicant is entitled to and wishes to pass a special examination for a license it was decided that the Faculty of Dentistry of the University of Toronto be requested to conduct the examination.

TWO APPLICATIONS FOR LICENSE

Dr. R. G. Chambers, Detroit—

Dr. Chambers matriculated in the R.C.D.S. in 1920; had served five years overseas in the C.A.M.C.; graduate of the Royal College of Surgeons, Edinburgh, 1927; University of Michigan 1929; is licensed by the British Board and by the State of Michigan; asked what would be required in order to obtain a license in Ontario

It was decided that, taking into consideration his Matriculation in the R.C.D.S. and his other standing, together with his war service, he be required to pass a written examination in Operative Dentistry, Prosthodontia, Preventive Dentistry, Medicine, Surgery and Oral Surgery and Anaesthesia, and to satisfy the examiners in Clinical Dentistry including Diagnosis, Operative Dentistry, Prosthodontia and Oral Surgery and comply with the other requirements.

Dr. J. A. Sullivan, Williamstown—

The correspondence in this case, beginning in 1934 was reviewed.

He had attended the University of Pittsburg sessions 1923-24; 1924-25; 1925-26 and was graduated in June 1926.

The Registrar of the University of Toronto has examined his preliminary standards and reported that he did not have Matriculation standing any any subject.

It was decided that Dr. Sullivan be required to complete Matriculation and attend the fifth year at the Faculty of Dentistry of the University of Toronto, successfully pass the examinations, fill out the prescribed form of application and pay the registration fee.

SCRUTINEERS

Mr. H. J. Bolitho, Fee Clerk and Mr. A. N. Laidlaw, Assistant Registrar of the University of Toronto were appointed scrutineers for the election of the members of the Board next fall.

TREASURER'S REPORT

Licentiate Fees

In July 1935, 30 arrears of fees were put into the Division Court, of which 14 were paid into the Court, and one paid direct.

On December 18th, 1935, 1860 first notices regarding the annual fee being due January 1st, 1936, were mailed. 890 second notices were sent out on January 23rd and 24th.

In March, 294 drafts were made, of which 194 were paid through the Bank and a number sent direct. About 80 personal letters have been sent to those still in arrears, leaving at the end of the year:—

50	in	arrears	for	1	year
13	"	"	"	2	years
4	"	"	"	3	"
3	"	"	"	4	"

Several have paid since the end of the year, leaving the following in arrears at this date, May 27th, 1936.

Extramural and Extension Lecture Service

The Appropriation for these services for the year was \$1500.00. Of this, \$800.00 was for Extra-Mural, and \$700.00 for Extension Lectures.

As there was no application for Extension Lectures, an additional \$400.00 was sent the University. Later, several requests for Extra-Mural Lectures were received and a further \$200.00 was sent the University.

Extra-Mural and Extension Lectures, or clinics, were given in 22 centres, by 16 men, to which 1860 invitations were mailed from this office. The total attendance was about 900.

Two Extension Lectures were arranged — Dr. Thornton visited Guelph, and Dr. Ante visited Stratford.

Expenditures:

University for Extra-Mural	\$1400.00
Two Extension Lectures—Expenses and Honoraria	70.02
Two Extra-Mural, Session 1934-35 (Exp.)	37.33
Printing Notices	82.31
	\$1589.66
Appropriation	1500.00
	\$ 89.66

The new plan of sending notices from this office to those within reasonable distance of the lecture or clinic does not seem to have very largely increased the attendance, but it is an invitation to those not members of the Society under whose auspices the meeting is held, that they are welcome to attend. Many of these may thus be induced to join the local organization. Several commendations of the plan have been received.

Fifty Years in Practice

As in previous years, complimentary registration for the year was sent to those who have been in practice fifty years or more. There were:

1875	I. L. Nicholls	Chatham
1879	E. Hart	Brantford
1881	H. Weller	Welland
1882	D. T. Baxter	Hamilton
1882	C. F. Knight	Hamilton
1883	F. J. Stowe	Toronto
1884	F. A. Denne	Stayner
1884	F. Kilmer	St. Catharines
1884	A. A. Smith	Cornwall
1886	J. G. Bannerman	Owen Sound
1886	R. Haslett	Toronto
1886	W. Wunder	Toronto

Harry R. Abbott Memorial Library

During the year, \$1075.62 has been received from the estate of Dorinda E. Tully, and \$26.97 Bank Interest. \$1000 was sent to the University. (See also the Librarian's and the Financial Reports).

Ex-Service Mens' Loan

On April, 1935, 84 men owed \$29,995.52, to which has been added legal fees of \$14.90.

During the year 5 have paid in full \$629.80, and 18 have paid \$357.00, leaving \$29,008.72 still owing by 79.

Interest to the amount of \$449.43 was paid, and this, with the Bond interest of \$1655.35, has been transferred to the Board account.

As ordered at last meeting of the Board, the Chartered Trust and Executor Co. was asked to obtain a report, as far as possible, from a business agency regarding each of the students who have not paid their loans. 75 such reports have been received. The Co. was also requested to write each debtor, asking what cash offer he could make in order to close the account. As these came to this office they were referred to the President, with the confidential report, for instructions.

The report and the President's suggestions are before you.

Bonds

In accordance with instructions from the Board, the \$19,000 C.N.R. bonds, 1959, which were called, were sold and the following bought.

\$5,000 Pr. Nova Scotia 3% Sept. 1950. \$98.50

\$5,000 Dom. Canada 4% Oct. 1945. \$105.50

\$5,000 Pr. Prince Ed. Island 3% Oct. 1945. \$98.50

\$4,000 Pr. Manitoba 4½% May 1945. \$103

also \$5,000 City of Winnipeg 4½% Apr. 1961. \$101

and \$1,000 Pr. Manitoba 4½% May 1945. \$103

were purchased from the R.C.D.S. funds.

Refund of Registration Fee

One member of the graduating class has paid a registration fee for six years, having had to repeat a year. Should the same procedure be followed as last year, and refund one fee to this student?

Auditors

Auditors should be appointed for next year.

Auditors Statements

Auditors' Statements submitted herewith:—

- (a) Balance Sheet showing Assets and Liabilities
- (b) Receipts and Disbursements of Board Account
- (c) Receipts and Disbursements, Ex-Service Men's Loan Account
- (d) Harry R. Abbott Memorial Library Fund.

W. E. WILLMOTT,
Treasurer, R.C.D.S.

ANNUAL LICENTIATE FEE

Arrears of Fees

The arrears of fees were referred to the President and Secretary for action.

Annual Fee for Part of the Year

Several communications were received stating that the writer had been in practice only a portion of the year and asking whether the fee for the year would be required.

In each case it was decided that the fee for the year should be paid.

Renewal of Lapsed License

"The Board of the Royal College of Dental Surgeons may refuse to re-instate any L.D.S. whose license has lapsed until satisfied that the conduct of the applicant during the lapse has been in keeping with the ethical standards of the College."

EXTRA-MURAL AND EXTENSION LECTURE SERVICES

It was decided that the notices for the Extra-Mural and Extension Lecture Services should be sent from the Secretary's office during the coming year as was done last year, and the notices should be sent to all Licentiates in practice whether or not their annual fee is paid.

STUDENTS' LOANS

The Chartered Trust and Executor Co. was requested to obtain a confidential report of all those in arrears of payment. When this information was available the Trust Co. communicated with the debtors asking them to suggest a cash settlement to close the account.

These replies, along with the confidential reports, were referred to the President, whose action in each case was reviewed by the Board and ratified.

The procedure in those cases where no reply had been received was decided upon.

EXCHANGE OF BONDS (See also Treasurer's Report)

The President and Drs. Blatchford and Irvine were appointed a Committee to consider the exchanging of securities and report at the next meeting of the Board.

AUDITORS

Thorne, Mulholland, Howson & McPherson were appointed auditors for the ensuing year.

ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO FINANCIAL STATEMENT

Year Ending April 30th, 1936

May 22nd, 1936.

To the President,

Royal College of Dental Surgeons of Ontario.

Dear Sir:—

We have audited the books and vouchers of the Royal College of Dental Surgeons of Ontario for the year ending April 30th, 1936 and submit herewith certified Balance Sheet and Statements of Receipts and Disbursements for the General Accounts, Ex-Service Men's Loan Account and the Harry R. Abbott Memorial Library Fund.

With reference to the collection of loans to ex-service men, the payments on principal and interest during the year under review amounted to \$986.80 and \$479.51 respectively and the unpaid balances as of April 30th, 1936 were \$22,008.72. No accrued unpaid interest on these loans has been considered in the accompanying statements.

No payments were received during the year on account of the student's loan and accrued interest, nor has anything further been done towards obtaining a new note covering principal and interest and reinstatement of the lapsed life insurance policy for security.

The outstanding licentiate fees at April 30th, 1936 amounted to \$595.00 which included \$115.00 for 1935, \$65.00 for 1934, and \$55.00 for prior years.

Respectfully submitted,

THORNE, MULHOLLAND, HOWSON & MCPHERSON,
Chartered Accountants

LIBRARIAN'S REPORT 1935-36

Your Librarian has the honour to submit the following report for the session 1935-36 for your attention.

A very gratifying increase in the activities of the Library has been noted for the year. The circulation for 1935-36 showed an increase of more than 30% over the previous session, a total of 3,315 books and bound periodicals having been borrowed. Approximately 550 unbound journals were taken out, while about 100 books were mailed to out-of-town graduates. The latter went, in many cases, to study groups and really made a much larger circulation than the visible records show. These figures include up to May 10th and there will be considerably more circulation by the end of the summer session, which continues until June 26th.

At the present time, owing to the assistant's lack of time, it is impossible to keep a record of the number of books and periodicals which are used in the reading room, but not taken out of the Library. A conservative estimate would give an equally large number being used in this manner. Considering this, it may be seen that more interest is being shown in the Library each session.

We are constantly endeavouring to increase the students' use of the Library. An article was written in the 1936 "HYA YAKA," the student publication, which we hope will stimulate their interest. During examination periods, it was possible to keep the Library open during the noon hours and this was found to be of great benefit, as they were particularly busy. It has been recommended that, commencing next session, arrangements be made to give this continuous service.

Carrying out the plans of the late Dean Seccombe, the section on medical and scientific subjects is being substantially enlarged. Heads of the various departments concerned have given valuable co-operation and only up-to-date and highly recommended texts have been purchased. Efforts in this regard are already bearing fruit, as staff members of other Faculties continually commend the excellence of our collection. One science graduate, in particular, who uses our books constantly, claims that we have many texts which are available in no other Library in the city.

Another project has been started, which we hope will be of value to the out-of-town graduates. Realizing that the ordinary time limit on books does not allow for sufficient study, a travelling library has been suggested. Recommendations have been received from each department and it is hoped that the unit will be a complete representative collection. The library will circulate amongst various dental societies and it is felt that interest in study groups will be fostered in this way.

Work has been done at intervals during the year in the Stack Room. It has been found to be of great assistance to the Library since journals have been sorted and properly catalogued. In order to keep it in proper condition, it has been found necessary to have assistance there periodically.

Substantial donations have been made by this Library to some of the other dental colleges and libraries. The British Dental Association received quite a large number of journals which were missing from their files. The Dental Students' Society of the University of Manchester also was given a collection of periodicals, as they had none of their own. The Dental Society of Queensland, N.S.W. Australia, also received a donation. These shipments were made from the surplus journals which we have in our Stack Room. Carrying charges were paid by

the parties receiving the magazines. They have arrived in excellent condition and, in each case, have been gratefully acknowledged.

Several donations of books and periodicals have been received during the past year. Acknowledgement has been made to the donors, including the late Dean Seccombe, Acting Dean Mason, Dr. Gordon McLean, Dr. Henry A. Thompson, Mr. Rous and others.

Museum specimens have been donated by various members of the profession. These have been personally acknowledged also. At the present time, we lack sufficient space to display all of the collection to advantage. It is hoped that arrangements may be made so that this may be remedied. It is suggested that theft insurance be placed on the museum, as some of the exhibits are very valuable and a loss would be most unfortunate.

At the time of the Ontario Dental Convention, keen interest was displayed in the exhibit which we took from the museum, which included the diamond-set denture which is now in our possession. We feel that this was a very worthwhile undertaking, as it also gave us an opportunity of increasing interest in the Library as well, both at the table clinic and at the regular exhibit.

During the summer, various changes are being planned which we hope will increase the efficiency of the Library for the next session. If possible, we wish to establish a "reprint library" which should be of great benefit. This service will be patterned after the "pamphlet library" of the American Dental Association. Again, however, lack of time on the part of the assistant may hinder this project.

In closing, reference may be made to the opinion of Dr. Ashley W. Lindsay regarding the Library. He has had the opportunity of studying many dental libraries and believes that our selection of up-to-date texts surpasses many of them. The strength of a library must be judged on this basis, as older books may be of great historical value and interest, but current publications are the "life blood" of the establishment. By carefully comparing our Library with those of other dental schools with regard to system used, books, periodicals, etc., we should be able to establish the finest dental library available in any school on this continent.

This report is respectfully submitted, with the recommendation that, for the ensuing year, the grant be \$250.00.

C. ANGUS KENNEDY,
Librarian and Curator.

HARRY R. ABBOTT MEMORIAL LIBRARY

At the October meeting the late Dean Seccombe explained that any medical books purchased by the University could not be placed in our library and suggested that these should be purchased from the Harry R. Abbott fund.

The following motion was adopted:—"That the Faculty Librarian be authorized to purchase such scientific books as the Faculty Council may suggest and charge them to the Harry R. Abbott Fund."

THEFT INSURANCE

The Treasurer was instructed to place \$2,000.00 theft insurance on the Museum, after consultation with the Curator of the Museum.

REPORT OF DISCIPLINE COMMITTEE

1935-36

Your Committee is grateful, indeed, to the members of the Profession in Ontario for their splendid co-operation throughout the year. Under continued trying conditions adherence to our standards has been little short of ideal.

Many have consulted with the Committee and have thus avoided incorrect courses of procedure.

A number were before the Committee for minor departures from the regulations and the matters were satisfactorily adjusted.

Three cases, only, were reported to the Board for further action:

Dr. E. H. Henderson, Toronto—

Dr. Henderson was reported guilty of improper conduct in a professional respect as a result of his advertising in the daily papers. Action was deferred by the Board.

Dr. D. I. Siegel Hamilton—

Dr. Siegel was found guilty of improper conduct in a professional respect as a result of notices placed in the Dominion Glass Co. and negotiations with other industrial plants. This report presented to the Board brought a suspension of license for fifteen days.

Dr. W. R. Winters, Ottawa—

Dr. Winters was likewise reported as a result of notices displayed and distributed in Mattawa in connection with his visit to that centre. His license was also suspended for fifteen days.

The effort to protect the public from illicit practitioners has been continued throughout the year. As a result the following have been prosecuted in the courts for breaches of the Dentistry Act:—

Charles Frohman, Windsor—

Frohman was convicted of a third offence on July 18th, 1935 and fined \$500.00 and costs or three months imprisonment. The latter alternative was accepted but on instructions from the Attorney General's Department the term was reduced to twenty-eight days.

Chas. A. Risk, Maple Ave., Toronto—

Counsel for Risk entered a plea of guilty, on July 31st, 1935, to a charge of practising Dentistry without a license. He was fined \$100.00.

Robert Reid, Proprietor of the False Teeth Co., Coxwell Ave., Toronto—

Reid pleaded guilty on August 21st, 1935, to the charges of practising Dentistry without a license and of using a description implying that he practised a branch of Dentistry. On the former charge he was fined \$100.00 and costs or thirty days and on the latter he was remanded for sentence. His fine was paid but later he was arrested and returned to Peterboro where he served thirty days in jail on a previous conviction obtained against him in that city while using the name of Victor White.

Clarence Bishop, Bloor St. W., Toronto—

Bishop pleaded guilty on September 23rd to a charge of a third offence against the Act. He was fined \$500.00 and costs or thirty days and given time to pay. Later he accepted the jail sentence. A

search of his premises had disclosed the possession of a dental equipment.

Sidney N. Hall, McDonnell Ave., Toronto—

Hall was convicted on October 31st, 1935, on a charge of illegal practice of Dentistry. He was fined \$100.00 and costs or ten days in jail. The jail term was accepted.

Gil Macher, Church St., Toronto—

Macher was convicted on November 7th, 1935, of a third breach of the Dentistry Act since its revision and was fined \$500.00 and costs or three months in jail. A further charge was withdrawn. By arrangement with the Attorney General's Department the fine was reduced to \$300.00 and was paid.

George Burnet, Church St., Toronto—

Burnett, employed by Macher, was also convicted of a third offence on November 14th, 1935, and fined \$500.00 and costs or thirty days in jail. He accepted the latter.

Ruth Bright and

Earl Darlington, Partners in the Artificial Teeth Co.,
Yonge St. Arcade, Toronto

Bright and Darlington were convicted on November 30th, 1935, on a charge of using a description implying that they practised a branch of Dentistry. They were each fined \$100.00 and costs or thirty days imprisonment. They appealed against the conviction but later abandoned the appeal. A charge of practising was withdrawn on the assurance that the partnership had been dissolved and that the partners had been engaged in other employment.

Edward Donnahey, Sackville St., Toronto—

Donnahey, previously operating under the name of the People's False Teeth Co., pleaded guilty on December 13th, 1935, to two charges of illegal practice. He was fined \$100.00 and costs or thirty days on the first charge and remanded for sentence on the second. At the request of the Attorney General's Department the fine was reduced to \$25.00. Donnahey has not since been located.

G. A. C. Gunton, Richmond St. E., Toronto—

Gunton was convicted on December 20th, 1935, of illegally practising Dentistry, indirectly through one, Dr. Forge, a Physician, and was fined \$100.00 and costs or thirty days in jail. To a charge of using a description that he practised a branch of Dentistry he pleaded guilty and was remanded for sentence. Further charges were withdrawn. An appeal was entered by Gunton but was later abandoned.

Ronald Mason, Eastmount Ave., Toronto—

Mason was convicted on January 3rd, 1936, of practising Dentistry without a license. He was fined \$100.00 and costs or ten days in jail. The fine was reduced by the Attorney General's Department to \$50.00, against the expressed opposition of the Committee.

D. H. Robinson, College St., Toronto—

Robinson pleaded guilty on March 18th, 1936, to a breach of the Dentistry Act and with the approval of the complainant was remanded for sentence.

Russell Perrin, Lindsay—

Perrin pleaded guilty on April 29th, 1936, to a charge of practising Dentistry without a license and was fined \$100.00.

Lucien Tremblay, Rideau St., Ottawa—

Action was entered against Tremblay for the illegal practice of Dentistry. Ample evidence was available but the accused was alleged to have left Ottawa and has not since been located.

William V. Clark, College St., Toronto—

Clark was acquitted on April 4th, 1936, on a charge of practising Dentistry without a license. Contradictory evidence in this case rendered the acquittal inevitable.

Court decisions in these recent prosecutions have established precedents of far reaching importance to the Dental Profession of Canada.

Repeated efforts, by Solicitors for offenders, to have the making of Dentures considered as outside the practice of Dentistry have been successfully defeated.

The repair and remake of dentures have been accepted as falling within the meaning of the Act and each constituting part of a branch of Dentistry.

Convictions have been obtained against unqualified persons practising through others, possibly qualified, and the point established that it is illegal for unqualified persons to contact the public for Dentistry even though they send their clients to a licensed Dentist for the execution of the work.

While these findings are gratifying to the Profession, what is more important is, that they are decidedly in the best interests of the public, the interests of whom it is the first duty of this Committee to protect.

Respectfully submitted,

E. C. VEITCH,
Chairman.

DR. D. I. SIEGEL, HAMILTON

Motion adopted:— "That Dr. Siegel's license to practise Dentistry in Ontario be and hereby is suspended for fifteen days from the 15th of June, 1936."

DR. W. R. WINTERS, OTTAWA

Motion adopted:— "That Dr. W. R. Winters' license to practise Dentistry in Ontario be and hereby is suspended for fifteen days from the 15th of June 1936."

EXPERT WITNESSES

The members of the Board expressed their thanks to Drs. A. D. A. Mason, J. H. Duff, R. G. Ellis and E. F. Risdon for their services as expert witnesses in court proceedings and passed a resolution providing for suitable remuneration, as evidence of their appreciation.

DR. G. A. C. GUNTON

Dr. Gunton, whose license was cancelled in April 25th, 1935, applied to the Board for re-instatement.

It was decided not to grant his request.

NURSES IN TRAINING

At the request of the Board the University of Toronto agreed to grant the Diploma to those Nurses completing the course in the Faculty of Dentistry.

As no provision, under this arrangement, had been made for the award of the usual prizes the President authorized the Secretary to inform the Faculty of Dentistry that the two proficiency prizes would be continued this year.

On motion the Board ratified the action of the President and provided that the prizes should be awarded in the future.

NATIONAL ASSOCIATION OF DENTAL EXAMINERS

The Board of Directors,

Royal College of Dental Surgeons of Ontario.

Gentlemen:

Your representatives, Dr. Holmes and Dr. Mason, attended the meeting of the National Association of Dental Examiners held at the Roosevelt Hotel, New Orleans, Louisiana, on November 2-3, 1935.

Several speakers discussed at length the study of the Curriculum Survey Committee of the American Association of Dental Schools. The National Association of Dental Examiners were very much in favour of the Dental Faculties adopting or using the Survey Report as a guide for dental curricula with the objective of having all Dental Faculties give a more uniform standard of instruction both as to length and content of courses.

The National Association of Dental Examiners is also anxious that every effort should be made to have a national examination which would be recognized by the various State Boards. After very lengthy discussions, a committee was appointed to bring in a plan for the establishment of such an examining board and report at the meeting to be held in 1936. Your representatives were of some help in respect to the solution of this problem, as we were able to give the plan of the Dominion Dental Council, some of which may be applicable to the local conditions in the United States.

With regard to general practitioners and specialization in dentistry, it was suggested that no one should be allowed to practice any form of dentistry as a specialty unless he had had training or experience sufficient to warrant such appellation.

With regard to an index file of violators of state dental laws, it

was suggested that violators of dental acts be reported to the Secretary of the National Association of Dental Examiners, Dr. Robert P. Thomas, Louisville, Kentucky. I would suggest that this request be complied with and that a list of such offenders from Ontario be forwarded.

The word "reciprocity" as applied to inter-state relations should be defined as follows: Reciprocal action between State Boards means the acceptance of a candidate registering from one state to another without further examination.

All of which is respectfully submitted.

May 27, 1936.

ARNOLD D. MASON,
G. H. HOLMES,
Representatives.

DOMINION DENTAL COUNCIL

To the Board of Directors,

Royal College of Dental Surgeons of Ontario.

Gentlemen:

The biennial meeting of the Dominion Dental Council was held at the Royal York Hotel, Toronto, on Thursday, May 21st, 1936.

Owing to the fact that fewer candidates are taking the Council examinations, the income from this source hardly carries the expense of the Council and it has been necessary at the last two meetings to draw to a certain extent on the invested funds of the Council.

Negotiations have been continued with Quebec and British Columbia with a view to these provinces becoming members. At the present moment Quebec does not feel desirous of joining the Council but British Columbia seems to be much more favorably inclined.

As Secretary of the Council, I made the suggestion that the Class A. examinations, which include 22 subjects, should be discontinued and Class D examinations, which include 10 subjects, be substituted for Class A. This would mean that the Council would accept the examinations of the universities in the fundamental subjects.

However, as negotiations were going on with British Columbia, the Council felt that it would be wise to leave the examinations as they are for the present.

I found it necessary to resign from the Secretaryship of the Council and Dr. A. J. Brett of Regina was elected in my place. Dr. Croll of Souris, Man., was elected president, and Dr. W. C. Oxner of Halifax, 1st Vice-President; Dr. J. M. Dixon, Calgary, 2nd Vice-President.

All of which is respectfully submitted.

May 26, 1936

ARNOLD D. MASON,
Representative.

DEAN MASON

"The members of this Board heartily congratulate Dr. A. D. A. Mason on his appointment as Dean of the Faculty of Dentistry of the University of Toronto and pledge their whole-hearted support in all his efforts to promote the welfare of the public and of the Profession of Dentistry in Ontario."

CANADIAN DENTAL ASSOCIATION

As the officers of the Canadian Dental Association wished to present a shield to the British Dental Association at the Dental Convention in London this summer, the Board granted \$25.00 towards the expense.

APPOINTMENTS

Legislation Committee—Dr. Veitch was appointed on the Legislation Committee in place of the late Dean Seccombe.

Dominion Dental Council—Dr. Mason resigned as representative from the Board on the Dominion Dental Council and Dr. Prestien was appointed in his place.

Senate of the University of Toronto—Dr. S. M. Kennedy has been the representative from the Board on the Senate of the University of Toronto and his term of office will expire this fall. Dr. Irvine was appointed to succeed him.

CLINICS

Drs. Veitch, Holmes and Mason were appointed a committee to obtain all possible information regarding Dental Clinics in Ontario.

REPORT OF THE PUBLICITY COMMITTEE

Your Publicity Committee reports that since its appointment in October 1935, regular monthly reports of the activities of the Discipline Committee have been made available to the various journals. More specific reports in these matters have been published in the Journal of the Ontario Dental Association and when requested, general articles have been prepared for the National Journals, Oral Health and the Journal of the Canadian Dental Association. Dr. E. C. Veitch, Chairman of the Discipline Committee has kindly prepared these reports.

During the term Dr. R. D. Thornton, Secretary of the Dental Health Educational Campaign has made progress reports in the Ontario Journal, only, as this subject is of the most interest to the members of the Profession in Ontario. These articles credited the Board of Directors of the Royal College of Dental Surgeons as the body instigating the Programme. The service of the time of the officials, members of the Board and the contribution of the Board to the cost of the movement were duly acknowledged.

The Committee is contemplating preparing in the near future, an article with regard to the ownership of X-ray negatives and would be pleased to consider suggestions from members of the Board as to subject matter for future articles.

Respectfully submitted,

G. L. PRESTIEN,

E. C. VEITCH,

W. E. WILLMOTT,

Committee.

DENTAL RELIEF SERVICE

A letter was read from a Dental Society regarding the fees allowed for Dental Relief Work.

The following motion was adopted:— "That the Board of Directors of the Royal College of Dental Surgeons after a careful survey of indigent patients on relief throughout the Province, considers that the amount set aside for relief payment is not adequate and respectfully requests the Government to increase the appropriation for this purpose."

CARDS, ANNOUNCEMENTS &c.

An addition was made to the regulations regarding cards &c as provided in Sect. 1 (c) of By-Law 12 "but may announce his change of place of business, absence from or return to practice, or announce restriction of practice, in the same manner, or issue appointment cards to his patients when the information thereon is limited to matter pertaining to the time and place of the appointment."

SOLICITED ADVERTISING

This resolution was adopted "For the protection of the Profession from solicited advertising, this Board recommends that no Member of the Royal College of Dental Surgeons insert his professional card in hand-bills, programmes, year books, time books, or other printed matter of like character."

X-RAY TECHNICIANS

The President and Drs. Mason and Veitch were appointed a Committee to act in co-operation with the Ontario Medical Association to inquire into the relation of laymen to the taking of X-rays and to take any action they think wise.

PUBLIC DENTAL HEALTH CAMPAIGN

Dr. H. S. Thomson, Field Secretary of the Canadian Dental Hygiene Council reported verbally on the recent campaign which he has carried on in the south-western portion of the Province.

Dr. R. D. Thornton, on behalf of the Public Dental Health Committee of the Ontario Dental Association, reported that the Association desired to unite with the Board and the Canadian Dental Hygiene Council, to carry on the campaign in another portion of the Province during the coming year.

Dr. E. A. Grant, Secretary of the Canadian Dental Hygiene Council endorsed the desire expressed by Dr. Thornton but stated that the Council could not contribute more than the time and salary of the Field Secretary during the coming year.

The President thanked the speakers for their active work and support in the recent campaign.

The sum of \$1,000.00 was placed in the Budget for the coming year in support of the campaign.

The following resolution was adopted:— "That the services of Dr. Willmott be made available to the Profession in the Public Dental Health Education Campaign to be undertaken in the Eastern part of the Province."

ECONOMIC PROBLEM OF DENTISTRY

Dr. C. H. Clarkson met the Board and discussed the economic problem of Dentistry and the possibility of obtaining satisfactory statistics upon which some solution might be based.

While the members were sympathetic with the project it was considered that nothing sufficiently definite was presented on which action could be taken and suggested that Dr. Clarkson should prepare something concrete for the next meeting of the Board.

RESOLUTIONS OF THANKS OR APPRECIATION

During each meeting the Faculty Council entertained the Members of the Board at lunch at Hart House.

During the May meeting the President entertained the members of the Board, the Past Presidents of the Board, The Minister of Health and others at a lunch in the Granite Club.

The following resolutions were unanimously adopted:—

"That the Secretary be instructed to convey to the Faculty Executive the hearty appreciation of the members of the Board for the opportunity of meeting the Executive and Dr. McArthur (Deputy Minister of Education) at lunch. October 22nd, 1935)

"That this Board wishes to thank the Council of the Faculty of Dentistry of the University of Toronto for their kind invitation to lunch on Wednesday, May 29th, 1936."

"That this Board sincerely thanks the President for a very pleasant luncheon gathering at the Granite Club on Friday, May 29th, 1936."

**REPORT OF BOARD OF DIRECTORS
THE ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO
1936-1937**

During the year the Board held two meetings: October 26th and 27th, 1936; May 25th, 26th, 27th, and 28th, 1937.

All the elected members were present at each meeting.

Dr. F. A. Faulkner, Minister of Health, was present during part of the May meeting. Both he and Dr. Simpson, Minister of Education, were out of the City during the October meeting and Dr. Simpson during the May meeting.

The following is a condensed report of the business transacted.

As the 1937 meeting was the first meeting of the newly elected Board the report of the Election was presented and the election of officers and appointment of Committees and representatives was held.

SECRETARY'S REPORT RE ELECTION

To the Board of Directors of the

Royal College of Dental Surgeons of Ontario.

Gentlemen:

In accordance with the provisions of the Dentistry Act and of the By-laws of the College, an election of a Board of Directors for the Royal College of Dental Surgeons of Ontario was held in October to December, 1936.

On the seventeenth of October, nominations were called for by circular letter addressed to each member of the College in good standing resident in Ontario.

Valid nominations were received as follows:—

- District No. 1—I. W. Hamilton, Ottawa.
W. H. Woodrow, Brockville.
“ “ 2—D. W. Gullett, Picton.
J. E. Middleton, Peterboro.
“ “ 3—F. A. Blatchford, Fort William.
J. A. Shannon, Sault Ste. Marie.
“ “ 4—W. B. T. Amy, Toronto.
E. C. Veitch, Toronto.
“ “ 5—J. A. Boyd, Stratford.
G. H. Campbell, Orangeville.
G. H. Holmes, Owen Sound.
“ “ 6—L. D. Hogan, Walkerville.
“ “ 7—G. P. Britton, Guelph.
W. S. McKay, Galt.
G. L. Prestien, Galt.
“ “ 8—W. D. Clark, Hamilton.
H. L. Field, Hamilton.
C. A. Nelson, St. Catharines.
F. L. Williamson, Hamilton.
A. R. Poag, Hamilton.
W. G. Thompson, Hamilton.
W. L. Whitelock, Hamilton.

The following retired by registered letter:

- District No. 1—I. W. Hamilton.
“ “ 5—G. H. Holmes.
“ “ 7—W. S. McKay.
“ “ 8—W. D. Clark.
H. L. Field.
F. L. Williamson
A. R. Poag
W. G. Thompson

Thus the representatives from Districts 1 and 6 were elected by acclamation and an election was necessary in Districts 2, 3, 4, 5, 7 and 8.

On the twenty-ninth of November ballots and necessary envelopes were sent to all the qualified electors in the Districts in which an election was necessary with instructions to the voters.

All the voting papers received were counted by the Scrutineers, H. J. Bolitho and A. N. Laidlaw in the Board Room of the College on Wednesday, December 9th, 1936. Drs. Amy, Veitch and Prestien were present.

Dr. J. A. Dietrich represented Dr. J. A. Boyd; Drs. W. D. Clark and T. H. Young represented Dr. Nelson; Dr. J. H. Atkins represented Dr. Britton; and Dr. C. R. Wray represented Dr. Whitelock.

The report of the Scrutineers submitted herewith shows the election of the following:—

District No. 2—	G. W. Gullett
" "	3—F. A. Blatchford
" "	4—E. C. Veitch
" "	5—G. H. Campbell
" "	7—G. L. Prestien

SCRUTINEERS' REPORT

To the Board of Directors of the
Royal College of Dental Surgeons.

Gentlemen:—

According to your request to act as Scrutineers at the biennial election of the Board of Directors of the Royal College of Dental Surgeons of Ontario, we attended at the Board Room of the College this ninth day of December 1936.

After we had made the required declaration of secrecy your Secretary handed to us 1083 sealed envelopes marked "Ballot, Royal College of Dental Surgeons of Ontario" each with a validation slip attached and signed by a member of the College.

These envelopes contained 1060 ballots in the form prescribed by By-Law No. 10 of the College.

Of the 1063 Ballots received:—

- 88 were from District No. 2 of which 54 were marked for Dr. Gullett and 34 for Dr. Middleton, being a majority of 20 for Dr. Gullett.
- 87 were from District No. 3, of which 58 were marked for Dr. Blatchford and 29 for Dr. Shannon, being a majority of 29 for Dr. Blatchford.
- 441 were from District No. 4, of which 127 were marked for Dr. Amy and 312 for Dr. Veitch, being a majority of 185 for Dr. Veitch. Two ballots were rejected, one being blank and one marked for both candidates.
- 96 were from District No. 5, of which 26 were marked for Dr. Boyd and 70 for Dr. Campbell, being a majority of 44 for Dr. Campbell.
- 121 were from District No. 7, of which 48 were marked for Dr. Britton and 73 for Dr. Prestien, being a majority of 25 for Dr. Prestien.

230 were from District No. 8, of which 161 were marked for Dr. Nelson and 68 for Dr. Whitelock, being a majority of 93 for Dr. Nelson. One ballot being rejected being illegible.

Your Secretary also handed to us 22 envelopes addressed to the Secretary of which 12 contained ballot envelopes but were received too late to be valid.

5 contained ballot envelopes but the validation slip was not signed.

2 contained ballot envelopes without the validation slip, but with evidence that the slip had been removed before the envelope was sealed, and was enclosed with the ballot.

1 contained a ballot without a ballot envelope or validation slip.

1 contained a ballot envelope with the validation slip turned in and sealed under the flap which could not be identified without without opening the envelope.

1 contained a ballot envelope with the validation slip torn off, and enclosed in the envelope.

Your Secretary also handed to us two envelopes addressed to him personally, one of which contained a ballot without a ballot envelope or validation slip and one contained a note to the Secretary stating the writer had mislaid the ballot but wished to vote for Dr. — also two ballot envelopes with validation slips signed by the same voter which could not be accepted as valid.

We hereby certify that the above statement regarding the envelopes handed to us by Dr. W. E. Willmott, Secretary of the R.C.D.S. of Ontario and the disposition of them is correct for six districts, Nos. 2, 3, 4, 5, 7, and 8.

May 25th, 1937.

Secretary, R.C.D.S.

ELECTION OF OFFICERS

The following officers were elected by ballot without nomination:

President	Dr. E. C. Veitch
Vice-President	Dr. W. H. Woodrow
Registrar	Dr. L. D. Hogan

The President expressed his appreciation of the honor conferred upon him by the members of the Board and assured them that he had a deep sense of the responsibility accompanying the acceptance of the office.

He cordially greeted the members who had been returned to office and extended a hearty welcome to the new members.

He also paid tribute to the retiring members for their long and faithful service on the Board for the betterment of the Profession of Dentistry in Ontario.

The President then took the chair and proceeded with the business of the session.

APPOINTMENT OF SECRETARY-TREASURER

Dr. W. E. Willmott was appointed Secretary-Treasurer for one year at the same salary.

COMMITTEES AND REPRESENTATIVES

(See page 2)

PAST PRESIDENT'S ADDRESS

Dr. Holmes' address as Past President was read and on motion was received and entered on the minutes.

To the Board of Directors of the

Royal College of Dental Surgeons of Ontario.

Gentlemen:

May I express to the members of this Board the great pleasure which has been mine to associate with those who have been members of the Board of Directors the last ten years. I wish to thank them and you for all the kindnesses and courtesies they have extended to me.

The efficient way in which members of the Board and its several committees have functioned have made the work particularly light and pleasant to dispatch. I would like at this time to impress upon you the necessity of a campaign to re-educate the public to the advantage of dental care. The depression has caused many patients, for economic reasons, to neglect this very essential health service. Now there seems to be an improvement in business and more money is being spent, it is essential that the need for dentistry should be presented to the public in a forceful way. This board should lead in any project.

The finances of the Board are in a healthy condition. The resources are all invested in Dominion of Canada bonds and the bonds of its several Provinces. Safety of principal rather than a high interest yield has been the policy pursued in our investments.

I wish to express my admiration for the members of the profession of dentistry in this province. Many of them have endured and are still enduring a very serious reduction of income but have maintained their professional standards and carried on cheerfully. Let us hope that a brighter day is ahead of them.

The Secretary has at all times discharged his duties efficiently and cheerfully, and has given me his loyal support.

Respectfully submitted,

(Signed) G. H. HOLMES

Motion:—"That the members of this Board wish to record their appreciation to Drs. G. H. Holmes, A. D. A. Mason, H. Irvine and R. T. MacDonald for their long and faithful service on the Board."

Carried.

BALLOTS TO BE DESTROYED

The President and Secretary were instructed to destroy the ballots cast in the election of the Board in the fall of 1936. (This was done by putting them in the furnace in the Dental Building)

The business of the October meeting is included in the following items:

THE LATE DR. A. E. WEBSTER

Motion:

"That the Board of Directors of the Royal College of Dental Surgeons of Ontario, assembled in Annual Meeting, desires to express the deep loss sustained in the death of the Honourary Dean of the Faculty of Dentistry of the University of Toronto, The late Dr. Albert E. Webster on the fourth of November, nineteen hundred and thirty-six.

The entire Profession of Dentistry of the past several decades has grown to know Dr. Webster through his writings in journals and as a contributor to text books of Dentistry, however far from this section of the world they reside.

A great many of the Profession whose good fortune it was to study under his direction will retain a lasting impression of his sterling qualities both as a man and a teacher. Dean Webster's wealth of advice and his influence in the Profession will carry on long after personal associations have faded into the past.

Dentistry has lost a friend and a scholar and this Board wishes to record his passing by the following resolution:

Be it resolved, therefore

"That the Board of Directors of the Royal College of Dental Surgeons of Ontario expresses to the Faculty of Dentistry of the University of Toronto, to the Dental Profession as a whole and to Mrs. Webster and family, its most sincere sympathy in their separate losses in the demise of our former Dean and later Honorary Dean."

—Carried.

SECRETARY'S REPORT

The Secretary presented the report for the year as follows:

To the Board of Directors of the

Royal College of Dental Surgeons of Ontario.

Gentlemen:

Your Secretary herewith presents his report for the past year.

Published Report

A condensed report of the meetings of the Board in October 1935 and May/June 1936 was prepared and about 1900 copies mailed. For several years tenders were asked for printing the report but as one firm has kept the list of names set up, its tender was always the lowest one. They have printed this for some years.

Applications For License

Of the 51 members of the graduating class of 1937 of the Faculty of Dentistry of the University of Toronto, 42 have made application for a license to practice in Ontario. 4 who entered the second year paid the registration fee for one year and one who entered the fifth year has paid the fee for four years.

Changes in the Register

In April 1937 there were 3615 names on the register, 37 having been added during the previous year.

One Dominion Dental Council Certificate was registered.

26 have been transferred from the inactive to the active list: Fees paid—16; Resumed practice—8; From United States—1; From Manitoba—1.

74 have been transferred from the active to the inactive list; fees not paid—41; out of practice—6; died—26; left Province—1.

The advisability of printing three lists of Licentiates might be considered—an active list and an inactive list and those in arrears or, in the inactive list, designate those who are still active but whose fees are not paid.

Election of the Board

The Biennial Election of the Board was held last fall in accordance with the Dentistry Act.

As several signatures were very difficult to decipher, and one was impossible, a line for the voter's address might be added which would very greatly assist in determining whose the signature is.

Ontario Gazette

This has been received regularly during the year and each issue has been carefully read. No reference to anything affecting Dentistry has been noted.

Mail Matter

During the year 4534 articles have been received, with 7005 enclosures and 12,721 have been prepared and sent out with 22,890 enclosures, including 990 personal letters.

Filing Cabinet

As the three filing cabinets were crowded an additional cabinet was installed with the approval of the President.

By-Laws

The amendment to By-Law No. 11 as passed a year ago was printed on a small slip and one inserted in the printed copies of the Act and By-Laws on hand.

Signs, Announcements, Etc.

As the supply of notices containing information regarding signs, etc., is almost exhausted, your secretary would recommend that a new card be prepared containing all the regulations regarding signs, etc., and that the card be enclosed with the report to be sent out.

Appication for License

The present regulation provides that when a graduate of an American school makes application for examination, the reciprocal relations of the State in which he is licensed are considered.

If he is not licensed in any State should the reciprocal relations of the State in which the School is located from which he graduated be the standard.

May 25th, 1937

To the President,

Royal College of Dental Surgeons of Ontario.

Dear Sir:—

We have audited the books and vouchers of the Royal College of Dental Surgeons of Ontario for the year ending April 30th, 1937 and submit herewith certified Balance Sheet and Statements of Receipts and Disbursements for the General Accounts, Ex-Service Men's Loan Account and the Harry R. Abbott Memorial Library Fund.

With reference to the loans to ex-service men, the payments on principal and interest during the year under review amounted to \$947.43 and \$65.57 respectively, and one account for \$355.00 was written off under authority of the Board of Directors. The unpaid balances as of April 30th, 1937 amounted to \$20,706.29 and the surplus shown on the balance sheet is subject to the realization of these accounts, together with the loan to a student including accrued interest amounting to \$475.86. No accrued or unpaid interest on the loans to ex-service men has been considered in the accompanying balance sheet.

The outstanding licentiate fees at April 30th, 1937 amounted to \$529.00 which included \$119.00 for 1936, \$50.00 for 1935 and \$60.00 for prior years.

Respectfully submitted,

INVESTMENTS

Drs. Kennedy and Campbell were appointed a committee to report on what they considered a wise investment of from \$3,000.00 to \$5,000.00 of the Board's funds.

The Committee recommended Dominion of Canada, 3¼, 1949 bonds. The President and Dr. Kennedy were authorized to purchase from \$3,000.00 to \$5,000.00 of these.

AUDITORS

Thorne, Mulholland, Howson & McPherson were reappointed auditors.

EX-SERVICE MEN'S LOAN ACCOUNTS

Several communications were presented from the Chartered Trust & Executor Co. regarding Student Loans.

The whole question of the Student Loans was referred to the President, Dr. Kennedy and the Secretary with full power to take such action as they deem wise.

REPORT OF DISCIPLINE COMMITTEE

To the Board of Directors of the

Royal College of Dental Surgeons of Ontario.

Gentlemen:

Your Discipline Committee is happy to report a splendid co-operation on the part of the members of the Profession in the maintenance of Ethical Standards and Regulations throughout the year.

A few men appeared before the Committee or were otherwise contacted, in regard to announcements, cards, or signs and the matters in question were satisfactorily adjusted.

Unfortunately court actions had to be entered against some dentists for practising without a license after repeated efforts had failed to induce them to pay their fees. All such cases were settled out of Court but at considerable expense to the offenders. We regret the necessity of this procedure but, in fairness to those who pay promptly, delinquents cannot be excused.

Many requests for information and guidance have been received and cheerfully dealt with.

An announced course in the treatment of Pyorrhea, sponsored by a dental supply house, was graciously and promptly withdrawn when it was pointed out that the sanction of the Board could not be obtained.

A School of Mechanical Dentistry which advertised for students did not proceed when those interested learned that it was contrary to the Dentistry Act and that prosecution for infringement was sure to follow such violation.

A continued effort to prevent the illegal practice of dentistry resulted in the following convictions:

1. Alexander L. Grant—Owen Sound.

Grant was convicted by Magistrate E. C. Spereman in Owen Sound Police Court on July 25, 1936 and fined \$100.00 and costs. The fine was paid.

2. W. S. Comstive—Earnscliff Ave., Toronto.

Comstive entered a plea of guilty before Magistrate Keith in York County court on Sept. 2, 1936 and after evidence was submitted was convicted and fined \$100.00 and costs. The fine was paid.

3. James P. Van Zandt—47 Waverley Rd., Toronto.

Van Zandt pleaded guilty before Magistrate Cowan, in Toronto Police Court, on Jan. 8, 1937. He was convicted and fined \$100.00 and costs or ten days with thirty days in which to pay. The fine was paid.

4. Gil Macher—Valhalla Blvd., Toronto.

Macher appeared before Magistrate Keith in York County Court on Dec. 18th, 1936 charged with a fourth offense of illegal practice since the revision of the penalties. He was found guilty and fined \$500.00 and costs or three months imprisonment. An appeal was entered and Macher was released on bail. The case came before Judge O'Connor on Jan. 13th, 1937 when through counsel the appeal was abandoned. Costs of \$25.00 were added. The \$525.00 plus original costs was paid.

5. Edward Lee—Aileen Ave., Toronto.

Lee entered a plea of guilty before Magistrate Keith, acting temporarily in Toronto Police Court, on Jan. 15th, 1937 whereupon the case was adjourned that evidence might be submitted. He again appeared on Jan. 29th, before Magistrate Cowan, when he changed his plea to not guilty, but after the evidence against him was heard, he was convicted and fined \$100.00 or twenty days with two weeks to pay. The jail term was accepted.

6. Russell Perrin—Lindsay and Toronto.

Perrin appeared for a second time in Lindsay Police Court on February 19th, 1937 and before Magistrate E. A. Gee entered a plea of guilty. He was fined \$200.00 and costs or three months imprisonment. Half the fine plus costs was paid and time given on the balance.

It is a matter of satisfaction to your Committee that the work of the year was conducted without the necessity of any meetings of the Committee apart from the regular Board Sessions and at practically no cost to the Board.

Respectfully submitted,

(Signed) ERNEST C. VEITCH
Chairman of Committee

Motion:— "That where a member has been disciplined by the Board, the Secretary of the Local Association be notified of the action of the Board."—Carried.

IRREGULAR CARDS IN THE PRESS

The attention of the Board was called to several cards in different publications which were not in accordance with the regulations and the Secretary was instructed to write the transgressors drawing their attention to the offence.

SIGNS NOT CONFORMING TO REGULATIONS

Several instances where signs do not conform to the regulations of the Board were referred to the Discipline Committee for investigation.

CANADIAN DENTAL ASSOCIATION

At the October meeting Dr. Woodrow, representative from the Board to the Board of Delegates of the Canadian Dental Association presented a report on the activities of the Association since the 1934 meeting of which the following is a brief summary:

The reports of all the Committees were of encouraging nature, showing the interest which is being taken in the formation of a strong national body even when handicapped by a very limited revenue.

The outstanding achievement was the publishing of the Journal of the Canadian Dental Association with Dr. M. H. Garvin as Editor and Dr. S. A. Moore as business manager, both of whom have given liberally of their time and ability without any remuneration.

This is a situation which cannot continue much longer. The Association allocates 25c for each paid member, from the 50c it receives, to the Journal Committee. The American Dental Association allocates \$1.25 to their Journal from the \$4.00 it receives from each member.

The Financial statement of the C.D.A. for the period to November 1st, 1936 shows the exchequer to be practically depleted.

All of the Provinces with the exception of Alberta, which is in financial straits at present, and Ontario, agreed to pay at least One Dollar per year per registered member from the legal body. A resolution was moved by the C.D.A. representative that Ontario pay One Dollar per year from the legal body to the C.D.A. but due to the lack of a seconder was not voted on.

If current revenues are not sufficient to make this payment without raising the annual fee, the shortage could be met for a year or two from our reserve of which we have \$60,000.00 in bonds plus our equity in the School of Dentistry of \$50,000.00.

When the National organization has demonstrated the service it could render to the profession, there would then be but slight objection to the raising of the annual fee to support the C.D.A. in a proper manner. There are so many activities that the C.D.A. would be taking a greater part in, if funds were available.

W. H. WOODROW,

Rep. C.D.A.

Oct. 26th, 1936

Motion:— "That Woodrow, Prestien and Veitch be a Committee to inquire into the activities of the Canadian Dental Association and the Dominion Dental Council; the possibility of amalgamation of these two bodies and anything else relative to the situation and report at the May meeting of the Board." — Carried.

At the May meeting Dr. Woodrow presented the following report: Mr. Chairman and Members of the Board:

At our October meeting you appointed a committee of Dr. Veitch, Dr. Prestien and myself as chairman, to inquire into the possibilities of uniting the Canadian Dental Association and the Dominion Dental Council and any other matters relating to the C.D.A.. I must admit that as chairman of that committee I have been remiss in my duties. I think under the circumstances you will pardon me for not bringing in a more comprehensive report.

I made some investigations regarding the amalgamation of the C.D.A. and D.D.C. As British Columbia and Quebec are not members of the D.D.C. it would not be possible to have their representatives to the C.D.A. taking part in the discussion of D.D.C. questions or have a vote on the same. In fact it was brought to my attention that when Quebec came into the C.D.A. it was on the understanding that it was only representation in the voluntary body. The amalgamation of the two organizations is something to be kept in mind for a later date but their functions are as entirely different as are those of the Ontario Dental Association and Royal College of Dental Surgeons.

I wish to bring to your attention again that Ontario is the only province from which the dues in the C.D.A. are not entirely paid by the legal body. I maintain that we should pay these dues leaving to the O.D.A. the educational work among graduates.

The editing of the Journal of the C.D.A. has been the outstanding activity of this organization for the last eighteen months and I think you will agree with me that it is a very creditable magazine considering the difficulties it has been laboring under.

Dr. Garvin as editor and Dr. Moore as business manager have given of their time and energy as well as that of their office assistants without any remuneration. This condition can not continue and the C.D.A. must have more money to properly function and expand its activities. You may ask what do they wish to do?

1. Through the Public Dental Health Committee give greater publicity to Dentistry through the press, radio, public addresses and well prepared pamphlets.

We are now entering a period of prosperity and the attention of the public should be drawn to their dental needs.

2. A more exhaustive study of State Dentistry. This committee of which Dr. Lapp is chairman, presented a very complete report at the 1936 meeting in Montreal but these men should not be expected to go to Ottawa to interview the Ministers at their own expense.

With the funds at the disposal of the C.D.A. we have only been able to make a grant of \$25 for expense account of the different committees which is not nearly enough for some of them with which to do efficient work.

The question of sending membership cards in the C.D.A. was discussed. Those forming the O.D.A. receive a joint membership ticket but those paid for by the R.C.D.S. receive none. I suggested that the secretary of C.D.A. send membership cards to secretary of R.C.D.S. who can enclose one when sending receipt for fees to R.C.D.S.

There are many other matters relative to C.D.A. work which might be brought up for discussion but time will not permit. I do submit for your consideration the point of view that Ontario is too provincial. I have worked on the O.D.A. for many years and been a member of this Board for six years and know something of the dental politics of this province. The view point, in many cases, is that we

have practically everything we need, why worry over the other provinces. Gentlemen, we are going through a stage of economic adjustments and it is up to us the strongest numerally and financially to help the weaker sisters and that can be done best by whole hearted support of our National organization.

All of which is respectfully submitted.

W. H. WOODROW

The matter of a grant to the Canadian Dental Association was left over till the fall meeting and the Secretary was instructed to ask the Association for a detailed report of plans for enlarging the scope of the Association on a legal basis and for a financial statement.

LIBRARIAN'S REPORT

Your Librarian has the honour to submit the following report for the session 1936-37 for your attention.

Again we are able to report a very decided increase in the use of the Library for the year. There was a total of 3,977 books and bound journals borrowed for home use, while 5,204 were used in the reading room. This makes a total of 9,181 texts used during the session (this report includes only those figures available up to the end of April and there will be considerable circulation during the summer session). There were 655 unbound journals borrowed for home use and 131 books forwarded to out-of-town graduates, while 22 were used by out-of-town members of a study group. There are 195 texts which may be regarded as "permanent reference" books in use by various Departments and Faculty members. These have been out for lecture and class work. Aside from this latter group, however, there is a total circulation of 9,982 to the end of April. Last year's report showed a total of less than 4,000 and a comparison will readily show the very marked increase.

There is a constant endeavour to stimulate the students' interest in the Library. Another article was written in HYA YAKA, the student publication, this year. A bulletin board, on which up-to-date journal material lists, interesting news items and various other notices are posted, is proving very effective.

The Library hours have been changed in order to accommodate the students more readily. The Library is now open from 9.30 a.m. until 5.30 p.m. during the regular session. It has been possible to keep open during the noon hours throughout the session and this has been of great assistance, as the students have been able to use the reading room for thesis and examination study. In view of the very large increase in circulation, it seems reasonable to conclude that the extended hours are worthwhile.

Throughout the year, a great many texts have been added to the Library. Continuing the policy established last session, medical and various scientific reference books have been bought from the Harry R. Abbott Memorial Fund. The dental texts and those on subjects taken in the course have been procured from the University appropriation. The newer texts are in constant demand by students, Faculty members and outside practitioners.

Several donations of books and journals were received during the session. Acknowledgement has been made to the donors, including Dean Mason, Dr. Gordon McLean, Mr. Rous, Dr. C. E. Brooks, Dr. F. C. Husband, Dr. F. J. Ross, Dr. C. A. Snell, Dr. L. G. Smith, Dr. R. R. Butler, Dr. S. J. Lesco, Dr. Harold Clark, Dr. H. A. Thompson and Dr. G. H. Holmes. There has been a considerable number of books added to the collections of old and rare volumes.

Some very interesting museum specimens have been received from various sources. Acknowledgement has been made direct to the donors.

There were extensive changes made in the arrangement of the museum cases and a great many more exhibits are now on display. Tiered upright cases, with glass sides, are being used to conserve floor space which is needed for the reading room and to make it possible to increase the display. Theft insurance has been placed on the collection.

The Library exhibit at the Ontario Dental Association Convention was changed somewhat this year. Greater stress was laid on the "Travelling Library" service, although the individual "Graduate Service" was also emphasized. Very encouraging interest was shown by the graduates at both the table clinic and the display later in the exhibit hall. The publicity given to the Library at the Convention is showing good results in increased out-of-town circulation. We believe that there will be a very gratifying response from out-of-town Societies for the "Travelling Library" service during the coming year.

Considerable work was done early in the session in the Stock Room. However, there has been no assistance for several months and there is a good deal of work to be done there now. It is impossible for the Assistant Librarian to devote any time to this work, because of the increased demands in the Library itself. However, this part of the library is a great assistance to the work and an endeavour is being made to keep it up-to-date, otherwise, its efficiency is greatly reduced.

Many reprints have been received during the year from various sources. Dr. C. N. Johnson kindly placed a paragraph in the Journal of the American Dental Association regarding these and there was a gratifying response. These reprints are a valuable asset to the Library and will form the nucleus of the "Packet Library" which we hope to establish as soon as possible. There is considerable work required in the sorting, cataloguing and filing of these papers, but we hope to have the ones received during the session added to the previous collection during the summer.

The Assistant was able to study the Dental Libraries of Chicago shortly after the last Annual Meeting. Great benefit was derived from this trip, many valuable suggestions for the efficient management of a Dental Library being received.

This year a study of the Columbia Dental Library in New York and the Scientific Library of Cornell University was made. This was also a profitable trip. Aside from the suggestions received, we have a knowledge of the relative position of the Toronto Dental Library in comparison with some of the larger American ones. (A more detailed report of these studies is submitted separately.) Meeting the various Librarians personally has also been very beneficial. They were most helpful and, throughout the year, they have kindly assisted with various problems which have arisen in our work here.

The Library is now a member of the Medical Library Association, with which the Dental Libraries are affiliated, and we feel that there will be a great benefit derived from the Association. The Bulletin of the Association keeps us in touch with the latest trends in Library development on the whole, as well as among the various members. The Round Table Conferences are particularly interesting.

This report is respectfully submitted, with the recommendation that, for the ensuing year, the grant be \$250.00.

TORONTO ACADEMY OF DENTISTRY

Dr. G. V. Fisk and Dr. T. R. Marshall, representing the Public Dental Health Committee of the Academy met the Board and explained that the Committee desired to undertake a survey to ascertain:

- (1) The dental needs of the locality.
- (2) The reason why the public is not seeking more dental services.
- (3) Ways and means to make the public more Dental Health conscious.
- (4) Ways and means of placing Dental Health within the reach of all.
- (5) Such other information as will enable the Committee to be of service to the profession.

The assistance of the Board was requested in this undertaking.

Motion:— "That the request of the Academy of Dentistry for a grant of \$150.00 towards the expense of a survey be granted with the suggestion that a survey of three or four rural townships be included."—Carried.

Motion:— "That Veitch and Mason be the representatives of this Board to the Public Dental Health Committee of the Toronto Academy of Dentistry."—Carried.

REPORT OF THE COMMITTEE TO CO-OPERATE WITH THE TORONTO ACADEMY OF DENTISTRY IN A STATISTICAL SURVEY

To the Board of Directors of the

Royal College of Dental Surgeons of Ontario.

Gentlemen:

Your Committee in conjunction with equal representation from the Public Dental Health Committee of the Toronto Academy of Dentistry and the Public Dental Health Committee of the Ontario Dental Association gave much time to this project, which formed part of the year's program of activities of the Toronto Academy and which, at the suggestion of your Board, was somewhat enlarged to include a cross-section of rural communities.

We submit herewith a copy of the questionnaire which was used for 800 personal interrogations in Toronto and with some 2000 letters to people in rural communities; from which latter number about 25% were returned completed.

We also submit a copy of the complete statistical report which we suggest should be studied by members of the Board and carefully preserved.

Respectfully submitted,

REPORT OF COMMITTEE ON CLINICS

The Vice-President in the Chair.

Dr. Veitch presented the report of the Committee on Clinics:

To the Board of Directors of the
Royal College of Dental Surgeons of Ontario.
Gentlemen:

Your Committee has given considerable study to this problem during the year and is convinced that it will demand the continued consideration of the Board for some time to come.

Dental Departments in Hospitals have become recognized as necessary and desirable and are rendering a splendid service to humanity; but it is our opinion that the general plan and scope of the work carried on in such institution, should be supplied to the Board as a center of statistical information. We also recommend that the Board consult with these departments on the matter of the charges made to those receiving the services.

School Clinics seem to have more than justified their existence, and we suggest that the Board might well consider the question of "Under what control should they function?"

Special Clinics should be considered on their merits with all the facts before the Board. This would include all Industrial Clinics, a type which is receiving much thought and study at the present time. In any such project the proposed scheme should be presented to the Board and should not be proceeded with until sanction is given. The Board would do well to establish regulations governing the privileges and limitations of such services.

Recently we have been in conference with the Ontario Division of the Red Cross regarding their Dental activities. We were graciously received and were able to make the very satisfactory arrangement that a Dentist should be added to their Board who would have full charge of their Dental efforts and policy, the naming of a suitable appointee to be the duty of the Board of the R.C.D.S.

We are grateful to a Committee of the Toronto Academy of Dentistry for a report of their findings after the study of the problem of Industrial Clinics which we have pleasure in presenting herewith.

Respectfully submitted,

PUBLIC DENTAL HEALTH CAMPAIGN

Drs. H. S. Thompson and R. D. Thornton met the Board and reported for the Campaign of which the following is a summary:—

In 1935 and 1936 the Public Dental Health Campaign was carried on in the south-western portion of Ontario. On account of the approach of School Examinations in the Spring of 1936 the Campaign in five centres was unavoidably postponed until the Fall and was completed before undertaking the work in thirteen centres in south-eastern Ontario.

A complete mouth examination of all school children was made in these eighteen localities except three where there appeared to be a valid reason for not doing so.

This is one feature of the Campaign that is of outstanding educational value. It impresses on the parents of the children very strongly the need of corrective treatment.

Splendid cooperation of the Medical Officers of Health, School Nursing Staffs, the School Officers and the local Dentists was very gratifying and was responsible for the very successful campaign.

The publicity given to last year's effort greatly enhanced the success of this year's work. The Dentists on the Committees realize the possibilities and were anxious to achieve the same results in their locality.

The Departments of Health and Education of the Ontario Government gave increased support to our efforts this year because of experience gained in last year's programme. It was no longer an experiment. It had been definitely proven worth while in a very tangible manner as evidenced by letters received by the heads of these various departments from Medical Officers of Health and School Inspectors highly commending our efforts and emphasizing the definite results achieved in many communities in the extension of the interests in general health activities.

The Committee is very grateful for the hearty and cordial support received from the Ministers of Health and Education and from the Director of Dental Services.

Sufficient interest has been aroused in some centres to render more easily obtained by the local Health Workers some systematic form of service for those unable to finance their own dental needs.

The Committee intends to keep in touch with the centres visited, especially where there is no Dental Clinic in order to render any assistance possible.

Many School Inspectors have urged very strongly that some features of our programme be extended into the rural and small urban districts. This is a very admirable outgrowth of the Campaign which indicates that a desirable interest has been aroused in the minds of School Inspectors and School Principals.

A plan to carry out this scheme is under way. Arrangements have been made with the Minister of Education to enlist the assistance of the School Inspectors and Teachers in distributing charts and literature among the pupils which the Minister of Health has offered to supply for this purpose.

The Committee has communicated with the Dentists in or near the Inspectorates included in the proposed programme and about two hundred have expressed their willingness to make an inspection of the mouth of each child presenting a chart.

The objectives of the Campaign are:

1. To educate the public in the importance of mouth health. This objective has been definitely reached in the districts visited.
2. To extend the relations between the Departments of Health and Education and the Profession of Dentistry. This objective has also been definitely obtained.
3. To arouse in the minds of the Dentists an interest in Public Dental Health and a closer relation between them and the Health and Welfare Workers of their community. This has been accomplished to a certain extent but the work has been hampered in many communities by the misunderstanding that Dentistry should be kept in the background. This impression is being corrected as rapidly as possible.

The Committee in charge wishes to place on record its sincere appreciation of the cooperation in this important Campaign to the Board of Directors of the Royal College of Dental Surgeons, the Public Dental Health Committee of the Ontario Dental Association and the Canadian Dental Hygiene Council.

The President thanked the representatives for their activity in the campaign.

Motion:— "That if the Public Dental Health Campaign be continued this Board will participate to the extent of \$800.00."—Carried.

REPORT OF THE PUBLICITY COMMITTEE

To the Board of Directors of the

Royal College of Dental Surgeons of Ontario.

Gentlemen:

Your Publicity Committee reports that regular reports of the activities of the Discipline Committee have been made available to the journals. More detailed reports have been published in the Journal of the Ontario Dental Association and as requested more general articles in the National Journals, Oral Health and the Journal of the Canadian Dental Association. Dr. E. C. Veitch, chairman of the Discipline Committee has kindly prepared these reports.

The Committee prepared and published in the Journal of the Ontario Dental Association an article on the ownership of X-ray negatives.

Dr. R. D. Thornton, during the year, has made progress reports in the Journals with regard to the Dental Health Educational Campaign. The Board has a financial interest in this campaign and is interested in the education of the public to their dental needs.

The service of the time of the officials, members of the Board and the contribution of the Board to the cost of the movement have been noted.

Your Publicity Committee would be pleased to consider suggestions from members of the Board as to subject matter for future articles.

Respectfully submitted,

DOMINION DENTAL COUNCIL

As there has been no meeting of the Council during the past year no report was presented.

APPLICATIONS FOR EXAMINATION FOR LICENSE

- M. L. Yampolsky, Alberta—Not granted as he did not have a certificate of good standing in the Province from which he came as required by the regulations.
- Nathan Lande, Quebec—Not granted, as Quebec will not recognize the Ontario Matriculation, Ontario cannot accept Quebec Matriculation.
- C. O. Crowe, Michigan—Credentials not complete and referred to the Secretary and Dean Mason.
- J. A. Sullivan, Ontario—To attend one session at Faculty of Dentistry of University of Toronto and successfully pass the examinations of the fifth year.

COMMUNICATIONS

Dr. G. A. C. Gunton, Toronto—Asking to have his license restored. Dr. Gunton met the Board in support of his request for reinstatement.

The Board reinstated him in good standing and restored his license as of date June 1st, 1937.

Dr. R. G. McMillan, Windsor—Stressing the importance and necessity of continued education of the Public to the importance of dental treatment as a health service.

This was referred to the Publicity Committee.

Ottawa Dental Society—Enclosing copy of a resolution passed by the Society January 18th, 1937 asking that an additional dollar be collected with the annual licentiate fee to be given to the Ontario Benevolent Fund. Request can not be granted as the Dentistry Act does not give the Board the power to comply.

Correspondence between the Workmen's Compensation Board and Secretary R.C.D.S. and Dr. — was reviewed. In December 1933 Dr. — presented a statement of his fee to the Compensation Board in connection with an accident to a local resident. The Board authorized the work to be completed and on receiving a declaration from Dr. — as to what had been done a check was sent him for his fee, in January 1934. It subsequently was ascertained that services rendered were not in accordance with the declaration. The Board has written Dr. — five times without receiving any reply, then communicated with the Secretary of the R.C.D.S.

Motion:—

(a) "That the Secretary be instructed to write Dr. — drawing his attention to the fact that his itemized statement to the Workmen's Compensation Board was obviously at fault and being so he had apparently left himself open to a serious legal action. In view of this he should have done his utmost to adjust the matter with the Compensation Board both in his own interests and in the interests of the Profession. Should he be found guilty of any criminal action in this matter the Board would necessarily have to take some disciplinary measure and would therefore advise him that to prevent this some adjustment be made with the Compensation Board immediately."—Carried.

(b) "That the Secretary also be instructed to write the Workmen's Compensation Board advising them that a member of the Discipline Committee would call upon Dr. — within the next few weeks seeking to have the matter adjusted."—Carried.

CONSULTATION WITH THE GOVERNMENT

Drs. Campbell, Kennedy, Nelson and Blatchford were appointed a Committee to prepare memoranda regarding current problems to be presented to the Government at the time of the fall meeting.

PHARMACY ACT

The Secretary was instructed to call the attention of the Licentiates to certain changes in the Pharmacy Act in which reference is made to Dentists.

COURSES OF INSTRUCTION

Two requests to conduct courses of instruction in certain branches of Dental practice were considered, one from a Dental Supply House and the other from a practitioner in the United States.

Motion:— "That this Board cannot approve the sponsoring of courses or demonstrations in Dental treatment except through the Faculty of Dentistry of the University of Toronto or recognized organized Dentistry."—Carried.

RESOLUTIONS OF APPLICATION

October meeting:—

"That the Secretary be instructed to convey to the Academy of Dentistry, Toronto, the hearty appreciation and thanks of the members of the Board for the cordial invitation to the opening dinner on October 26th 1936."

"That the Secretary be instructed to extend to the Executive Committee of the Faculty Council the hearty appreciation of the members of the Board for the opportunity of meeting Dr. C. N. Johnson and the members of the Executive Committee at luncheon on October 27th 1936."

At May Meeting:—

"That the members of the Board wish to express their hearty thanks to the Executive Committee of the Faculty Council for their invitation to lunch on May 26th 1937 and for the opportunity given to discuss matters of mutual interest."

**REPORT OF THE BOARD OF DIRECTORS
ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO
1937-38**

During the year the Board has held two meetings, October 27th and 28th, 1937, and May 30th to June 2nd, 1938.

All the elected members were present at both meetings.

The following is a condensed report of the business transacted, at the October meeting:—

DR. C. A. KENNEDY

At the October meeting a communication was received from the Faculty Council certifying to the election of Dr. A. D. A. Mason as representative to the Board from the Faculty, as successor to the late Dr. C. A. Kennedy. The president expressed the loss sustained by the passing of Dr. Kennedy, and welcomed Dr. Mason as the representative.

Doctors Woodrow and Prestien were appointed a Committee to prepare a resolution regarding the late Dr. Kennedy, and later presented the following report:—

"BE IT RESOLVED:

THAT the Board of Directors of the Royal College of Dental Surgeons of Ontario, assembled in Special Meeting, records the deep loss sustained in the death of Dr. C. Angus Kennedy, Associate Professor of Orthodontia, Faculty of Dentistry, University of Toronto, and Faculty Representative on the Board of the Royal College of Dental Surgeons, and expresses its sincere sympathy to the Faculty of Dentistry and to the Dental Profession as a whole in the loss of this friend and adviser.

After many years as a general practitioner, during which time he was especially interested in Orthodontia, Dr. Kennedy devoted his practice exclusively to this branch of Dentistry. Years of intensified application to this specialty made him one of the outstanding Orthodontists on this continent.

Graduates and undergraduates of the Faculty of Dentistry for a great number of years have found a true friend in Dr. Kennedy. His particular interest was in the Dentist who had found the road hard to traverse. As Chairman of the Benevolence Fund of the Ontario Dental Association, he was able to tide him over his trouble.

Dr. Kennedy was an efficient Librarian, and was able to obtain many books and museum specimens of special interest to the profession.

Deepest sympathy is extended to Mrs. Kennedy and their son, Charles, in the great loss they have suffered."

Appointments to Committees

The following were appointed to replace Dr. Kennedy on the various committees:—

Examiners and Examinations	Mason
Reciprocity with other Licensing Bodies	Veitch
Students' Loans	Mason

Extension Lecture Service	Mason
Government Committee	Mason
Investment Committee	Campbell

CANADIAN DENTAL ASSOCIATION

Correspondence regarding the Canadian Dental Association from Doctors Pallen, Bagnall and Garvin was reviewed.

Dr. S. A. Moore, Business Manager of the Journal of the Canadian Dental Association met the Board and a further discussion of the relation of the Board to the Association was held. After a lengthy consideration on the whole subject the following motions were adopted:

"That this Board assume the responsibility for payment of a membership fee of \$1.00 per member in the Canadian Dental Association for 1938 for all members in good standing in the Dental Profession in Ontario and that the Canadian Dental Association be assured of full support in conjunction with the other provinces in the building of a strong national organization of a permanent character."

"That the Board of the R.C.D.S., having assumed for the year 1938 the entire support for Ontario, the Canadian Dental Association activities, would suggest to the Board of the Ontario Dental Association that this action would leave their Association free to carry on a greater share of the program of Public Dental Health Education, and that the Secretary be instructed to so inform the Ontario Society."

"That if the Ontario Dental Association discontinues its grant to the Canadian Dental Association, Dr. S. A. Moore, of London, be appointed by this Board on the Board of the Canadian Dental Association as the second representative from Ontario."

HAMILTON DENTAL SOCIETY

A delegation from the Hamilton Dental Society, consisting of Doctors C. G. Stewart, President; D. S. Coons, Past-President; and J. A. Cummer, Vice-President, met the Board and discussed the question of illegal practitioners in Hamilton.

It was decided that the delegation should make arrangements for an investigation and for the obtaining of necessary evidence, which was to be handed to the District representative through whom action would be taken.

DOMINION DENTAL COUNCIL

Suggested changes in the constitution of the Dominion Dental Council were considered at length and recommendations were made.

A long discussion took place on the possibility of amalgamating the Dominion Dental Council with the Canadian Dental Association.

CLINICS

Doctors A. E. Higgins and G. T. Mitton, representing the Toronto Academy of Dentistry, presented a plan for Industrial Diagnostic Clinics as accepted by the Academy.

Motions:—

"That the plan submitted by the Public Dental Health Committee of the Toronto Academy of Dentistry for an Industrial Diagnostic Service be approved."

"That the President be appointed as representative of this Board on the proposed Board of Administration of the Service."

Dr. G. A. Morgan, also representing the Academy of Dentistry, presented a proposed plan for a Dental Clinic at the Hospital for Sick Children.

Motion:—

"That the plan for Dental Services at the Sick Children's Hospital, submitted by the Academy of Dentistry, be approved by this Board but we request that at all times the interests of the private practitioner be safeguarded and that Dr. A. D. A. Mason be appointed as representative of this Board on the Committee in charge of this service."

PUBLIC DENTAL EDUCATION

Dr. T. L. Marsh presented the report of the Public Dental Health Committee of the Academy of Dentistry regarding Public Health Education and the use of the radio.

Motion:—

"That the report of the Dental Health Committee of the Toronto Academy of Dentistry, as presented by Dr. Marsh be received and filed."

UNETHICAL PUBLICITY

A Toronto Dentist met the Board regarding an article in the "East York Weekly" of July 8th, 1937.

Motion:—

"That the explanation of this dentist re the items in the press be accepted and that the Secretary be instructed to write, asking him to use every precaution to prevent any matter of a professional nature being included in press reference."

The notices and display cards of a dentist in Northern Ontario local papers of May and June were considered.

Motion:—

"That the matter of the notices and cards appearing in a Northern Ontario local paper be referred to the Discipline Committee for investigation and such action as deemed necessary."

As the dentist claimed that the objectionable matter appeared in the paper absolutely without his suggestion or knowledge, the Committee took no further action.

KINGSTON PENITENTIARY

Correspondence with Dr. R. P. Millan of Kingston regarding inmates of the Kingston Penitentiary performing dental operations for patients was reviewed.

The Secretary was instructed to write Dr. Millan that the work by inmates of the Penitentiary must be restricted to mechanical work only and that if they work on a patient, they are violating The Dentistry Act, and asking him to give assurance that no such procedure will be permitted.

(See also May meeting).

CHICAGO DENTAL HOUSE

The attention of the Board was drawn to the fact that the Chicago Dental House was using the express since the Canadian mails were closed to them.

The Secretary was instructed to write the Department of Customs regarding having the express closed as well as the mails.

(See also May Meeting).

WORKMEN'S COMPENSATION BOARD

A letter was presented regarding the Compensation Board not allowing for repairing denture broken in accident.

Motion:—

"That a special committee to be named by the chairman of the legislation committee be appointed to confer with the Workmen's Compensation Board asking: (a) An appointment be made of a Dental Adviser to the Board: (b) That artificial dentures or removable dental restorations, if broken, lost or destroyed as the result of any accident coming within the jurisdiction of the Workmen's Compensation Board, be regarded as subject to restoration or repair."

Drs. Veitch, Mason, Campbell and Willmott were appointed as the Committee.

HONORARY RENEWAL OF LICENSE

Motion:—

"That this Board continue the policy of remitting the annual fee of those dentists fifty years or more in active practise in the Province of Ontario."

DR. J. A. NEELANDS

The Secretary reported that an oil portrait of the late Dr. Neelands of Lindsay, painted by Dr. W. G. L. Spaulding had been presented to the Harry R. Abbott Memorial Library by Miss Neelands.

Motion:—

"That the Secretary be instructed to convey to Miss Neelands the sincere thanks of the members of this Board for the presentation."

LIBRARIAN

A communication was received from the Faculty of Dentistry of the University of Toronto, stating that Dr. E. W. Paul had been appointed librarian in place of the late Dr. C. A. Kennedy.

Motion:—

"That Dr. E. W. Paul be appointed as librarian for the Harry R. Abbott Memorial Library."

DR. W. F. ADAMS

A letter was read from Dr. W. F. Adams, presenting to the Library a large, illustrated Bible which belonged to the late Dr. J. Frank Adams.

Motion:—

“That the Bible presented by Dr. Adams be accepted with the sincere thanks of the members of this Board.”

EXTRA-MURAL SERVICES

It was decided that the Extra-Mural Lecture Service would be available to the Dental Societies in Toronto, and that the Honorarium would be \$15.00 whether the lecturer be a part-time or a whole-time member of the Faculty.

BY-LAW NO. 67

To Amend By-Laws No. 10 and No. 11

By-Law No. 10—Section 10, after the words “signature of the voter” add “Office address in full”

By-Law No. 11—Strike out and substitute the following:—

Section I.—Graduate Dentists

Those who have graduated from an approved Dental College are required:—

(1) To have held before commencing their dental studies, qualifications equivalent to those required from Ontario students at that time.

(2) To be recommended by the Dean of the College from which they graduated and by the Secretary of the Licensing authorities of the State or Province in which they are licensed.

(3) To present credentials as follows:—

(a) If the dental course was commenced previous to September 1st, 1903, a graduation diploma granted upon the basis of a three-year dental course.

(d) If the dental course was commenced subsequent to September 1st, 1903 and previous to September 1st, 1921, a graduation diploma granted upon the basis of a four-year dental course.

(c) If the dental course was commenced subsequent to September 1st, 1921 and previous to September 1st, 1927, a graduation diploma granted upon the basis of a four-year dental course following a one-year course of approved pre-dental studies.

(d) If the dental course was commenced subsequent to September 1st, 1927, a graduation diploma granted on the basis of a four-year dental course following two years of approved pre-dental studies.

(These courses to have been taken in separate calendar years).

(4) To pass written examinations in the subjects as specified by the Board of Directors from time to time for the different periods as mentioned in Section (3).

(5) To satisfy the Examiners in Clinical Dentistry, including Diagnosis, Operative Dentistry, Prosthodontia, Periodontology and Dental Surgery.

These examinations, Oral and Practical, to be taken in the presence of the Examiner.

(6) To sign a covenant to practise ethically and to maintain the dignity and honor of the profession.

(7) To pay the required fee of \$100.00 and the necessary examination expenses.

These regulations will apply only to candidates coming from Countries, Provinces or States which permit Ontario candidates to sit for examination on a similar basis.

Section II.—Dominion Dental Council Certificates

(1) Holders of a certificate of qualification issued by the Dominion Dental Council of Canada, subject to Sub-Sections (2) (3) and (4) may be admitted without further examination, to membership in the Royal College of Dental Surgeons of Ontario upon payment of the registration fee of \$100.00.

(2) A Dominion Dental Council Certificate will not be accepted from any graduate who began the study of Dentistry subsequent to September 1st, 1921, and previous to September 1st, 1927, and did not take a four-year dental course following one year of approved pre-dental studies.

(3) A Dominion Dental Council Certificate will not be accepted from any graduate who began the study of Dentistry subsequent to September 1st, 1927, and did not take a six-year course. A six-year course is interpreted to mean six calendar years beyond Arts Matriculation based on High School graduation. These six years must be upon either the one-five plan or the two-four plan.

(4) An application for the registration of a Dominion Dental Council Certificate must be accompanied by a certificate from the Secretary of the Licensing Board of the Province in which the applicant is licensed, stating that he has been and is in good standing.

RESOLUTIONS OF APPRECIATION

"That the Secretary be instructed to extend to the Executive Committee of the Faculty Council the hearty appreciation of the members of the Board for the opportunity of meeting with them at luncheon on October 26th, 1937."

"That the Secretary be instructed to convey to the Academy of Dentistry, Toronto, the hearty appreciation and thanks of the members of the Board for the cordial invitation to the opening dinner on October 26th, 1937."

MAY MEETING

The following business was transacted at the May meeting.

MINUTES

The Minutes of the Annual Meeting held May 25th to 28th, 1937, and of a Special Meeting held October 26th and 27th, 1937, were read and adopted.

PRESIDENT'S REPORT

The Board of Directors
of the Royal College of Dental Surgeons.

Gentlemen:

The first year of our biennial term has passed and your President desires to express his most sincere appreciation to the members

of the Board for their loyalty and splendid co-operation throughout the year.

The early months were saddened by the passing of our Faculty Representative, Dr. C. A. Kennedy. Thereby the profession sustained a severe loss and words can but feebly express our regret.

The year has been characterized by faithful work of committees and co-operation with other bodies of Organized Dentistry in meeting the problems before us.

An effort to have more clearly defined the respective duties of the Royal College of Dental Surgeons and the Ontario Dental Association resulted in the advice of our solicitor that in major problems affecting the profession as a whole, a policy of co-operation would be wise.

Our most important decision to give greater support to the Canadian Dental Association in an effort to stimulate the building of a stronger national organization appears to have met with approval from members of the profession.

The financial position of the College has improved satisfactorily during the year and the funds appear to be safely invested. However it would seem wise to consider some changes for better balance and distribution.

Having given some thought to the future of Dentistry, may I venture to make the following suggestions:—

1. That the Board remain active in Public Dental Health Education.
2. That a greater effort be made to impress the graduating students with their relationship to the Royal College of Dental Surgeons.
3. That an attempt be made to ascertain the amount of dentists' time at present unused in Ontario and that an estimate be made of the need for dentists in the near future.
4. That thought be given to the possibility of establishing uniform standards of predental and dental education for all Provinces in Canada.
5. That consideration be given to the setting up of standards for dental specialists in Ontario and that the Faculty of Dentistry be consulted regarding the possibility of it supplying the necessary advanced education.

In closing may I express my appreciation of the cordial relations existing throughout the year with our esteemed Secretary.

May 30th, 1938

ERNEST C. VEITCH,
President.

On motion the President's Report was received and entered on the Minutes.

Consideration of the suggestions in the President's Report was laid over till the fall meeting for definite action; in the meantime the members of the Board were to make special inquiry in their districts relative to the third section.

SECRETARY'S REPORT

To the Board of Directors of the Royal College of
Dental Surgeons of Ontario:

Gentlemen:

Your Secretary herewith presents his report for the past year.

Published Report

A condensed report of the meetings of the Board in October 1936 and May/June 1937 was prepared and about 1900 copies mailed to the licentiates in practice in Ontario and to a few out of practice.

Applications For License

Of the thirty-four members of the graduating class of 1938 of the Faculty of Dentistry, twenty-nine have made application for a license to practice in Ontario. Five have been in attendance for four years and six for one year. (Five of whom are from Australia.) Dr. T. C. Whang of West China, who graduated here in 1927, has been studying this session towards the degree of B.Sc.(Dent.).

Some of these have paid the required registration fee, but others will not receive the L.D.S. certificate until their fee is paid.

Four applications from outside Canada will be presented for your consideration .

Two licentiates practicing in the United States and two in Saskatchewan have renewed their Ontario standing.

As the supply of application forms for examination has become exhausted, it will be necessary to have more ordered, and, if necessary, changes should be made at this meeting.

There are only 11 L.D.S. certificates on hand and there are 153 students in the four years in the Faculty. How many certificates should be ordered?

Dominion Dental Council

Three dentists practicing in Saskatchewan have registered their Dominion Dental Council certificates.

In all 26 D.D.C. certificates have been registered; of these 14 are practicing in Ontario and 4 have died.

Changes in the Register

In April 1937 there were 3,657 names on the register, 43 having been added during the previous year; 43 have been transferred from the inactive to the active list—fees paid, 30; resumed practice, 7; from Saskatchewan, 2; from United States, 4.

Fifty-nine have been transferred from the active to the inactive list; fees not paid, 42; died, 10; out of practice, 5; to the United States, 2.

Forty-two have changed their address from one community to another.

Mail Matter

During the year 2,831 articles have been received with 6,127 enclosures and 10,289 have been prepared and sent out (including 948 letters) with 18,943 enclosures.

Ontario Gazette

This has been received continuously during the year and each issue has been carefully read. No reference to anything affecting dentistry has been noted.

Election of the Board

As the biennial election for members of the Board will take place next fall, your Secretary should be given the necessary instructions, and scrutineers should be appointed.

First Meeting of the Board

In accordance with Section 4 (1) of The Dentistry Act this meeting should fix the date for the first meeting of the newly-elected Board.

Examinations and Fees

Several enquiries have been received as to the dates of the examinations and the fees required.

It has been the practice of the Board in the past to hold special examinations at any time, as required, the applicant paying the necessary expenses.

It is recommended that the regular Faculty examinations be the only examinations held and that where the applicant would be required to write two papers at the same hour, he be given his choice and a special paper be prepared in the other subject to be written at a time to be fixed by the Faculty office.

The examination fee in the past has depended upon the number of papers taken of the required Faculty examinations and the number of special papers required to be prepared.

It is recommended that a set fee of \$100 for the examinations be required, apart from the fee of \$100 now required for registration.

Subjects for Examination

In the list of subjects for examination for licenses (as published in the Requirements for License) the name of some papers does not correspond to the name now used by the Faculty in the examination time table. The list should be revised.

Refund of Examination Fee

The University pays to the Board \$10 each year for every student who pays the tuition fee. This amounts to the required license fee of \$50 by the time the student has completed his fifth year.

In case a student is required to repeat a year and pays his fees to the University the Board receives an additional fee of \$10.00. At the meeting of May 1928 a resolution was passed that this additional fee be refunded.

Three members of the present graduating class come under this category.

Where the student attends one, two, three or four years, and does not desire the L.D.S. the Board gets the \$10 for each year. I have a request for a refund from a student who has attended five years and does not desire the L.D.S.

The refunding of such fees is referred for your consideration.

Act and By-Laws

In the 1937 Revised Statutes of Ontario, Section 14 was deleted from The Dentistry Act and the number of the Chapter was changed from 198 to 227.

This will make it necessary to have our edition of the act re-printed.

If any changes in the By-Laws are deemed advisable, they should be made at this meeting and included in the new edition.

Fee Schedules

A number of requests have been received for copies of the fee schedules as suggested by the Board, and also the schedule of the Workmen's Compensation Board. The supply of both is nearly exhausted. Should more be printed, and should there be any changes in the R.C.D.S. Schedule?

Complaints Re Dental Fee and Dental Service

A number of complaints have been received in regard to fees charged by licentiates and also as to quality of service rendered. Some instruction should be given this office as to the procedure to follow.

New Cupboard

Some years ago the Board authorized a cupboard be constructed over the entrance stairway and opening from the south-west corner of the Board Room. This was not carried out at that time, but as there are a number of records in the office for which there is no safe storage, it is recommended that such a room be constructed—to be made fairly fire and burglar proof.

May 30th, 1938

W. E. WILLMOTT,

Secretary

The following motions were adopted:—

"That the number of L.D.S. certificates to be obtained be left with the Secretary."

"That Mr. H. J. Bolitho, Fee Clerk, University of Toronto, and Mr. A. T. Laidlaw, Assistant Registrar, University of Toronto, be appointed scrutineers for the election to be held in the fall of 1938."

"That the date of the meeting of the newly elected Board be arranged at the fall meeting."

"That this Board make no refund to students who do not apply for their L.D.S. certificates."

"That the Secretary be authorized to have printed 500 copies of the Workmen's Compensation Board schedule of fees."

Regarding complaints of patients, it was decided that where the complaint was about the quality of service rendered, excepting where fraud was claimed, the Board had no jurisdiction but if a complaint was made that the fee charged was exorbitant and the complainant would make a definite charge, it should be referred to the Discipline Committee.

"That the Secretary be instructed to obtain a new typewriter."

"That the Secretary be given permission to have the proposed vault constructed."

"That the Secretary's Report be adopted and entered on the Minutes."

"That Dr. W. E. Willmott be appointed as Secretary-Treasurer for the next year at the salary of \$3,500.00, and that adequate stenographic assistance be supplied to him."

TREASURER'S REPORT

To the Board of Directors of the
Royal College of Dental Surgeons of Ontario.

Gentlemen:

Your Treasurer herewith presents his report for the past year:

Licentiate Fees

Notice of the annual fee being due January 1st, 1938, was mailed to all licentiates in Ontario, so far as their addresses could be obtained, about the middle of December.

In January 860 second notices were sent, and in May 272 drafts were entered. To date, of these 168 were paid through the Bank; 69 to this office.

On May 30th there were 51 arrears for one year with a note for 2 years; 2 arrears for 2 years; 1 arrear for 3 years with a note for 2 years; 1 arrear for 4 years.

Upwards of 150 personal letters have been written to those in arrears; also many telephone calls. Your Treasurer should be instructed as to collection of these arrears.

One licentiate has been summonsed for practicing without a license, to appear in Court on June 7th.

[A number of fees were subsequently paid leaving the following on August 1st, 1938:

R. H. Aljoe, Toronto	R. G. McGregor, Sarnia
A. Gardiner, Sudbury.	C. C. Nicholson, Hamilton
W. H. Caverhill, Hamilton.	H. C. Peake, Toronto.

1888	J. A. Shannon	Sault Ste. Marie
1888	W. E. Willmott	Toronto
1888	R. T. Winn	Toronto

Extra-Mural and Extension Lecture Service

The appropriation for these services for the year was \$1,500.00, of which \$500.00 was sent to the University.

Extra-Mural and Extension Lectures or clinics were given in 35 sessions in 17 centres by 13 men, for which 2,175 notices were mailed from this office.

The total attendance was about eight hundred.

This includes four extension lectures, the lecturers being Dr. J. S. Lapp at Kingston; Dr. J. P. Coupland at Peterborough; Dr. J. A. Bothwell at Owen Sound and Chatham.

Expenses for the year are:—

University for Extra-Mural Honoraria	\$500.00
Extension Lecture Honoraria	125.00
Expenses of Speakers	401.85
Printing	72.90
Expenses from 1936-1937	4.75
Postage (included in postage charges) about	24.00
	\$1128.50

Ex-Service Men's Loan Account

As instructed at the last meeting of the Board, the Committee appointed on this matter handed all the outlawed accounts, as well as a few others to the Canadian Bureau of Credits at London. Some other accounts were retained in this office.

The amount on the books has been reduced to \$18,671.54, owing by 68 debtors.

According to instructions the special loan account in the savings bank was closed and the balance transferred to the R.C.D.S. savings account.

While the individual payments are still entered in the loan ledger, the funds are deposited to the credit of the College.

Harry R. Abbott Library

During the year \$529.26 has been received from the Estate of the late Dorinda E. Tully. \$400.00 was sent to the University for books for the Library. \$342.81 was expended from this office in books. (See Librarian's report and financial statement.)

Fines

\$1,525.00 has been received from fines. (See Discipline Committee's report.)

Bonds

According to instructions from the last meeting of the Board \$5,000 Dominion of Canada 3¼%, due June 1st, 1949, bonds were purchased at par.

Auditors

It will be necessary to appoint auditors for the ensuing year.

Auditors' Statements

Auditors' Statements submitted herewith:—

- (a) Balance Sheet showing Assets and Liabilities
- (b) Receipts and Disbursements of Board Account
- (c) Receipts and Disbursements, Ex-Service Men's Loan Account.
- (d) Harry R. Abbott Memorial Library Fund.

TREASURER'S REPORT

Motions:—

"That the Treasurer be instructed to write all those in arrears of fees, that if the fees are not paid by June 19th the penalty of \$5.00 will be added in accordance with Section 2 of By-Law No. 9, and court proceedings instituted for practising without a license and a summons once issued will not be withdrawn."

"That the same auditors be re-appointed."

"That the Treasurer's report be adopted and entered on the Minutes."

FINANCIAL STATEMENT

Year Ending April 30th, 1938

May 28th, 1938.

To the President,

Royal College of Dental Surgeons of Ontario.

Dear Sir:—

We have audited the books and vouchers of the Royal College of Dental Surgeons of Ontario for the year ending April 30th, 1938 and submit herewith certified Balance Sheet and Statements of Receipts and Disbursements for the General Accounts, Harry R. Abbott Memorial Library Fund and the Ex-Service Men's Loan Account, the latter being for the period from May 1st to June 5th, 1937, when the balance was transferred to the General Accounts.

With reference to the loans to ex-service men, the payments on principal and interest during the year under review amounted to \$1,404.75 and \$118.50 respectively, while the write-offs totalled \$630.00. The unpaid balances as of April 30th, 1938 amounted to \$18,671.54 and the surplus shown on the balance sheet is subject to the realization of these accounts, and the loan to a student, which with accrued interest, amounts to \$503.58. No accrued or unpaid interest on the loans to ex-service men has been considered in the accompanying balance sheet.

The outstanding licentiate fees at April 30th, 1938 amounted to \$322.00 which included \$19.00 for 1937, \$10.00 for 1936, and \$35.00 for prior years.

Respectfully submitted,

REPORT OF THE DISCIPLINE COMMITTEE

The chairman of the Committee presented the following report which on motion was adopted and entered on the Minutes.

The Board of Directors
of the Royal College of Dental Surgeons.

Gentlemen:

Your Discipline Committee is pleased to express its gratitude to the members of the profession throughout the Province for their splendid co-operation during the year in maintaining a professional conduct again little short of ideal.

Since the last annual meeting it has not been necessary to call the Committee together. No major complaints have been before us and minor irregularities have been adjusted with cheerful acquiescence. Requests for guidance and explanations of regulations have been dealt with as promptly as possible by the Chairman and Secretary.

Instructions regarding unpaid license fees have been carried out with discretion and tolerance and the results have been most satisfactory.

The problem of illegal practise of Dentistry has been given continuous attention. Many suspects have been investigated and those listed below have been before the courts each charged with "practising the profession of dentistry or performing a dental operation while not being a member of the College."

John Rosseau, 50 Kensington Ave., Hamilton, Ontario.

Rosseau appeared in the Hamilton Police Court before Magistrate Burbridge on October 12th, 1937. He pleaded guilty to the charge of a first offence and was fined \$100.00 and costs or thirty days.

Graydon Tyrrell, 15a Kingston Road, Toronto.

Tyrrell appearing before Magistrate Jones in Toronto Police Court on December 9th, 1937, pleaded not guilty to the charge but was convicted and fined \$100.00 and costs or thirty days.

Robert Reid, 38 Virginia Ave., Toronto.

Reid pleaded guilty before Magistrate Keith, in York County Court, on March 9th. After evidence had been heard he was convicted of a third offence and fined \$500.00 and costs or six months and given two months to pay. He had previously been convicted and fined while proprietor of the False Teeth Co., and, as Victor White, had served a term in Peterborough for a similar offence.

Graydon Tyrrell, 15a Kingston Rd., Toronto.

Tyrrell appeared before Magistrate Jones on March 23rd. He pleaded guilty to a second offence and was given a penalty of \$200.00 fine or two months in jail.

Gil. Macher, 32 Valhalla Blvd., Toronto.

Macher appeared before Magistrate Keith, in York County Court, on April 1st, on two charges. He pleaded not guilty, but after evidence

was taken, through his counsel, changed his plea to guilty of a third offence on condition that the one charge be withdrawn. He was fined \$500.00 costs or three months imprisonment, and given until May 5th to pay.

Angus Erskine, 2453 Yonge St., Toronto, Ont.

Erskine, appearing before Magistrate Brown, on April 1st, entered a plea of guilty to the charge of a first offence. He was fined \$100.00 or thirty days.

J. S. Moorby, 1465 Yonge St., Toronto.

Moorby appeared before Magistrate Brown, on April 4th, charged with a first offence. He pleaded not guilty, but was convicted and fined \$100.00 or thirty days.

Court actions have been taken against the following and are still awaiting hearings.

David Aitken, Toronto.

Has apparently disappeared and service has not yet been effected.

A. E. Vongunten, Hamilton.

Vongunten has been charged with a first offence and will appear early in June.

Considerable evidence is at present in our possession which will shortly be used in further prosecutions.

There are apparent indications at this time that continued vigilance in this work will reduce to a minimum this illegal practice which is a serious menace to both the profession and the public.

We are pleased to report that our achievements have been accomplished at no cost to the Board and we desire to express our appreciation of the assistance rendered by members of the profession in this most difficult task.

Respectfully submitted,

ERNEST C. VEITCH,

May 30th, 1938.

Chairman of the Committee.

The following cases were referred to the Discipline Committee with instructions to investigate:—

1. Dr. ———. Complaints regarding dentures that had been paid for and which the patients were unable to obtain.
2. A letter received from the Minister of Health stating that the Inspector of the College of Pharmacy had reported Dr. ——— as having purchased a large amount of codeine.
3. Regarding the alleged relationship between Dr. ——— and a dental mechanic.
4. The connection of Dr. ——— with an entry in the telephone book as dentist, of the name of a person who is not a member of the college.
5. Two other cases were referred provided that after some inquiry there appeared to be justification for the alleged charges. In both cases it was found that the complaints were not justified, and no action was taken.

EXAMINATIONS

Dean Mason presented the report of the Committee of the Faculty of Dentistry on the recent examinations of the fifth year.

"I.—The following, on motion, were granted the L.D.S.:—

Barnabé, Walter Lorne, Hull, Quebec;
Booth, James Gordon, Toronto, Ontario;

CANADIAN DENTAL ASSOCIATION

Dr. Woodrow presented a report of the Canadian Dental Association which, on motion, was adopted and entered on the Minutes.

Mr. Chairman and Members of the Board:

As one of your representatives in the House of Delegates of the Canadian Dental Association I have not a very extensive report to make of the activities of that body since our fall meeting.

I have some correspondence from Dr. S. A. Moore, business manager of the C.D.A. Journal, which you might wish to hear. This correspondence deals principally with the Journal circulation, the difficulties of selling advertising space at the present time and the profit accruing to the C.D.A. from the Journal. Much of this material has appeared in the Journal from time to time.

The work of many of the committees was touched upon and discussed with suggestions for some improvements.

A very comprehensive brief has been prepared by the committee on State Dentistry for presentation to the Rowell Commission and was well received by the Commission.

Another question which is to the fore at the present time is Dental Examination of applicants for Life Insurance. The Toronto Academy of Dentistry has been doing some work on this and has been requested to carry on and submit a report for our consideration at the next meeting of the C.D.A. House of Delegates.

The formation of a Canadian Army Dental Corps is receiving attention and information is being gathered as to the best means to adopt when the occasion arises for the formation.

The Constitution of the C.D.A. should be revised. Ontario and Quebec are entitled to two delegates but provision is only made for the payment of the expenses or part of the expenses of one delegate. As these provinces have the largest membership in the C.D.A. consequently they have the greatest financial supporters. The proper balance of representation must be maintained and provision made for the expense account of these representatives.

There are other activities of the C.D.A. which I think I could give you a more comprehensive report on at the October meeting.

All of which is respectfully submitted.
May 30th, 1938.

W. H. WOODROW,
Representative.

A letter was read from Dr. S. A. Moore resigning his position as one of the representatives from Ontario to the Canadian Dental Association.

Motions:—

"That Dr. Moore's resignation be accepted and that Dr. Woodrow be designated as the senior representative to the Canadian Dental Association from Ontario."

"That Dr. Prestien be appointed as the junior representative to the Canadian Dental Association from Ontario."

LIBRARIAN'S ANNUAL REPORT 1937-38

To the Board of Directors
of the Royal College of Dental Surgeons
Gentlemen:—

Your Librarian has the honour of submitting the following report for the session 1937-1938:

We have been able to maintain a total circulation for the year which is as satisfactory as that for the previous session. As this graduating class is considerably smaller than the previous one, we are gratified to note an increasing use of the Library by the junior years. There were 3,718 books borrowed for home use, while 5,329 were used in the reading room. These figures reveal a slight decrease in the outgoing books, but an increase in the reading room circulation. There was an increase in the number of books loaned to out-of-town graduates, as there were 195 texts sent to various parts of the Dominion, as well as Ontario, which includes the Travelling Library Service. There were 195 texts in "reference collections" in different departments of the school and no record of their individual circulation is kept, although we feel that they are used constantly for lectures, clinics and other class work. A total of 472 unbound periodicals were borrowed for home study during the year, but a much greater number were used in the reading room and are included in that total. These figures, which are up to May 15th, show a total circulation for the year of 10,240.

It was impossible, owing to the re-arranged timetables, to keep the Library open during the noon hours, except for two days a week, until after Christmas. This affected the reading room circulation for the first term. However, after work was commenced on the re-arrangement of the Stack Room, it was possible to have an assistant for the noon hour. It is hoped that satisfactory arrangements may be made for the next session, in order that the Library may continue to give efficient service.

A great many texts have been added to the collection during the year. In several instances, we have the only copy of a text available in a Toronto library, or else have had the first copy to appear in a city library. This refers more particularly to special reference texts—paediatrics, materia medica, chemistry and other scientific subjects. There has been approximately \$830.00 spent on the Harry R. Abbott Memorial Library during the year. Part of this was used to add some valuable old copies to our historical collection.

Donations have been received from many sources. Texts have been presented by Drs. W. G. Switzer, W. Y. Hayden, London, estates of

the late Dr. F. D. Price, Toronto, and Dr. G. S. Richardson, Ottawa, and from Mr. C. C. Rous. Dr. P. E. Clarkson made a presentation of rather unusual interest. He has given the Library a copy of a very old, leather-bound prayer book, reputed to have been used by Robin Hood. For generations, it has been in the possession of the family who owned Sherwood Forest, but through the interest and kindness of Dr. Clarkson, it has now been added to our collection of old books.

A problem has arisen with regard to some of the old bound journals which belong to the Harry R. Abbott Memorial Library. Some of these are extremely old and the bindings have begun to split and, in many cases, the backs have come apart. As these journals can never be replaced in most instances, it would be advisable to have them repaired by a competent book binder as soon as possible. The old bindings are treated twice a year with special preservatives, but it is impossible to do anything with those which have actually broken.

Journals have been sent in by Drs. Roy Bier, Winnipeg, G. V. Fisk, J. A. McDonagh, W. T. Holmes, F. L. Cole and J. W. Armstrong. Dr. Woodrow has given us a very interesting old pamphlet, dating about 1830, which discusses different phases of dental practice. The Ontario Dental Association, the Dental School of the University of Pittsburgh and the College of Physicians and Surgeons of San Francisco have also contributed to our journal files. It is interesting to note, before proceeding further that, since joining the Medical Library Association, we have been able to use the inter-library exchange service of the Association. By checking their circular periodical exchange lists, we have been able to fill in several vacancies in our files and, in some instances, assist other schools with their needs.

The Library has been informed by the family of the late Dr. A. E. Webster that the books belonging to his personal library are to be donated to the College. We hope to arrange these texts in some suitable manner, so that they will form something in the nature of a memorial collection. It may take some time to accomplish this, as the ordinary work of the library has become increasingly heavy, but it would be desirable to preserve the collection in some special way.

Besides donations to the Library, several have been made to the museum. In each case, these gifts have been acknowledged. The Toronto Academy of Dentistry used several of the museum exhibits in their display for the Dental Health Campaign, which was carried out in cooperation with the Health League of Canada. The display was in Eaton's window at Yonge and Albert streets for several days.

During the session, there has been a complete rearrangement of the Library Stack Room in new quarters. This work has all been carried on by the University and no expense has been borne by the Board. The Stack Room is now in the basement and the elevator gives direct access from the Library. By careful planning, it has been possible to make an even more satisfactory arrangement of the journals than in the former quarters. The records are being completed for the periodicals and we feel that the completed task will be a credit to the Library. Several visiting librarians have been very much interested in this work. In future, no more than two copies of an issue of any periodical will be kept in the Stack room and this will help to solve the continual problem of overcrowding.

Attention is again drawn to the desirability of the Packet Service. During the rearrangement of the stack room, extra copies of some of the larger journals were set aside for this purpose and it is hoped that it may be possible to establish this service for out-of-town prac-

tioners, particularly. Some assistance with the work would be necessary, as it is impossible for the assistant to do it alone.

Throughout the year, we have received assistance from different members of the Medical Library Association, with which the dental libraries are affiliated. The membership in the Association is becoming increasingly valuable, as there are a great many important discussions being carried on by the members. These have either been reported in the quarterly bulletin of the Association, or sent individually to the libraries by letter. In the latter instance, questionnaires have usually been sent.

One of the most important discussions has been concerning the proposed change in the Dental Periodical Index system. For some time, the Librarians have felt that a less complicated system should be used, as the one compiled by the late Dr. A. D. Black is too difficult for ordinary reference work. The American Association of Dental Schools also recommended a revision and, following the 1937 Dental Round Table (which meets as part of the Medical Library Association Convention), a committee has been considering the matter. The American Dental Association is cooperating with this committee and several questionnaires have been circulated. The reports will be considered at the next Convention in June. Some very decided improvements are anticipated, as a result of the committee's recommendations and those of the Librarians attending the meeting.

Another important project of the Association is an attempt to compile a Union List of all periodicals in the dental libraries belonging to it. There has been no central location for this information and it has been almost impossible for Dental Librarians to locate data concerning journals—particularly older, discontinued ones—or libraries where copies are available. The consideration of this problem, together with a progress report of the committee, will also be a very important item on the agenda of the Convention in June and it is hoped that a satisfactory solution will result.

A problem which requires serious consideration in our own Library is the revision of the present catalogue of the books in the library. The system which was begun when the library was small is not efficient for a large collection of books and, as the library is constantly growing, a change should be made as soon as convenient. No other library of this size is using a catalogue which is divided into subject and author sections, but has a dictionary style catalogue which is simple to use. At present, unless either the author, or subject of a book is known, it cannot be found by title in the catalogue. An experienced person may locate the information, but a catalogue should be so arranged that anyone wishing to consult it finds no difficulty. The change to a dictionary style would entail a great deal of work and extra assistance would be required. However, the result would be worth all the effort and expense.

The work in the Library has been so heavy this session that there is considerable to be done at the end of the year. It is hoped that this may be finished before the holidays begin, in order that we may be ready to give efficient service as soon as the new session begins. There has been no assistance with the library work this year, although there has been with the stack room, but it is impossible for one person to keep the library work up-to-date now, owing to the heavy increase in it.

An exhibit was again sent to the Ontario Dental Association Convention. The increasing circulation among out-of-town graduates makes

this a worthwhile enterprise. This year, considerable interest was shown not only in the Graduates' Service, but also in the Travelling Library and it is hoped that the latter will be more generally used by outside societies during the coming year. An attempt has been made by the Library to contact officers in all organized societies in order to stimulate interest in study groups, as well as private study among the members.

This report is respectfully submitted, with the recommendation that, for the ensuing year, the grant be \$250.00.

E. W. PAUL,
Librarian and Curator.

Motions:—

"That the Librarian's Report be adopted and entered on the Minutes, and the Assistant Librarian be authorized to attend the meeting of the American Medical Library Association with which the Dental Library is affiliated."

"That the Librarian be granted an honorarium of \$200.00."

CANADIAN DENTAL RESEARCH FOUNDATION

A communication was read from Dr. E. A. Grant, Secretary of the Canadian Dental Research Foundation, calling attention to the organization and work of the Foundation and quoting a section of the Constitution as follows:

"Two directors shall be chosen by the Dental Research Committee appointed by the Board of Directors of the Royal College of Dental Surgeons of Ontario or its successors, such directors to be the Chairman and one other member of said Committee."

Motion:—

"That the Communication from the Canadian Dental Research Foundation be received and placed on file and that in accordance with the Constitution of the Foundation, Dr. Nelson, chairman of the Research Committee of the Royal College of Dental Surgeons be one of the Directors from this Board and that the Committee be requested to name the other Director."

The Research Committee named Dr. Gullett as the second Director to the Foundation.

REPORT OF THE PUBLICITY COMMITTEE—NO. 1

To the Board of Directors
of the Royal College of Dental Surgeons.

Gentlemen:

Your committee on publicity begs leave to report that the Journal of the Ontario Dental Association has been supplied with reports of the activity of the Discipline Committee from time to time during the year. Similar notices have gone forth to the Journal of the C.D.A. Your Board secretary has prepared reports to the National Association of Dental Examiners of convicted dental mechanics as the latter has requested such information.

Progress reports of the activities in the several districts of the Dental Health Education Campaign have been prepared for the journal and results tabulated.

Your committee is pleased to report that some time of the Secretary of the Board has been given in assisting in the organization of meetings in several centres where the Dental Health Campaign has been held.

We would recommend that the name "publicity committee" be changed to the "information and publicity committee" and that the committee be retained as such.

Respectfully submitted,
May 30th, 1938. G. L. PRESTIEN, Chairman

REPORT OF THE PUBLICITY COMMITTEE—No. 2

The Board of Directors
of the Royal College of Dental Surgeons.

Gentlemen:

re **Dr. McMillan's letter**

Your publicity committee begs leave to report that after carefully considering the above letter that there is considerable merit in some suggestions therein put forth. The committee desires to recommend:

1. That suitable articles on public dental health may be authorized for use of Ontario newspapers.
2. That radio broadcasts be considered for education of the public along dental health lines.
3. That the C.D.A. be asked to consider an international relationship with the A.D.A. to promote dental health education.
4. That individual dentists in Ontario be asked to assume greater responsibilities in their communities to promote further educational movements along dental lines.

All of which is respectfully submitted.

May 30th, 1938. G. L. PRESTIEN, Chairman

Motion:—

"That this Board recommend that the Canadian Dental Association be asked to prepare and authorize suitable articles for publication in the weekly newspapers of Canada, thereby making use of this valuable agency to forward Public Dental Health Education among that part of our population where it is most needed."

REPORT OF CLINIC COMMITTEE

To the Board of Directors
Royal College of Dental Surgeons.

Gentlemen:—

Your Committee on Clinics, through its Chairman, co-operated with the Toronto Academy of Dentistry during the early part of the year in arriving at a plan for diagnostic service in Industry. This plan was completed and submitted to several companies which were interested but so far none of them has adopted it.

A questionnaire was sent to hospitals and other institutions which are or might be supplying dental service. The returns are not yet complete but there is considerable evidence that much is still to be accomplished in this field. Your Committee is of the opinion that further study should be given to these problems, particularly that of industrial service.

Respectfully, submitted,
May 30th, 1938 ERNEST C. VEITCH,
Chairman.

On motion the report was adopted and entered on the Minutes.

Two officers of the Employees' Mutual Benefit Society of an industrial firm met the Board to discuss dental services for their members.

A communication was read from a practitioner in an Ontario town concerning a clinic in an industrial institution in his town.

Motion:—

"That the Committee on Clinics confer with the Committee of the Ontario Dental Association and the Academy of Dentistry, Toronto, regarding a plan for industrial clinics, a definite plan to be submitted to the Board for action at the meeting in October."

"That the Secretary be instructed to notify all organized groups of the profession throughout the province that the Board is seriously considering the whole problem of industrial clinics, asking that any information or suggestions they may have on this subject be forwarded before October 15th."

DOMINION DENTAL COUNCIL

Dr. Prestien presented a report of the Dominion Dental Council, which, on motion was adopted and entered on the Minutes.

The Board of Directors

of the Royal College of Dental Surgeons.

Gentlemen:

Several contemplated changes have been submitted from Nova Scotia and Saskatchewan Boards for consideration. Nova Scotia recommends amending the D.D.C. constitution principally for clarification. Saskatchewan desires to have Canadian citizens who attend "acceptable" Dental schools outside of the Dominion of Canada, admitted to the D.D.C. examination. The acceptance of this contemplated change may mean the withdrawal of Ontario from the D.D.C. Saskatchewan also is desirous of eliminating the present class "A" and moving class "D" to the present class "A." This changes the present 22 papers to five or six papers combining all two final years subjects.

Dentists who obtained D.D.C. certificates dated after July 1, 1934, may on payment of \$500.00 register the same in British Columbia. A great deal of correspondence with the British Columbia Board resulted in changing the Act to this effect. Several changes in the printed forms of the D.D.C. are being suggested and will be taken up at the meeting next month.

Ontario has been interested in the case of eleven students from Manitoba who attended the Dental Faculty at Edmonton, repeating the final year. These students were graduates of an American school which operated on other than the 1-5 or 2-4 plan. We desire to maintain the present D.D.C. regulations in this regard.

The Dominion Dental Council is to meet in Vancouver on July 1st and 2nd next.

All of which is respectfully submitted.

PUBLIC DENTAL HEALTH EDUCATION CAMPAIGN

Dr. H. S. Thomson, Field Secretary, Canadian Dental Hygiene Council, presented a verbal report covering the activities of the Council in the Ontario Mouth Health Campaign for the latter months of 1937, embracing Orillia, Kitchener, Pembroke, Renfrew, Cobden, Smith's Falls and Perth.

In all 75 addresses were given and over 6,000 children received free mouth examinations which were given gratuitously by the dentists of the different communities.

A detailed report of these activities was submitted in the report of the Ontario Public Dental Health Committee.

Dr. Thomson reported a greatly increased active interest from the dentists during this year's effort. He stated that this interest had increased gradually since the beginning of our effort two years ago, due to the fact that an overflow of interest from one community to another was manifested. School inspectors, principals and teachers presented marked evidence of this increased interest, due in a large measure to the fact that the new course of study introduced by the Department of Education, becoming effective in September, 1937, placed Public Health as the first item to be considered in the education of the child. As a result of this the teachers are anxious to have from the profession of dentistry proper material for instruction.

Dr. Thomson also expressed his conviction that the course in Public Dental Health now given to students in Dentistry by the Faculties of the Universities should be extended, and many more hours in the school life of the student should be devoted to this subject in order that the young dentist may have a vision of what public health from the viewpoint of dentistry really means, and that his chief concern may be the health of the individual as well as the restoration of lost tooth structure.

Considerable discussion followed Dr. Thomson's report, and as a result some suggestions were left with the Board for their future action.

REPORT OF THE PUBLIC DENTAL HEALTH COMMITTEE

Dr. Gullett presented the following report, which on motion was adopted and entered on the Minutes.

The Board of Directors
of the Royal College of Dental Surgeons.

Gentlemen:

The work under the guidance of Dr. Harry Thompson has been continued during the past year. Results of this campaign have become apparent and your committee is able to report progress. One feature of the work which should appeal to every dentist is the fact that in many of the centres the initial effort is being followed up by a permanent maintenance plan. It is felt that not only the public is being benefited but the profession as individuals is being awakened to activity by this movement, which is a most agreeable condition. The co-operative effort between the Ontario Department of Health and the Department of Education now taking place through the offices of the Public School Inspectors to carry Public Dental Health Education into the rural schools is new and worthy of our close attention. This last phase of recent origin is notable for two reasons:—

1. Because the effort involves two government departments with the service being rendered through the Department of Education which is no doubt, the correct method.
2. Because Dental Health Education is being carried into the outermost rural areas where we must admit that it is most needed and where no effort has formerly been made.

Undoubtedly this board should lend its influence and aid to sustain this campaign. It is but started. Dr. Thompson informs us that three months of each year can be devoted to Ontario. We must lend assistance in every way possible to make the best use of his time. There exists one regrettable feature, in the fact that in these areas where

enthusiasm is aroused by the campaign and no permanent result in the form of a clinic or otherwise results, this awakened feeling gradually fades because we have no follow-up programme. The committee presents two frail suggestions:—

1. There is work here for the publicity committee of this Board.
2. This Board might advisedly follow the campaign with educational work on the subject to the dentists themselves in the area.

Respectfully submitted.

May 30th, 1938.

D. W. GULLETT,
Chairman Committee

NATIONAL ASSOCIATION OF DENTAL EXAMINERS

The President presented a report of the National Association of Dental Examiners, which on motion was adopted and entered on the Minutes.

The Board of Directors
of the Royal College of Dental Surgeons.

Gentlemen:

It is a matter of deep personal regret that it is necessary for me alone to submit a report on behalf of this committee owing to the regrettable passing of my esteemed fellow member, Dr. C. Angus Kennedy, while at Atlantic City following the meeting of the Association.

I submit herewith a copy of the proceedings of the 1937 annual meeting and also one of a special meeting held in Chicago in February of this year. Both are complete in detail and merit careful study.

Attention must be given to the raise in fees which increases our obligation for membership to \$100.00.

Respectfully submitted,

May 30th, 1938.

ERNEST C. VEITCH,
Representative

Motion:—

“That the Royal College of Dental Surgeons resign as a member of the National Association of Dental Examiners and the Secretary so notify the said Association.”

WORKMEN'S COMPENSATION BOARD

The committee appointed at the October meeting reported progress.

DIRECTOR OF DENTAL SERVICES

Dr. F. A. Kohli, Director of Dental Services, met the Board, and discussed a number of matters of mutual interest.

Motion:—

“That a letter be addressed to the Minister of Health commending him on the restoring of grants in aid of Dental Clinics in the primary schools and for making additional provision for establishing Dental Clinics in secondary schools and that the President and Secretary prepare this letter.

RED CROSS

Dr. R. D. Thornton, Dental Director on the Board of the Red Cross Society, met the Board and discussed the dental aspect of the work of the Society.

DR. C. A. KENNEDY MEMORIAL

Motion:—

"That the Royal College of Dental Surgeons assume fifty per cent. of the cost of a tablet to be erected to the memory of the late Dr. C. A. Kennedy, subject to the approval of the design by the President of the Board."

CARDS AND ADVERTISEMENTS

A voluminous correspondence with dentists in a northern town regarding alleged violations of the regulations of the Board in connection with signs and certain cards in the press was reviewed.

The Secretary was instructed to write these licentiates that the regulations must be observed. Practitioners in other border communities had complied and no differentiation could be made as between localities.

KINGSTON PENITENTIARY

(See October meeting).

The Secretary reported that Dr. R. P. Millan, the Dental Official in charge at Kingston Penitentiary had given assurance that no inmate would be permitted to do anything directly for a patient.

MAIL ORDER DENTISTRY

(See October meeting).

The Secretary reported that he had communicated with the Customs Department regarding having the express closed to this procedure, and the Department had replied that they had no authority to do so unless some fraud could be proven.

Another case of this procedure was reported to the Board from a southern state, and Dr. Woodrow was requested to present the subject to the coming meeting of the Canadian Dental Association for action by that body.

PRACTISING WITHOUT FEE BEING PAID

The Treasurer reported that he had visited a town in Eastern Ontario, and taken out a summons for a dentist whose fee was not paid, and who had been warned a number of times. As the defendant had paid all the expenses in connection with the case, the Treasurer was instructed to have the charge withdrawn, but in the future the charge will not be withdrawn after the summons is issued.

RESOLUTION OF APPRECIATION

"That the Secretary be instructed to convey to the Executive Committee of the Faculty Council the hearty thanks of the members of the Board for the invitation to lunch on May 31st."

**REPORT OF THE BOARD OF DIRECTORS
ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO
1938 - 1939**

During the year the Board met October 24th, 25th and 26th, 1938; the retiring Board held a special meeting May 30th, 1939 and the newly elected Board met May 30th, 31st, June 1st, 2nd, 3rd, 1939.

All the elected members were present at all the meetings.

Dr. J. A. Simpson, Minister of Education, and Mr. Kirby, Minister of Health were unfortunately unable to be present at any of the sessions.

The following is a condensed report of the business transacted during the year:—

At the first meeting of the newly elected Board the report of the Elections was presented and the Officers were elected and Committees and Representatives were appointed.

SECRETARY'S REPORT RE ELECTION

To the Board of Directors of the

Royal College of Dental Surgeons of Ontario.

Gentlemen:

In accordance with the provisions of the Dentistry Act and of the By-Laws of the College, an election of a Board of Directors for the Royal College of Dental Surgeons of Ontario was held in October to December, 1938.

On the eighteenth of October, nominations were called for by circular letter addressed to each member of the College in good standing resident in Ontario.

Valid nominations were received as follows:—

- | | |
|-----------------|--------------------------------|
| District No. 1— | W. H. Woodrow, Brockville |
| “ “ 2— | D. W. Gullett, Picton |
| “ “ 3— | F. A. Blatchford, Fort William |
| “ “ 4— | W. B. T. Amy |
| | H. G. Bean |
| | Harvey W. Reid |
| | E. C. Veitch |
| “ “ 5— | G. H. Campbell, Orangeville |
| “ “ 6— | A. G. Campbell, Sarnia |
| | L. D. Hogan, Walkerville |
| “ “ 7— | J. E. Amos, Brantford |
| | G. L. Prestien, Galt |
| “ “ 8— | H. L. Field, Hamilton |
| | C. A. Nelson, St. Catharines |

The following retired by registered letter:

- | | |
|-----------------|--------------|
| District No. 4— | H. G. Bean |
| | E. C. Veitch |
| District No. 8— | H. L. Field |

Thus the representatives from Districts 1, 2, 3, 5 and 8 were elected by acclamation, and an election was necessary in Districts 4, 6 and 7.

On the third of December ballots and necessary envelopes were sent to all the qualified electors in the Districts in which an election was necessary with instructions to the voters.

All the voting papers received were counted by the Scrutineers, H. J. Bolitho and A. T. Laidlaw in the Board Room of the College on Wednesday, December 14, 1938. Drs. Amos, Amy, Veitch and Reid were present.

The report of the Scrutineers submitted herewith shows the election of the following:

District No. 4—Harvey W. Reid

“ “ 6—L. D. Hogan

“ “ 7—J. E. Amos

By-Election in District No. 1

On account of the regrettable passing of Dr. W. H. Woodrow, representative from District No. 1, a By-Election was necessary. As the By-Laws do not provide for a By-Election, on consultation with the President the following dates were arranged.

All those in good standing on January 1st, 1939, were considered as qualified voters.

Nominations were called for on March 15th to be received by March 25th. Dr. S. W. Bradley of Ottawa received 19 valid and 21 invalid nominations and consequently was elected by acclamation.

Faculty Representative

A communication from the Faculty Council reports that Dean Mason was elected as Representative to the Board.

Members Elect

The members elected for the ensuing term are therefore:

District No. 1—S. W. Bradley, L.D.S., D.D.S., Ottawa

By acclamation

“ “ 2—D. W. Gullett, L.D.S., D.D.S., Picton

By acclamation

“ “ 3—F. A. Blatchford, L.D.S., D.D.S., Fort William

By acclamation

“ “ 4—Harvey W. Reid, L.D.S., D.D.S., Toronto

By election

“ “ 5—G. H. Campbell, L.D.S., D.D.S., Orangeville

By acclamation

“ “ 6—L. D. Hogan, L.D.S., D.D.S., Walkerville

By election

“ “ 7—J. E. Amos, L.D.S., D.D.S., Brantford

By election

“ “ 8—C. A. Nelson, L.D.S., D.D.S., St. Catharines

By acclamation

Faculty representative—

A. D. A. Mason, L.D.S., D.D.S., Toronto

The ballots as sealed by the Scrutineers are herewith presented.

(Signed) W. E. WILLMOTT,

Secretary, R.C.D.S.

May 29th, 1939.

Motion:—“That the Secretary's Report on the election be adopted and that the action of the President and the Secretary in arranging the By-Election be endorsed.”

SCRUTINEERS' REPORT

To the Board of Directors of the

Royal College of Dental Surgeons of Ontario.

Gentlemen:

According to your request to act as Scrutineers at the biennial election of the Board of Directors of the Royal College of Dental Surgeons of Ontario, we attended at the Board Room of the College this fourteenth day of December, 1938.

After we had made the required declaration of secrecy your Secretary handed to us 702 sealed envelopes marked "Ballot, Royal College of Dental Surgeons of Ontario" each with a validation slip attached and signed by a member of the College.

These envelopes contained 702 ballots in the form prescribed by By-Law No. 10 of the College.

Of the 702 ballots received:

- 467 were from District No. 4, of which 176 were marked for Dr. Amy and 290 for Dr. Reid, being a majority of 114 for Dr. Reid—one ballot not being marked.
- 116 were from District No. 6, of which 76 were marked for Dr. Hogan and 40 for Dr. Campbell, being a majority of 36 for Dr. Hogan.
- 119 were from District No. 7, of which 65 were marked for Dr. Amos and 54 for Dr. Prestien, being a majority of 11 for Dr. Amos.

Your Secretary also handed to us 21 envelopes addressed to the Secretary, of which:

- 7 contained ballot envelopes but were received too late to be valid.
- 2 contained the loose ballot not in the blue envelope.
- 7 contained ballot envelopes but the validation slip was not signed.
- 1 contained a ballot envelope with the validation slip turned in and sealed under the flap which could not be identified without opening the envelope.
- 4 contained ballot envelopes from which the validation certificate had been removed.

We hereby certify that the above statement regarding the envelopes handed to us by Dr. W. E. Willmott, Secretary of the R.C.D.S. of Ontario and the disposition of them is correct for three districts, Nos. 4, 6 and 7.

(Signed) H. J. BOLITHO,
A. T. LAIDLAW,

Scrutineers.

December 14th, 1938.

FACULTY REPRESENTATIVE

The following communication certifies to the election of a representative from the Faculty of Dentistry of the University of Toronto: Dr. W. E. Willmott, Secretary,

Royal College of Dental Surgeons,
Toronto, Ontario.

Dear Dr. Willmott:

At the meeting of the Council of this Faculty, held on March 6th, Dean Mason was elected as the Faculty representative to the Board of Directors of the Royal College of Dental Surgeons of Ontario, for the two year period.

Yours very truly,
(Signed) COLIN C. ROUS,

Secretary

ELECTION OF OFFICERS

The following officers were elected by ballot without nomination:

President—Dr. L. D. Hogan, Walkerville
Vice-President—Dr. F. A. Blatchford, Fort William
Registrar—Dr. G. H. Campbell, Orangeville

The President took the chair and expressed his deep appreciation of the honour done him as well as of the many responsibilities he must assume. The pleasure, however, was deeply tinged with regret at the passing of our good friend and colleague Dr. Woodrow, who was senior member of the Board and would have been elected President at this time had he lived.

It has been the policy of Presidents in the past to allow full and free discussion on all subjects before asking for a vote. This policy would be continued but the members were asked to confine themselves strictly to the subject under discussion and, once a motion had been declared carried, to submit gracefully to the will of the majority.

A plea was made for the full co-operation of all the members, and the President promised his very best efforts to carry out his duties to the satisfaction of the Board and of the Profession as a whole.

APPOINTMENT OF SECRETARY-TREASURER

Dr. W. E. Willmott was re-appointed Secretary-Treasurer for the ensuing year.

BALLOTS TO BE DESTROYED

Dr. Campbell and the Secretary were instructed to destroy the ballots cast in the election of the Board in the fall of 1938.

(This was done by burning them in the hot water heater in the Dental Building.)

PAST PRESIDENT'S REPORT

The Board of Directors of the
Royal College of Dental Surgeons.

Gentlemen:

The two years during which I have been privileged to serve as president and a total of eight of Board membership have passed leaving a sense of mingled appreciation and regret; appreciation of the honour which has been mine and regret that the time has passed so quickly.

The loyalty and splendid co-operation which both the Board members and the Profession in general have shown will ever merit my most sincere gratitude. I can only hope that the service I have rendered has in a small way been worthy of such splendid support.

Words are entirely inadequate to express the deep personal sense of loss which I feel as the result of the recent passing of our esteemed Vice-President and beloved co-worker Dr. W. H. Woodrow. His unselfish service on this Board and to Canadian Dentistry as a whole must long be remembered and those of us who were privileged to enjoy his friendship have suffered an irreparable loss.

Among others of our profession who passed beyond during the year were Dr. W. Cecil Trotter, a past-president of the Board, Dr. Walter Thompson, for many years an able member and Dr. Switzer of the Faculty of Dentistry. These men and the service which they have rendered will not soon pass from our memories.

The profession is to be congratulated on their choice of representatives on the Board for the ensuing biennial term. I am sure the future is in safe hands.

I would like to pay tribute to the faithful and efficient service rendered, during the past six years, by Dr. Prestien, who is not returning to the Board. His absence will be keenly felt on many occasions.

The year that has just closed has been one of progress. For the first time practically all arrears of fees were paid at the close of the calendar year. Arrangements were made with the Workmen's Compensation Board for the appointment, by us, of a Dental Advisor to their Board. Co-operating with the Ontario Dental Association and together acting on behalf of the Legislation Committee of the Canadian Dental Association we were successful in having Canadian mails closed to all known mail-order denture firms. We again took part in the Dental Health Educational program. And we made progress in complete revision of the By-Laws, study of industrial dentistry and the prosecution of illegal practitioners.

I respectfully suggest that further consideration be given to recommendations numbered four and five in my report of last year and also that every effort possible be put forth by this Board to discourage the illegal practise of Dentistry.

In closing may I express the hope that in the not too distant future Dentistry in this Province may have a home of its own capable of housing its library and the executive offices of all its larger Organized Bodies.

My warmest thanks is extended to the Secretary and to each of my co-workers for their able work throughout the year in the service of the Profession, and my very best wishes go to my successor and his associates.

(Signed) ERNEST C. VEITCH

May 30th, 1939

Past President

Motion:—"That the report be adopted and entered on the Minutes."

SECRETARY'S REPORT

To the Board of Directors of the

Royal College of Dental Surgeons of Ontario.

Gentlemen:

Your Secretary herewith presents his report for the past year.

Published Report

As soon as possible after the last Annual meeting a condensed report of the meetings of the Board held in October 1937 and May 1938 was prepared and about 1900 copies mailed to all licentiates in practice in Ontario and to a few not in practice.

Applications for License

Of the forty-nine members of the graduating class of 1939 of the Faculty of Dentistry of the University of Toronto, thirty-five have made application for a license to practice in Ontario. Ten have been in attendance four years and one for only one year.

There are three from Saskatchewan, two from the United States, one from Manitoba, one from Palestine. The latter and one other from outside Canada will be presented for your consideration.

Some of these have paid the required registration fee, but others will not receive the L.D.S. certificate until their fee is paid.

Dominion Dental Council

During the year one Dominion Dental Council certificate was registered. In all 27 practitioners have registered their D.D.C. certificates; of these 12 are practising in Ontario and five have died. One has moved from Ontario to Saskatchewan.

Election of Board

In the fall of 1938 the biennial election of the members of the Board was held; a detailed report of which will be presented.

Instructions should be given as to the disposition of the ballots which are herewith presented.

By-Election

Owing to the regrettable passing of Dr. W. H. Woodrow a By-Election was necessary in District No. 1.

As no provision is made in the By-Laws the President and Secretary decided on the following procedure:

Those in good standing on	Dec. 31
Notices for nomination	Mar. 15
Nominations to be received by	Mar. 25
Notice of retirement by	Apr. 5
Ballots sent out	Apr. 15
Election	Apr. 28

Act and By-Laws

At the last meeting of the Board the Secretary was instructed to have printed and distributed the Dentistry Act, R.S.O. 1937 and the By-Laws. As some question was subsequently raised regarding the qualifications for admission the President suggested the publication be deferred until after the May meeting.

Indentures

As the supply of blank indenture forms has become exhausted it will be necessary to have some printed. If any changes are necessary they should be made at this meeting and the Secretary instructed as to how many to order.

L.D.S. in United States

A letter was sent from an L.D.S. in Ontario to the Secretary of each State Board of Examiners inquiring what would be required of him in order to obtain a license to practice in that state. In only a very few instances was a direct reply given. A tabulation of the replies is herewith presented. From a few States no reply was received.

Addresses

Each State and each Province was written to requesting a list of the Dentists registered in that state.

In several instances a reply was received that no such list is prepared but from those available many corrections have been made in the addresses in our inactive list.

Dental Acts

A letter was sent to each State requesting a copy of the Dental Act. One did not respond and in one State no copy was available.

When our Act is revised several very valuable ideas may be obtained from these.

L.D.S. Certificates

As suggested at the annual meeting in 1938, 200 L.D.S. certificates were ordered from Alexander & Cable.

New Vault

The vault off the Board Room has been found very useful in which to place many books and records which are of value and which were not in any way protected from fire or theft.

Changes in Register

In April 1939 there were 3694 names in the register, 37 having been added during the previous year.

Transferred from active to inactive list: 96

Fees not paid	48
Out of practice	17
Died	21
To Manitoba	3
To Saskatchewan	2
To British Columbia	1
To United States	4

From inactive to active list: 57

Fees paid	49
Resumed practice	3
From United States	3
From New Zealand	1
From Saskatchewan	1

Changed from one Post Office to another: 29

Mail Matter

During the year 4002 articles have been received with 7575 enclosures and 15,690 have been prepared and sent out (including 1473 personal letters) with 29,455 enclosures.

Ontario Gazette

Again this has been continuously received during the year and each issue has been carefully read.

No reference to anything affecting Dentistry has been noted.

APPLICATIONS FOR EXAMINATIONS

Several applications for examination were received but as the certificates presented did not cover all the requirements of the Board they were refused.

TREASURER'S REPORT

1938 - 1939

To the Board of Directors of the

Royal College of Dental Surgeons of Ontario.

Gentlemen:

Your Treasurer herewith presents his report for the year ending April 30th, 1939.

Licentiate Fees

On December 16th about 1900 notices of the Annual Fee being due January 1st, 1939, were mailed to the licentiates practising in Ontario.

Following the instructions of the Board a second notice (861) was mailed on January 30th calling attention to those who had not paid by January 31st—

- I. That their license lapsed on that date and if practising they are violating the Dentistry Act [Sect. 19 (3)] and may not legally collect fees for their services.
- II. That in each case where the fee remains unpaid by March 1st, 1939, the penalty of \$5.00 will definitely be added as provided by Sect. 19 (3) of the Dentistry Act and By-law No. 9 (2) of the College.
- III. In all cases where the fee and the penalty has not been paid by March 31st, 1939, court proceedings will be instituted.

On February 21st a further notice was sent to those still in arrears (426), again calling attention to the penalty being enforced if fee not paid by March 1st.

On March 9th a further notice (115) was sent stating the penalty would now be required and where fee and penalty were not paid by April 1st court action would be taken.

Thirty-eight cases are in the Division Court.

All arrears but two to January 1st, 1939, have been paid. This is a record never before achieved and only after repeated requests entailing much correspondence.

On April 30th the following were in arrears of fees:—

H. H. Armstrong, Toronto	W. G. Manning, Hamilton
A. L. Baker, Stratford	H. L. Martin, Hamilton
C. O. Bond, Galt	L. M. Martin, Ottawa

Extra-Mural and Extension Lecture Service

The appropriation for these services for the year was \$1,500.00.

Extra-Mural and Extension Lectures or clinics were given in 43 sessions in 26 centres by 19 men for which about 2200 notices were mailed from this office.

The total attendance was about 800.

Included in the above is one Extension Lecture by Dr. G. A. Morgan at Chatham.

Expenses for the year were:—

University for Extra-Mural Honoraria	\$ 700.00
Extension Lecture Honoraria	35.00
Expenses of Speakers	664.98
Printing	71.66
Postage (included in postage charges) about	23.00
	\$1494.64

A refund of \$150 was received from the University as a balance from 1937-38.

Ex-Service Men's Loan Account

There has been paid on this account during the year \$1219.75 on principal and \$295.20 in interest.

Several of the outlawed accounts given to the Canadian Bureau of Credits have been revived and payments received.

The amount now on the books on principal is \$16,944.44 owing by 62 debtors, but several of these should be written off.

As several debtors have died or cannot be located, the accounts should be written off. I would recommend the Committee be again named to consider the whole question and given full power to act.

Harry R. Abbott Library

During the year \$508.67 has been received from the estate of the late Dorinda E. Tully. \$500 was handed to the University to purchase books for this Library. \$48.92 was expended through this office in the repair and purchase of books.

Auditors

It will be necessary to appoint auditors for the ensuing year.

Auditors' Statements

Auditors' Statements submitted herewith:—

- (a) Balance Sheet showing Assets and Liabilities
- (b) Receipts and Disbursements of Board Account
- (c) Harry R. Abbott Memorial Library Fund.

May 30, 1939

W. E. WILLMOTT,
Treasurer.

Motion:—"That the Treasurer's Report be adopted and entered on the Minutes."

Motion:—"That an honorarium of \$200.00 be given the Librarian for 1938-1939."

Motion:—"That the same Auditors be re-appointed."

COLLECTION OF FEES

The Treasurer was instructed to send fee notices as follows:
December 15th a first notice.
January 20th a second notice calling attention to —

- (a) Where the fee was not paid by February 1st a draft would be issued.
 - (b) Where the fee was not paid by March 1st the penalty (\$5.00) as prescribed by Sect. 19 (3) of the Dentistry Act (R.S.O. 1937) and By-Law No. 9, would be added and the fee not accepted unless the penalty was included.
 - (c) Where the fee and penalty were not paid by April 1st Court action would be taken.
- February 18th a third notice be sent by registered mail repeating (b) and (c) of the January notice.

WEBSTER-SECCOMBE MEMORIAL FUNDS

Motion:—"That the Board donate \$1,000 to the Webster and Seccombe Memorial Funds and recommend that the Committee in charge establish suitable Scholarships and Bursaries in the Faculty of Dentistry, University of Toronto."

FINANCIAL STATEMENT (Year ending April 30th, 1939)

May 30th, 1939.

To the President,
Royal College of Dental Surgeons of Ontario.

Dear Sir:—

We have audited the books and vouchers of the Royal College of Dental Surgeons of Ontario for the year ending April 30th, 1939, and submit herewith our report complete in the following statements and schedules:

Balance Sheet; Receipts and Disbursements, General;
Receipts and Disbursements, Harry R. Abbott Memorial
Library Fund; Government, Government Guaranteed and
Municipal Bonds.

With reference to the loans to ex-service men, the payments on principal and interest during the year under review amounted to \$1,213.25 and \$239.76 respectively, while there was one write-off amounting to \$513.85 due to the death of an ex-service man. The unpaid balances as of April 30th, 1939, amounted to \$16,944.44 and the surplus shown on the balance sheet is subject to the realization of these accounts and the loan to a student which, with accrued interest, amounts to \$465.61. No accrued or unpaid interest on the loans to ex-service men has been considered in the accompanying balance sheet.

The outstanding licentiate fees at April 30th, 1939, amounted to \$255.00 which included \$10.00 for 1938, \$5.00 for 1937, and \$5.00 for 1936.

Respectfully submitted,

RADIO

Motion: "That radio broadcasts be encouraged as a means of oral health education. That the name of the Dentist broadcasting may be announced provided that such broadcast is sponsored by a recognized Dental Society, and the material and speaker are approved by the Board of the Royal College of Dental Surgeons. A copy of the subject material must be filed with the Board."

"That the Public Dental Health Committee of this Board be authorized to collect suitable material for radio broadcast and prepare it for the use of the Profession."

REPORT OF COMMITTEE ON PUBLIC DENTAL HEALTH

To the Board of Directors of the

Royal College of Dental Surgeons of Ontario:—

At the last meeting of this Board we were instructed by resolution to secure copies of broadcasts suitable for the use of members of the profession in order that a supply might be available. After considerable correspondence we found that there were only, as far as we could ascertain, two sources, namely, The American Dental Association and The Detroit Dental Society.

We were able to obtain and with splendid co-operation all the material that had been used by The Detroit Dental Society. This was carefully read and the articles thought suitable were selected and sent to the office of the Secretary where copies were made. These are now here and are procurable to anyone who may desire them. They are exceedingly well prepared and are suitable for short presentations of Dental subjects to the laity in address form as well as broadcasts. In regard to the broadcasts of the O.D.A. we were informed that they had already supplied copies of the Toronto Academy of Dentistry and that it would be easier for us to obtain the matter from them. We wrote the Chairman of that committee of the Academy but were unable to secure any reply.

The above work aroused our interest in the whole question of Public Dental Health. Since sitting on this Board we have received considerable advice from various members of the profession defining lines of action we should take in order to educate the public. Some have even advised lavish expenditure raising the annual fee tremendously to do it. The emphasis, I think, has been placed upon the radio as a vehicle.

In our correspondence in each case we asked for an opinion regarding the apparent results of Dental Health education by radio. The reply was unanimous in that it was hard to estimate; little if any tangible results could be pointed out; and that the only way it could be made really efficient was by using professional artists of known reputation (largely entertainment — little education.) The writer attempted to watch the radio programmes for the various talks on health matters during the past winter to study just what was being attempted. We asked our friends and patients at random if they had listened to any of these well prepared talks. Perhaps it was because we were unfortunate but we never found anyone who had listened, in fact it was with great difficulty that we were able to restrain the members of our own family from switching the dial to another programme. The result of our winter's more or less haphazard investigation into the matter has left us very pessimistic upon the value of radio in Public Dental Health Education. Can we ever hope to compete in the professional artist field of highly paid propaganda? Should we ever try?

Our interest turned to the other fields of activity. What is really being done? We decided to make some attempt to find out. In order to have something definite we selected a **three month period** and made an attempt to collect all we could find during that period that was being actively used. Again we may have been fortunate in the period chosen but we were certainly surprised at the quantity we discovered.

The daily newspaper contains a syndicated article on health. We watched these, clipped the ones referring to Dental matters and to our surprise found that one-sixth of them were definitely on Dental subjects. To us this seemed a high percentage much higher than we anticipated. Upon inquiry we found that the public do read these articles. If you study them you will find that they are cleverly written for the public and judging the subject matter on Dentistry we would say that the advice is good. While the articles are written under a medical name we would venture to say after considerable perusal that the Dental matter is written by a Dentist. Do any of us think that the value would be increased if the column appeared under the name of a member of the Dental profession? In addition one editorial appeared in our daily paper devoted entirely to Dentistry.

During our period two magazines carried articles on Dentistry. The article by Dr. Harry S. Thompson in The Canadian Home Journal was really good. Life magazine carried several pages on the subject of Dentistry. Estimates of the cost if purchase of this space were made appeared in the C.D.A. Journal.

We attempted to collect the pamphlets and small brochures which were being actively distributed by the various organizations. Their number seemed without end and we quickly accumulated a great number most of which are very commendable. We found many books which we did not attempt to gather.

This we found an interesting task and personally educative on the subject. Our conclusion from a few month's study is that best results are to be obtained in the periodicals (newspapers and magazines), next in pamphlets, etc., and while we make no pretense to be an authority we believe that the radio is of less value than either of these under present development.

We found many interesting facts in conversation with publishers, advertisers, etc. We made a partial study of the methods of presentation used by the advertiser of Dental nostrums, where the reverse method of approach is used to that of the ethical Dental office, evidently with success.

An untouched field we believed was discovered. Taking the rural routes of one typical rural community we found that there were 724 homes. Into these homes there were delivered 164 city newspapers only, but approximately 1,150 of the local weeklies (2 newspapers). We must admit the back concessions need our education the most. A large percentage of these people read nothing else but these local papers but they know every word even to the smallest social note or advertisement. If we could secure co-operation with the Weekly Newspaper Association in some manner we would be working in an untouched field of activity.

All of which we present as at least a partial summary of the field of Public Dental Education as we have found it.

REPORT OF CANADIAN DENTAL HYGIENE COUNCIL MOUTH HEALTH CAMPAIGN

To the Board of Directors of the
Royal College of Dental Surgeons of Ontario

Gentlemen:—

This Report outlines the activities carried on since the last report was made to your Board.

During the past few months an intensive educational campaign has been carried on in the following centres: Stratford, Mitchell, St. Marys, Leamington, Kingsville, Aylmer, Owen Sound, Markdale, Wiarton, Port Colborne, Humberstone, Dunnville, Fort Erie, Ridgeway, Caledonia, Hagersville, Cayuga, Tillsonburg, Paris, Orangeville, Georgetown, North Bay and Sudbury.

In every centre visited during the past few months we have found increased interest, and very splendid co-operation from the dentists, both as individuals and dental societies. This interest has been increasing from year to year since we started this campaign three years ago. The indifference which was apparent at the beginning has been entirely dissipated due to many reasons, chiefly, I think, because the publicity given to our programs elsewhere has aroused a new conception of what dental public health means to dentistry. None of us has failed to realize, I am sure, what it means to the general public, but at the beginning the dentist was reluctant to take an active part, fearing that he might be misunderstood by his community. I believe this feeling has been entirely dissipated.

The co-operation given by the Departments of Health and Education this year has been excellent, in fact everything we desired. New literature has been provided; very splendid letters have been sent out by the Deputy Minister of Health to all of his Health Officers, and from the Minister of Education to his Inspectors. Once these letters are received from the Ministers by the Medical Officers of Health and by the Inspectors, our reception in their community is much more gracious, and actual assistance is given us to extend our program to the limit.

Tangible results apparent this year can best be expressed by the desire of many communities to establish dental school clinics. While statistics are not immediately available, I would say that out of twenty-three centres visited at least fifteen have taken some initiative towards the establishing of dental clinics, or at least are sufficiently interested to learn facts and figures relative to them. This interest is manifested largely among Service Clubs and Women's Organizations, and sometimes from Municipal Officials. I am sure that this particular feature calls for some follow-up work to be done by one of the provincial organizations of dentistry, the Board, the Ontario Dental Association, or whose ever task it is. It is not sufficient that we carry on an intensive campaign of health educational work and let the matter drop there, especially when communities are aroused to a point that they considered the expenditure of funds to provide what we have shown as necessary services. If one of the organizations could by correspondence, or preferably by personal contact, provide some means whereby this aroused interest can be guided up to a point where practicable results could be achieved, then only can the educational work which we have done bear real fruit.

Newspaper publicity throughout the Province has been most generously given. Clippings have been made and filed showing the various news items and special news articles published by these papers, and a review of these would convince all of us, I think, that if we were to

endeavour to purchase this publicity it would run into a large sum of money, and even to secure it through individuals by personal contact, through various editors, would entail a tremendous amount of effort. So let us appraise the real value of this material that has been published pretty generally throughout the Province during the past three years, and in dollar and cents values alone we would be astonished at the figures it would run into; and the dollar and cents value is a very poor way of estimating the real good accomplished.

I would like to mention that a few members of your Board have given very generous assistance in promoting these campaigns in their districts. They have travelled a good many miles to be present at organization meetings of dentists, have introduced the matter of public dental health in a very delightful way to the dentists, assisted in preparing programs, and in some instances they have been the only means whereby interest could be aroused among the Profession in particular localities. The Canadian Dental Hygiene Council is very grateful to these members for the assistance given during the past year.

Dr. Walter Willmott, your Secretary, has assisted in many centres, and the service he renders is always most acceptable to the members of the Profession and very effectively carried out. I wish to express the appreciation of the Canadian Dental Hygiene Council to the Board for this assistance, and our thanks to Dr. Willmott.

Dr. Edmund Guest, Chairman of the Public Dental Health Committee of the Ontario Dental Association, has very generously given of his time at the expense of his practice to accompany me to several districts, and when the pressure of program was too great for one to carry through, he has remained several days to assist in the lecture work and public addresses. Dr. Guest is a fluent public speaker, and his addresses added considerably to the standard of our program.

Dr. R. D. Thornton, Secretary of the Central Committee, has devoted a great deal of time to these programs, not only on trips of organization work but he has carried on from his office the full administrative duties of the entire campaign, which has meant that he has devoted a great deal of time to it, all of which, as you are aware, cuts into the income of a dentist. All I can say is "thank you" for doing so much to advance the cause of public dental health. Dr. Thornton also went with me in two centres where there was a program too heavy for one person to carry, and remained with me for some days assisting in giving addresses.

There are many more centres in Ontario; several were left over which were promised for this year's program but for various reasons could not be included. These and many other similar centres should be done next year. Smaller centres provide a very splendid medium in which to work, and I believe that the per capita good accomplished is greater than in the large cities, because our going there with a program is an event, something of a kind they have not had before, while in the larger cities such programs are not unusual. Therefore I would suggest that the smaller towns in Ontario be included in this program, and that this campaign be continued until every place of reasonable size has been visited. The newspaper publicity gained is alone of great value to the dentists, and the atmosphere prevailing during such a campaign elevates the standard of the Profession of Dentistry to a more desirable position.

The Canadian Dental Hygiene Council is convinced that this program in Ontario has been more than worth while from every standpoint. The Council has taken much pleasure out of this Ontario Mouth Health Campaign, pleasure because we believe that public dental health has been advanced in Ontario; pleasure through the association with the

government Departments of Health and Education and their officials, and with the various dental groups, including the Board of the Royal College of Dental Surgeons and the Ontario Dental Association.

REPORT OF THE RED CROSS DENTAL SERVICES

To the Board of Directors of the
Royal College of Dental Surgeons.

Gentlemen:—

During the past year the Canadian Red Cross Society has conducted its clinic for returned soldiers at the Red Cross Lodge, Christie Street Hospital, and sent its Travelling Clinic by motor coach from Mattawa westward along the northern shore.

In the former clinic, Dr. B. L. Washburn, assisted by a dental mechanic, completed the following work:

Full Dentures	742
Partial Dentures	63
Repairs	48
Rebases	4
Extractions	1316

This work reached its peak in November when 95 Full Dentures and 9 Partial Dentures were made. In addition to this, 7 dentures were repaired and 290 teeth were extracted. The number of extractions varied greatly from month to month, dropping as low as 24 during the month of September. The advisability of doing extractions in the Red Cross Clinic was discussed with the dental clinicians in charge of the various hospital services. In some cases the hospital clinicians felt that their clinics were much better equipped for surgical procedures than the Red Cross Clinic. The Red Cross, therefore, endeavoured to refer patients within reasonable distance of these hospitals to their clinics for their extractions.

About the end of May Dr. Parks took charge of the motor coach and operated it until November 17 when it was stored at Fort William for the winter months. His reports show the following results:

Patients examined	1202
Number of defects	4900
Patients treated	1080
Fillings inserted	2643
Deciduous teeth extracted	1406
Permanent teeth extracted	539
Adults receiving emergent treatment	23

Dr. Parks also gave a number of lectures on development and care of the teeth.

During the past winter the Federal Government decided to supply health services for returned soldiers. Since the Government clinic was established at Christie Street Hospital, the number of applications received by the Red Cross has steadily diminished. In April only 30 dentures were made. In view of this change the Red Cross has decided

to close its clinic at Christie Street and send Dr. Washburn out with the motor coach working from Fort William westward toward the Manitoba boundary. Following its usual policy the Red Cross has arranged this trip so that there will be the least possible amount of overlapping with the work being undertaken by the provincial government equipped railroad coach and with practising dentists.

A few cases have come to our attention where dentists felt that the Red Cross activities were not being conducted in a spirit of co-operation with the members of the profession. Each case has been carefully investigated, misunderstandings have been corrected, and harmonious relations have been established.

In conclusion may I say that I have enjoyed my connection with the Red Cross Society as a representative of the dental profession. In view, however, of certain contemplated changes in the near future which may make it difficult for me to continue in this capacity, I feel that I should tender my resignation to the Red Cross and request the Board of the Royal College of Dental Surgeons to recommend someone else for the position.

DOMINION DENTAL COUNCIL

At the October meeting Dr. Prestien presented the following report:

To the Board of Directors of

The Royal College of Dental Surgeons of Ontario.

Gentlemen:

The biennial meeting of the Dominion Dental Council was held in Vancouver on July first, second and third, 1938. All council members present.

Notices of motions were submitted by Drs. Brett and Oxner. Dr. Brett's motion to permit Canadian born graduates of higher classification American schools to write the D.D.C. examinations was defeated. Yes — Saskatchewan, New Brunswick and Prince Edward Island. No — Ontario, Alberta, Manitoba and Nova Scotia. Although this motion was defeated, I think the Council as a whole feels that a broader viewpoint may be beneficial to the Profession. The two objections to its approval were the loss of undergraduate students to Canadian College, and the inability to obtain the required certificate of qualification in the junior college years from American schools.

Dr. Oxner's motion on the whole was carried, resulting in a rearrangement of Constitution and By-laws. A copy for each representative of this Board has been sent to our Secretary.

Only one examination will be held annually for class A and D. The fee for Class A, \$75.00 and Class D, \$100.00. One set of examinations will be prepared for both classes. The examination will consist of six written papers, one to be written each day. Clinical examinations will be continued as previously. In case of a failure, candidate will be permitted to write a special supplement at a fee of \$15.00 per paper.

Should less than five candidates desire to write the examinations at one time, such examination may be held outside of applicant's own province.

An addition to the Constitution with regard to the admission of a Provincial Dental body to the Dominion Dental Council was made

directing the procedure. No previous constitution had provided for such entrance.

On July third the Dominion Dental Council met Drs. Pallen, Jones, and Lea, of the British Columbia Board, with regard to making application to the Dominion Dental Council for membership. The point which seems to prevent the British Columbia Board entering full membership is their desire to have some provision made for Canadian citizens, graduates of American schools, who are members of the American Association of Dental Schools, to write the Dominion Dental Council examinations. The rejection of the Robb resolution as presented by Dr. Brett's motion prevented this.

Allow me briefly to point out some facts in regard to British Columbia which illustrate why for reasons of self-preservation she is not really anxious to re-enter the Dominion Dental Council except under certain conditions.

(1) British Columbia is geographically isolated from the rest of Canada, which in regard to Dental Education means that while splendid American schools are practically at her door, her boys are compelled to travel a couple of thousand miles to attend a Canadian College of equal merit, which means time and money.

(2) At the present time British Columbia has more practising Dentists per capita, than any other Province except our own. The comparison includes 25,000 loggers and a like number of Indians, 27,000 Chinese and 22,000 Japanese with large numbers of East Indians and other foreigners in an entire population of 700,000 people. Their Board, therefore, is considering the economic aspect to prevent overcrowding.

(3) In four years, 1917-21, British Columbia registered 77 Dominion Dental Council certificates, a large number being older men seeking a mild climate and willing to work for very small fees.

Motion: "That the interim report on the Dominion Dental Council be received and entered on the Minutes."

At the May meeting Dr. Prestien presented the following report:
To the Board of Directors of the
Royal College of Dental Surgeons of Ontario

Gentlemen:—

As your representative to the Dominion Dental Council I have the following report to submit:

Prior to the biennial meeting of the Council in Vancouver several cases of advertising on doors and windows of offices regarding X-Rays, Nitrous Oxide Gas, etc., publishing photographs in the public press were dealt with by the executive committee. One application for examination for Class D was refused.

Because of the fact that representatives of several provinces desired to meet the British Columbia board personally it was deemed desirable that the Council convene in British Columbia last July. On July 3, 1938, the executive of the B. C. Board met with the Council representatives with President Croll in the chair. Dr. Croll outlined the advantages to B. C. to become a member of the D.D.C. and looked forward to the day that one examination would be held for all qualified to write to practice Dentistry in Canada. Dr. Jones, spokesman for B. C., said they were sympathetic toward the union but for several "selfish" reasons were opposed. Dr. Jones mentioned the Rocky Mountain barrier to the East, the fact that eighty-two per cent. of the dentists were American

college graduates, the close proximity of a good college nearby in the United States and that they were afraid of an added influx of older men with D.D.C. qualifications because of desirable climatic conditions for aged men and women. He said also that the capita relative dental proportions were greater in B. C. than in Ontario especially if one considered the numerous Indians, Chinese and Japanese. Considerable discussion followed after which Dr. Jones outlined three conditions under which B. C. would be willing to become an agreeing province:—

(1) That B. C. will accept D.D.C. certificates issued after June 30th, 1934, as stipulated in the B. C. Act.

(2) That the registration fee for D.D.C. holders be \$500.00.

(3) That provision be made for Canadian citizens who graduated from American schools, which were members of the American Association of Dental Schools, to write the D.D.C. examinations.

This last proviso as embodied in Dr. Brett's motion which if passed would have permitted graduates of American Schools to write the D.D.C. was lost 4 to 3. Thus, B. C. while accepting D.D.C. certificate holders of July 1st, 1934 or later are not represented on Council.

Commencing immediately after the July meeting in Vancouver only one examination is to be held yearly in June for all classes, Class A fees are \$75.00, Class C and D \$100.00. All students in colleges at the time of passing of change will be allowed to complete their courses without added fees.

The examination is to consist of six written papers, one written each day and the examination to commence the second Monday in June. Clinical examinations to be continued as previously.

For list of subjects and examiners I respectfully request you note these in the "Constitution and By-laws" accompanying this report.

Provision was made to ask the Deans of the Dental Colleges to submit a report of the students' progress in the elementary subjects of the Dental Course.

Due to the changing of the periods of examination and the several amendments to the constitution and by-laws of several years back the Constitution and By-laws were rewritten.

In closing this report I would like to mention that the Council saw fit to honour Ontario by making your representative Second Vice-President.

REPORT OF THE DISCIPLINE COMMITTEE

Board of Directors of the

Royal College of Dental Surgeons.

Gentlemen:

Your committee can express nothing but admiration for the truly professional conduct of the dentists of Ontario throughout the past year.

Two meetings of the Committee were held in which minor irregularities were adjusted satisfactorily. In the second of these held on May 29th Dr. S. Croll, now practising in Detroit, was found guilty of unprofessional conduct and his L.D.S. certificate was subsequently cancelled by the Board.

In accord with the policy of the Board that fees must be paid by those continuing to practise, arrears up to this year have been collected in all but two cases.

Many requests for guidance were received and were taken care of as promptly as possible.

Unrelenting attention to the punishment of illegal practitioners was continued throughout the year.

The following were prosecuted in the Courts:

A. E. Vongunten—Hamilton.

Vongunten appeared before Magistrate Burbidge in the Hamilton Police Court on June 8th, 1938, and entered a plea of guilty to a charge of a first offense against the Dentistry Act. Evidence was taken and a fine of \$100.00 and costs was levied.

J. B. Rousseau—Hamilton.

Rousseau pleaded not guilty before Magistrate Burbidge in the Hamilton Police Court of June 15th, 1938, to a charge of a second offense against the Act. Evidence was given and the case adjourned until the 21st when he was found guilty and was fined \$200.00 and costs.

Dave Aikens—Toronto.

Aikens was charged before Magistrate Gullen on July 8th with practising dentistry without a license. He failed to appear though sworn statement was submitted of personal service of summons. The case was proceeded with and the evidence submitted left no question of his guilt. He was fined \$100.00 and costs or thirty days in jail.

Robert Reid—Toronto

Reid, previously known as Victor White in Peterborough, appeared before Magistrate Prentice in York County Police Court on September 22nd, 1938, and pleaded guilty to a charge of a fourth breach of the Dentistry Act. Evidence was heard from two witnesses after which a conviction was registered. He was fined \$500.00 and costs or three months in jail and granted sixty days in which to pay. This was Reid's second major conviction in seven months.

Gilbert Macher—Birchcliff

Macher, after a series of adjournments appeared before Magistrate Keith in York County Police Court, on November 14th, 1938, on a charge of a third or subsequent offense under the Act. He pleaded not guilty. Evidence was submitted which was the reverse of that reported to us by the witness. Consequently the case was dismissed.

Graydon Tyrrell—Toronto

Tyrrell, after three adjournments, appeared before Magistrate Prentice on November 22nd, 1938, on a third offense charge. He pleaded not guilty and the same witness who appeared in the Macher case reversed his story whereupon we asked that the case be dismissed. The witness in the above two cases was subsequently taken to court and punished for false pretences.

A. J. Frohman—Windsor

Frohman appeared before Magistrate Brodie in the Windsor Police Court on November 21st and 22nd, 1938, and pleaded not guilty to a charge of practising dentistry while not being a member of the College. He was convicted and fined \$100.00 and costs or three months imprisonment.

He pleaded similarly to a second charge but on it also was convicted and fined \$100.00 and costs or three months.

Both convictions were appealed but on April 24th, 1939, Judge Coughlin dismissed the appeals with costs.

Wm. J. Fisher—Brantford

Fisher entered a plea of guilty in the Brantford Police Courts on May 1st, 1939, to a charge of practising dentistry while not being a member of the College. He was fined \$100.00 and costs.

Grayden Tyrrell—Toronto

Tyrrell again charged with a third offense against the Dentistry Act was represented by Council before Magistrate Gullen in the Toronto Police Court on June 1st, 1939, after a two weeks adjournment. His Council pleaded that his client was ill and succeeded in getting a further adjournment to June 8th.

A. J. Frohman—Windsor

Frohman has again been charged, this time as having committed a sixth offense. After one adjournment he is now awaiting trial.

Court action is pending against:

K. Pearson—Toronto and Newtonbrook

Apparently complete and corroborated evidence is in our possession that Pearson, who is not a member of the College, has practised Dentistry during the month of May. Action against him should be taken at once.

The Committee wishes to thank the members of the profession who have assisted in this work. Only through co-operation of the dentists of the Province with the Board can we hope to eliminate this menace.

Respectfully submitted

(Subsequent to the Board meeting the last three cases mentioned were before the court—

Graydon Tyrrell—Toronto—was convicted on June 15th and fined \$500 or three months.

A. J. Frohman—Windsor—was convicted on June 13th of a sixth offence and fined \$500 or four months in jail.

Ken Pearson—Toronto—was convicted on June 15th and fined \$100 or thirty days.)

REFERRED TO DISCIPLINE COMMITTEE

A case where a Dentist had made an arrangement with an Employees' Association to supply dental service at a certain percentage reduction and allegedly stipulated that no other Dentist in the town was to be given this privilege, was referred to the Discipline Committee.

DR. S. CROLL

The Discipline Committee investigated the case of Dr. S. Croll of Detroit, in connection with his advertisements in the Windsor Daily Star of April 3rd and 5th, 1939 and reported to the Board that he was guilty of disgraceful and improper conduct in a professional respect.

At a special meeting of the Board on May 30, 1939, Dr. Croll's L.D.S. Certificate was cancelled.

SPECIALISTS

Motion: "That the Faculty of Dentistry be asked to report on the feasibility of setting up Specialists' Courses in the Faculty."

Reply from the Faculty:

"That the Royal College of Dental Surgeons be informed that it is considered feasible to institute courses to qualify graduates to practise the various specialties in Dentistry;

"That, should the Royal College of Dental Surgeons request the institution of such courses, a special board of examiners for each such course be set up in the Faculty, to lay down a syllabus for the course in question, to examine candidates who have taken it, and to report the results of such examinations to Council."

Motion: "That to use the word "Specialist" or "Specializing" in any branch of Dentistry in the Province of Ontario a Licentiate of Dentistry of the R.C.D.S. must show evidence of possessing special training and knowledge in that particular branch of Dentistry, must confine his services to that branch of Dentistry and obtain permission from the Board of the R.C.D.S. to so designate himself."

REPORT OF CANADIAN DENTAL RESEARCH FOUNDATION

The Board of Directors of the

Royal College of Dental Surgeons.

Gentlemen:

Your representatives to the Canadian Dental Research Foundation have received the minutes of the meeting of this organization held last fall and this report is a brief review of these minutes.

The Foundation restricts its work to distributing suitable original material on or pertaining to dental subjects. Recently a bulletin by Dr. Lott was presented and during the past spring an article by Dr. Harold Keith Box has been published. This is the twenty-fourth article so printed.

The latest financial statement shows receipts of \$1158.30. Disbursements of \$473.59 are divided as follows: a \$200 grant to the University and \$273.59 for overhead and administrative expense. The capital account shows a surplus of \$13,895.78.

LIBRARIAN'S REPORT

To the Board of Directors of the

Royal College of Dental Surgeons of Ontario.

Gentlemen:—

Your Librarian has the honour of submitting the following report for the year 1938-39.

There has been an increased use and ever increasing interest in the Library especially by the undergraduates.

The circulation for the year ending May 15th has reached the satisfactory total of 11,105 as compared with 10,204 for the previous year; this is true in spite of the fact that it was impossible to keep the Library open during the noon hours until after Christmas. There were 4,685 tests borrowed for home use (3,718 last year) while the reading room circulation amounted to 5,609 (5,329 last year.)

Departmental libraries have been established in a small way which accounts for 199 books being in constant use for clinic and class work throughout the year.

A total of 463 unbound current journals was borrowed for home use, while a far greater number of these is included in the reading room circulation. Out of town graduates borrowed 155 books during the session, besides those sent to Calgary in the Travelling Library.

It is worth noting that members of Faculty have remarked on the improved quality of theses written by the Third, Fourth, and Fifth years. We feel that this is largely due to greater care in the selection of topics, and the more extensive use of the Library for reference purpose.

We have found that the posting of dental cartoons, unusual news items, and the lists of the latest periodical references has proved of interest.

We have checked the old bound journals which are in the Library, and it has been necessary to have about 100 of these repaired by the University Press. In order to retard deterioration of the bindings, the books will be treated by preservatives each year. A valve has been placed in the steam pipe behind the stacks, so that there will be more moisture in the atmosphere.

The library of the late Dr. A. E. Webster has been donated to the Library, and the books have been sorted, listed and arranged in the stock room. Journal donations were received from the Ontario Dental Association, Canadian Dental Research Foundation, Drs. H. A. Thompson, G. V. Fisk, P. C. Smith, Gerald Smith and others.

The task of re-cataloguing the Library has begun and is about one third completed. There is a great deal of work involved and necessitates extra assistance. Due to the many discrepancies in the old catalogue, we have to check very carefully to be certain that the new installation is complete. We appreciate very much the co-operation of the Cataloguing Department of the University Library in supplying the correct order numbers for the Library of Congress cards which we are using. The completion of the new catalogue depends on the money and help available. We feel that the new system will be of greater value as the Library continues to expand.

As in the past, the purely dental texts and those on subjects definitely associated with the course have been procured from the University appropriation. During the year \$350.00 of the Harry R. Abbott Memorial Fund has been spent largely for reference texts, and books of allied subjects. Our reference section is quite extensive and diversified and members from other faculties frequently consult our Library.

We are anxious to be of greater service to the graduate dentist. If study groups, book review groups, dental magazine review groups were formed, the facilities of our Library would be freely extended. Any dental society, which would wish to secure our Dental Travelling Library for the use of its members, can do so by application.

The assistant librarian, Miss Mimms, during the year had the privilege of attending the Medical Library Association Convention. She received a great deal of inspiration, and helpful information especially regarding the new cataloguing system which was adopted by the Convention.

Visits were made to the Libraries of some of the leading dental faculties, and comparisons were made, which were very favourable to our own Library.

This report is respectfully submitted with the request that the usual grant be made.

REPORT OF THE COMMITTEE ON CLINICS

The Board of Directors of the
Royal College of Dental Surgeons.

Gentlemen:

Your Committee on Clinics, as instructed at the last annual meeting, asked the Public Dental Health Committees of the Ontario Dental Association and the Toronto Academy of Dentistry, in particular, and Organized Dental Bodies, in general, to study the problem of Industrial Dentistry and report their opinions to the Board. The resultant opinions were almost entirely to the effect that for the present we should permit the establishment of Industrial Clinics for diagnosis only or at most include relief of pain and removal of gross infections.

During the year two groups of industrial workers have shown interest in providing dental services for themselves and their dependants through collective contracts or through clinics. In one instance considerable latitude was given to permit some arrangement being concluded but so far no success has been reported. The other group has been represented before the Board together with a representative of the employers and the dentists of the community. A proposed contract drawn by one of the dentists for a collective agreement with himself was not approved because it appeared impracticable and unfair. In fact the whole scheme appeared to be the result of this man's effort and the desire to have originated with himself.

The entire matter is being referred to the new Board for its further consideration.

Increased insistence that the Board must keep control of all clinics and collective contracts has been noted throughout the year. The responsibility rests with you.

WORKMEN'S COMPENSATION BOARD

A communication was read from the Workmen's Compensation Board regarding an attempted overcharge for restorative work accompanied by a report from the Dental Advisor.

The Secretary was instructed to write the Dentist in question informing him that the matter had been referred to this Board and point out to him the serious view the Board takes of his actions.

CANADIAN DENTAL ASSOCIATION

At the October Meeting Dr. Woodrow presented the following report:—

To the Board of Directors of the

Royal College of Dental Surgeons of Ontario.

Gentlemen:—

In giving you a report on the Canadian Dental Association I am just going to touch on a few of the highlights of the meeting of the House of Delegates in Vancouver this summer. If I attempted to bring before you all of the questions under discussion we would be here an extra day. I know you are interested as being the Province making the largest contribution to the Canadian Dental Association.

At our May meeting we referred the question of Industrial Clinics to the Canadian Dental Association executive for information as to what has taken place in other Provinces. Most of the Provinces are not having any requests for this type of clinic. In Winnipeg the T. Eaton Company employ a Dentist about half time, giving relief, taking X-Ray pictures and an occasional extraction. The consensus of opinion was that if the clinic was limited to merely examination it would be all right.

Another question referred to the Canadian Dental Association was the preparation of articles for publication in the press and closer tie-up with the American Dental Association to promote dental education of the public. These matters were referred to the Dental Health Committee.

Another report which is of great import to the Profession is the formation of a Canadian Army Dental Corps both in peace and active service. A brief has been prepared and is being submitted to the Minister of National Defense covering a Dental Service in all branches of the service:

1. For the Active Militia.
2. For the Permanent Active Militia, Active Air Force, and the Royal Canadian Navy.
3. For general mobilization.
4. Equipment, supplies and transport both in peace and war service.

When a report of this nature goes to the Federal Government with the endorsement and recommendation of a National body, it will carry weight. Owing to the Bren Gun investigation the time is not opportune to press this report.

Regarding the payment of dues to the Canadian Dental Association, all Provinces are on a dollar basis for paid up ethical members with the exception of Alberta and things are in bad shape there. They wish to open their Act so the legal body may increase their dues but are afraid of the Government in power. There is a voluntary contribution to the Canadian Dental Association.

I do not wish to take any more of your time but merely to say the Canadian Dental Association is functioning more efficiently every day and is taking the place it should in Canadian Dentistry.

(Signed) W. H. WOODROW

October 24th, 1938

Representative

At the May meeting Dr. S. A. Moore, President of the Canadian Dental Association presented a further report:— (Which has been condensed, for publication with his consent).

To the Board of Directors,
Royal College of Dental Surgeons,
Gentlemen:

In submitting this report to you, I would be inconsiderate and remiss in my duty if I did not mention the great loss sustained by the Profession of Dentistry in Canada by the death of Dr. Woodrow. It was a privilege to know him and work with him, for he was a firm believer in a strong National Dental organization. The Board of Delegates and Canadian Dental Association has suffered an irreparable loss.

Dr. Prestien, your junior delegate and chairman of our Committee of Ethics rendered valuable assistance doing double duty, as your representative at the meeting in Vancouver.

Under other circumstances this report would have been submitted by Dr. Woodrow but it has been suggested that I prepare and submit it.

The Board of Delegates of the Canadian Dental Association met in biennial meeting in Vancouver June 30th, July 1st and 2nd of last year and the biennial meeting of the Canadian Dental Association was held after the last session of the Board of Delegates. The meeting was opened by an address of welcome from President Dr. R. L. Pallen of Vancouver, outlining the activities of the past two years. He made official visits in the Provinces of Alberta, Saskatchewan and Manitoba and was accorded splendid receptions. He mentioned the fact that many Dentists lack knowledge regarding the aims and objects of the National Association, and he recommended that the officers of the Association adopt some method whereby more information may be given to the Profession of Dentistry throughout the Dominion regarding the activities of our Association. This recommendation met with the hearty approval of the Board of Delegates and since then several editorials and other information have appeared in our Journal.

The President also presented for consideration of the Board the recommendation that the President of the Association should not be a delegate. This met with the approval of the Board. Drs. Pallen and Faulkner were appointed a Committee to deal with the question of revision of Constitution and By-laws and will present their report six months before our next meeting.

For many years the Board of Delegates has favoured the incorporation of the Canadian Dental Association but the expenses connected with this matter were rather heavy. This question was referred to the incoming officers and an interview has since been secured with the Department of the Secretary of State, and an application for incorporation is being presented to the Dominion Government.

At the time of the meeting in Vancouver the Journal Committee was composed of the Editor-in-chief, the Editor of French section and the Business Manager. The President recommended that a new Journal Committee be appointed to assist these executive officers in matters pertaining to the publication of the Journal. Dr. Fisk as Chairman, Dr. Franklin and Dr. Charron were appointed to this Committee. Financial conditions were cited as reasons for the Association not meeting every year, and a part or full time Secretary, under salary not being appointed, although the Board thought both recommendations desirable.

The Secretary-Treasurer submitted a very comprehensive report drawing the attention of the Board to the fact that correspondence and duties pertaining to his office were increasing tremendously. Increased grants from different Provinces helped the financial conditions considerably, total receipts from May 13, 1936 to April 30, 1938 amounted to \$3,553.81 which, with a favourable balance of \$1,540.04 made a total of \$5,093.85; total expenses amounted to \$4,551.38 leaving a balance in the Bank on April 30, 1938 of \$542.47. An audited statement from the Secretary-Treasurer for the period May 1st, 1938 to April 30th, 1939, shows the total receipts as \$5,964.44, including an amount of \$1,350.00 from the Journal Committee. Thus total cash handled amounted to \$6,506.91, total expenses amounted to \$5,944.70, leaving a credit balance of \$562.21. The above shows that the financial support received from the different Provinces has improved considerably, although general expenses were higher because of the biennial meeting being held in Vancouver.

The increased support received from your Board has undoubtedly contributed to the fact that British Columbia, Saskatchewan, and New Brunswick have increased their annual due to \$1.00 per member basis, Alberta is not on \$1.00 per member basis, but their annual grant is

\$150.00 for approximately 200 members, and according to their Dental Act, which they had hoped to amend this year, they cannot make a grant exceeding this amount. The amendment was turned down in the Legislature this year but they will bring it up again next year.

The following are reports of the different Committees, in most cases they were presented by the Chairman of the Committee, and read by the Secretary.

Benevolent Committee: Dr. L. T. Allan, Chairman:

Dr. Allan requested his committee be discharged as nothing further can be done with this matter at the present time. The report was adopted and committee discharged.

Dental Education.: Dr. W. W. Woodbury of Halifax, Chairman:

In the future this committee will consist of the Deans in the different dental colleges of Canada and a joint report will be received from the chairman. The subject of dental education will not be limited to the undergraduate but will include the practitioner as well. Dr. Mason was appointed the incoming chairman of this committee.

Public Health: Dr. H. S. Thomson, Chairman:

Dr. Woodrow presented a resolution passed by your Board with reference to newspaper articles and a closer relationship with the American Dental Association to promote Dental Health Education. In discussion of Industrial Clinics several delegates stated that it was illegal to operate these clinics in some provinces. The matter was referred to the Public Relations Committee. The following motion was moved by Dr. Faulkner and passed: "That the resolution from the Board of the Royal College of Dental Surgeons be approved and that the incoming officers be instructed to take the matters therein referred to under consideration, and forward the proposals in so far as they feel they can do so." These resolutions have been forwarded to Dr. Thomson to be investigated by his Committee. Dr. Lon Morrey of Chicago who is in charge of this work for the American Dental Association has recently joined the Editorial Board of our Journal, which should result in a closer relationship with the activities of the American Association. In this same connection I would draw your attention to articles on Dental Health in the Canadian Home Journal and Life. For financial reasons the activities of this committee are very limited. The Board of Delegates feels that this is one of our most important Committees and that it should function actively under the direction of the Canadian Dental Association.

Research Committee: Dr. A. J. McDonagh, Chairman:

The work of this Committee is limited for financial reasons, but it is the feeling that it should continue as a Committee of the Canadian Dental Association in close relationship with the Canadian Dental Research Foundation, although little progress has been made in this direction as yet because of the limited information received from the Secretary of the Research Foundation.

Insurance Examination:

The Toronto Academy of Dentistry is to be commended for its efforts in this matter. Dr. Higgins was appointed chairman of this Committee to carry on further investigations on behalf of the Canadian Dental Association.

Canadian Army Dental Corps: Dr. Ira Hamilton, Chairman:

Report read by Dr. F. M. Lott. Dr. Cameron of Swift Current, Saskatchewan, was formerly Chairman, but felt that it was in the best interests of the Committee that he resign in favour of a Dentist from Ottawa, where he would be closer to affairs of the Government. Dr. Hamilton was appointed. This report was referred to a Committee with Dr. G. L. Cameron, Chairman, Dr. F. M. Lott, Dr. E. T. Burke, and Dr. J. S. Bagnall which brought in certain recommendations which will be taken up with the Honorable Minister of National Defense. There is a great deal of information in this report, and I hope this matter will soon be brought to a successful conclusion.

Committee On Ethics: Dr. G. R. Hennigar, Chairman:

Report received and adopted. The President recommended that the question of a new code of Ethics be investigated, and Dr. G. L. Prestien was appointed incoming Chairman of this Committee.

Indian Affairs: Dr. MacDonald, Chairman:

From this report it appears that in different localities in Canada, the Dental Services rendered to the Indian people differ considerably. Dr. MacDonald was reappointed Chairman, and it was suggested that after further investigation the matter be taken up with the Dominion Government.

Legislative Committee: Dr. J. S. Bagnall, Acting Chairman:

The most important matter arising from this report is Mail Order Dentistry, and Drs. Veitch and Conboy have recently interviewed certain Government Officials in Ottawa, as Official Representatives of the Canadian Dental Association, and the mails will be refused to Companies operating a mail order denture service. Certain laboratories had endeavored to secure patents on certain marks on dentures, but on the objection of the Canadian Dental Association these applications were withdrawn.

State Dentistry: Dr. J. S. Lapp, Chairman:

This Committee was thanked for the report prepared for the Rowell Committee, and the name of this Committee was changed to the Public Relations Committee.

Journal Committee: Dr. M. H. Garvin, Chairman:

In his report the Chairman included about twenty recommendations, some of which had to be laid aside because of the financial conditions. Dr. S. A. Moore also presented a report as business manager of the Journal. In 1935 the surplus from the Journal amounted to \$5.02, in 1936 it was \$863.70, and in 1937 the favourable balance was \$2,456.60 making a total surplus for three years of \$3,325.32. In 1938 our profit was slightly less than in 1937 being \$1,773.02 making a net surplus for four years of \$5,098.34. Last year our advertising receipts decreased and we purchased some office equipment amounting to \$270.50. The policy of the Journal is to improve the quality of the publication rather than to make a financial profit. The Journal is making splendid progress, but it is a serious problem and cannot be carried on indefinitely on a voluntary basis.

Nomenclature Committee:

This is a new Committee. Dr. Franklin of Montreal was appointed Chairman with power to add.

As President I attended the meeting of the American Dental Association in St. Louis last fall and was called upon to address a memorial service to the late Dr. C. N. Johnson, as the representative of the Profession of Dentistry in Canada. I also attended meetings in Montreal, Ottawa, Kingston, Galt, Hamilton, St. Thomas, Chatham and London, in addition to other duties which have arisen pertaining to my office.

A suitable address was prepared and has been presented to his Majesty during his visit to Canada, on behalf of the Canadian Dental Association.

I feel that there is a great need for the National Association but it is not organized upon a proper financial basis. For any organization to function properly it must be assured of sufficient financial support and permanency of the same. To this end I believe that it is most desirable for a closer relationship to exist between the different Provincial bodies and the National Association to secure this financial aid. I have suggested that a committee of prominent dentists be appointed to draw up a definite program for the Canadian Dental Association to extend over a period of years. The leadership for any organized plan in my opinion must come from the Province of Ontario and I am sure that the other Provinces will support any movements of this nature to the fullest possible extent.

I wish to thank the members of your Board for the valued support they have given the Canadian Dental Association. Without this support the Association could not function to the extent it is at the present time.

All of which is respectfully submitted.

(Signed) S. A. MOORE,

President

Motion: "That the Secretary be instructed to pay the fee of one dollar for each of the paid up Licentiates in Ontario to the Canadian Dental Association for the year 1939."

Motion: "That the Board of the Royal College of Dental Surgeons is of the opinion that the constitution of the Canadian Dental Association should provide for proportional representation of the membership from the various Provinces of the Dominion, and would instruct the representative from this Board to so advise the Committee of the Canadian Dental Association at present revising the constitution."

ONTARIO DENTAL ASSOCIATION

Motion: "That the Secretary of the Board write the Secretary of the Ontario Dental Association to the effect that the Board has taken over the support of the Canadian Dental Association for Ontario, together with the appointment of the representatives for the Province to that body, and wish to express our gratitude for the support the Ontario Dental Association has given the National body in the past."

TEXTBOOK ON DENTAL HYGIENE

Motion: "That the supervision of the subject matter pertaining to dental hygiene appearing in the textbooks of the Ontario Public Schools be referred to the Committee on Group to Promote Public Dental Health."

DENTAL MATERIALS

Motion: "That the Secretary be instructed to investigate means of procuring information on the merits of new dental materials which may be made available to the profession."

WELFARE RELIEF

Dr. Bradley presented a resolution from the Renfrew County Dental Society regarding the cancelling of the Welfare Relief by the Ontario Government.

Motion: "That the matter of restoration of Government assistance to relief recipients be referred to the Committee of Consultation with the O.D.A."

UNIFORM STANDARD OF DENTAL EDUCATION

Motion: "That realizing a great number of years may be spent in obtaining uniform standards of Predental and Dental Education for all Provinces of Canada, the Board suggests that efforts be made in the National and Provincial bodies to give thought and study toward this end."

RECALL LETTERS

A communication was read from a Dentist asking a ruling on a proposed letter to be sent to his former patients, calling attention to the necessity of the care of the mouth and suggesting an appointment be made.

The Secretary was instructed to inform him that the Board does not view the proposed letter with favor as our regulations permit recall notices only.

BY-LAWS

Drs. Reid, Mason and Willmott were appointed a Committee to revise the By-Laws and send a copy of their report to each member of the Board in the near future.

STUDENTS ASSISTING IN EVENINGS

A fifth year student in the Faculty of Dentistry requested permission to work in a local dental office in the evenings.

Motion: "That the request be not granted as it is contrary to the regulations as prescribed by the Dentistry Act and By-Laws of the Board."

MAIL-ORDER DENTISTRY

(See Past-President's Report)

C. A. RISK, L.D.S.

C. A. Risk whose license was cancelled some time ago was reinstated in good standing.

RESOLUTIONS OF SYMPATHY

Motion: "That the Board of Directors of the Royal College of Dental Surgeons wish to express to the family of Dr. W. G. Switzer its sincere sympathy in the passing of one of Dentistry's beloved leaders, and that the Secretary be instructed to provide flowers for the funeral."

Motion: "That the sympathy of this Board be extended to our Secretary, Dr. Walter Willmott, on the passing of his mother."

Motion: "That we, the members of the Board of the Royal College of Dental Surgeons sincerely feel the great loss to our Board in the death of our late member, Dr. W. H. Woodrow. We miss his invigorating spirit, zeal and enthusiasm which his presence gave us. He was a friend to all, a faithful worker for good in his chosen profession and in every way a gentleman of the highest calibre. At this, the first session since his death we keenly feel the loss of his sage advice and counsel."

RESOLUTIONS OF APPRECIATION

Motion: "That the Secretary be instructed to convey to the Academy of Dentistry, Toronto, the hearty appreciation and thanks of the members of the Board for the cordial invitation to the opening dinner on October 24th, 1938."

Motion: "That the Board of the Royal College of Dental Surgeons desires to express its appreciation to the President of the Board for his kind invitation to luncheon at noon on October 24th."

Motion: "That the Secretary be instructed to extend to the Executive Committee of the Faculty Council the hearty appreciation of the members of the Board for the opportunity of meeting with them at luncheon on May 30th."

Motion: "That the members of the Board appreciate greatly Dr. A. D. A. Mason's kind invitation to luncheon on June 1st."

Motion: "That the present members of the Board of the Royal College of Dental Surgeons wish to record their earnest appreciation of the valuable work and advice given by the retiring members, Drs. Veitch and Prestien during their terms as representatives on the Board of Directors of the Royal College of Dental Surgeons."

Motion: "That the Board of the Royal College of Dental Surgeons, convened at this annual meeting wishes to recognize the sincere and efficient manner in which Dr. E. C. Veitch has fulfilled the duties as President of the Board and Chairman of the Discipline Committee.

"During his term of office many important problems have been dealt with and in their solution Dr. Veitch's good judgment has been invaluable.

"Since assuming office he has represented Dentistry in various capacities and has always reflected credit on our profession.

"We consider his retirement from the Board a distinct loss and wish at this time to acknowledge his ability and record our appreciation."

APPOINTMENT OF TREASURER

Dr. W. E. Willmott was appointed Treasurer for the ensuing year.

APPOINTMENT OF SECRETARY

Dr. Don W. Gullett was appointed Secretary for the ensuing year.

REPORTS

The following reports were presented to the Board:

PRESIDENT'S REPORT, MAY, 1940

To the Board of Directors, R.C.D.S. of Ontario.
Gentlemen:

On the first of this month Dr. Walter E. Willmott relinquished the office of Secretary of the Board. I am sure you all appreciate his long and faithful service, but no one who has not had the honour of occupying the President's chair can quite realize the courteous, kindly and efficient manner in which he has discharged his many duties. He has been a tower of strength to many Presidents over a period of many years. The Profession at large will long remember his contribution to the management of its affairs.

On the same date Dr. Don W. Gullett assumed the responsibilities of the office, and judging by the enthusiastic way in which he has taken over his duties, I am sure we have made no mistake in our choice.

Dr. Gullett felt that a letter from the President to all members of the College would be of assistance to him in the new contacts he must make and, at his request, I have sent out a letter which I hope meets with your approval.

Since our last meeting we have become increasingly aware of the seriousness of the tremendous struggle in which Great Britain and her Allies are now engaged so that the principles of justice and freedom we hold so dear be not taken from us. Canada is doing and

will continue to do her part. Dentistry in Canada is also doing its part. Under the able leadership of Col. Frank Lott a splendid Dental Corps has been organized and many members of our profession are serving in this and other Units. As this is written, over 80 of our register are in uniform and more are enlisting. I must take the responsibility of having instructed the Treasurer to not collect the annual fee of any member of the College while serving King and Country. I would be glad to have the Board at this meeting ratify my action in this matter.

During the last winter there has occurred the death of Dr. W. M. McGuire, a former President of this body. He represented his district on the Board for many years and was one of the builders of our institution.

A galley proof of our By-laws has been sent to each member of the Board with suggested changes. I hope everyone has given these due consideration. Especially will we have to consider by-law No. 5 in view of the changes in matriculation requirements made by the Council of the Faculty of Dentistry, U of T., on Feb. 1st, 1940.

At our last meeting a committee was appointed to invest \$3,000.00 of Board funds. This amount has been invested in the Government War Loan. I am sure all will agree with the action of the Committee.

I think each member has received a copy of the proposed information form for use in the Secretary's office as drafted by your committee, and another, with some slight changes, as proposed by the Secretary. If the information we desire is to be of any value, I feel we should spare no effort or reasonable expense to have it accurate and complete.

The question of our position re the Canadian Dental Association will be discussed at this meeting. Personally I am quite convinced of the importance of a strong National Body for the good of Dentistry throughout Canada now and in the future. Just what action our Board should take in the matter is something for you to decide.

In all our decisions at this meeting, let us not forget the duties we owe to the members of the R.C.D.S. of Ontario, to the general public and to the continued progress of Dentistry as a whole.

Respectfully submitted,

L. D. HOGAN,
President.

Motion:—"That the action of the President and Treasurer in remitting the annual fees of the Licentiates who enlisted in any branch of the war service previous to April 30th and have relinquished private practice, be sustained."—Carried.

Motion:—"That the President's report be adopted."—Carried.

SECRETARY'S REPORT

To the Board of Directors of the
Royal College of Dental Surgeons of Ontario.

Your Secretary herewith presents his report for the past year:—

The report of the Board for 1938-39 was prepared and published as rapidly as possible after the last annual meeting. A copy was sent to each licentiate in practice in Ontario and to some not in practice but who continue to take an interest in the work of the Board.

Application for License

Of the fifty-six students in attendance at the Faculty of Dentistry in the University of Toronto, thirty-seven have made

application for the L.D.S. Of these, four entered the second year and one the third year. Six are from Australia and have been in attendance one year. One is from New Zealand and has been in attendance two years. These seven are not Canadian citizens but are British subjects. It will remain with the Board as to whether or not these applications may be accepted. Several others have made application that will not be entitled to receive the certificate until the required registration fee has been paid.

A duplicate certificate was issued to Dr. D. S. Didier of Rosseau, Dominica, British West Indies, on statutory evidence of the destruction by fire of the original.

A. Nussbaum. — This application was considered in June, 1939, and refused. A letter from Dr. Woodbury, Dean of Dalhousie Dental School, might be considered in case Dr. Nussbaum should renew his application.

Act and By-laws

The Department of Education abolished pass matriculation shortly after the last meeting of the Board. As this would necessitate amending our by-laws, the publication of the Act and By-laws was not proceeded with. As the type has been set up for a year and a half, if possible this should be completed at this meeting and the pamphlet published.

Dominion Dental Council

Two D.D.C. certificates have been registered during the year. Richard Hawrish, No. 1151, and Lewis A. Stern, No. 1004.

Correspondence from the President of the Council regarding Dr. DuBiskey is herewith submitted.

Changes in Register

In April 1940 there were 3728 names on the register, 34 having been added during the year including two D.D.C. registrants.

Election of the Board

As the biennial election of members of the Board will take place in the Fall, any necessary instructions should be given at this meeting.

Scrutineers should be appointed.

Ontario Gazette

This has again been regularly received during the year and carefully looked through. No reference to anything affecting Dentistry has been noted other than several instances where dentists have been accepted as members of the Board of Directors of some company.

Journal of Dental Education

At the last meeting I was instructed to subscribe to the Journal of Dental Education.

If this was to be of any value to the members it would be necessary for them to have an opportunity to peruse it. Hence, I subscribed to two copies and sent the October numbers to two members to read and pass on. Several notations were made in these numbers which were referred to the Dean and will be considered at this meeting. On the 4th of April, the December and February issues were started on a similar journey.

On retiring from the Office of Secretary, I wish to express my very sincere appreciation of the kindness and forbearance of the members of the various Boards for the past 25 years and for their kindly guidance and co-operation.

The good of the Profession as far as I could advance it through this office has always been my one object although I may not always have acted as some members thought I should have.

I have greatly enjoyed all the work of the office except that regarding signs and arrears of fees. In these matters I have let nothing interfere with the duty of the office.

I am sure you made no mistake in the choice of my successor and I am confident he will fulfill the duties of the office with entire satisfaction.

My wish for him is that he will have a very happy time and enjoy the work as much as I have.

W. E. WILLMOTT,
Secretary.

May 29th, 1940.

Motion:—"That the application of those British Subjects from Australia and New Zealand graduating from the Faculty of Dentistry of the University of Toronto in 1940 be accepted and their certificates granted and that the regulations regarding Canadian citizenship be suspended in their behalf."—Carried (2/3 vote required).

Appointment of Scrutineers

Motion:—"That H. J. Bolitho and A. T. Laidlaw be appointed scrutineers for the coming fall elections."—Carried.

Motion:—"That the Secretary's report be adopted and entered on the minutes."—Carried.

TREASURER'S REPORT

1939 - 1940

To the Board of Directors of the
Royal College of Dental Surgeons of Ontario.

Gentlemen:

Your Treasurer herewith presents his report for the past year.

Licentiate Fees

A notice of the annual fee being due on January 1st, 1940, was sent to each licentiate practising in Ontario, except those who have been in practice for fifty years or over.

Following the instructions of the Board, a second notice to those who had not paid (819) was mailed on January 24th, 1940, quoting the resolution of the Board:—

- (1) Where the fee is not paid by Feb. 1st, a draft will be issued.
- (2) Where the fee is not paid by March 1st, the penalty (\$5.00) as prescribed by Sect. 19 (3) of the Dentistry Act (R.S.O. 1937) and By-law No. 9, will be added and the fee not accepted unless the penalty is included.
- (3) Where the fee and the penalty are not paid by April 1st, court action will be taken.

On February 4th, 389 drafts were entered at the bank. In 26 instances the fee was paid direct before the draft was presented. 142 paid through the bank; two had died; 7 had enlisted; 2 could not be located; 4 had retired from practice and one was very ill, and many paid direct. On April 6, 8 accounts were put into the Division Court but returns are not yet complete.

All fees for 1939 are paid but one—E. D. Skuce.

The following are in arrears for 1940:—

V. A. Armstrong, H. D. Crooker, J. E. E. Dores, W. H. Leach,
W. G. Manning, M. G. McCartney, R. G. McGregor, J. F. McMillan,
H. C. Peake, A. A. Stewart.

In consultation with the President, it was decided that the fee of those licentiates enlisted in any branch of the army previous to April 30th should not be required to pay the annual fee.

78 are recorded as having enlisted, 13 of whom had paid the fee which was returned to them.

Extra-Mural and Extension Service Extra-Mural and Extension Lecture Service

Extra-Mural and Extension Lecture services were given by 18 men in 27 centres for which about 2800 notices were mailed from this office. In two instances the meeting was postponed after this notice had been mailed which necessitated an additional notice being sent. The appropriation for this service was \$1500.00. The total attendance was about 1360. Included in the above is one Extension Lecture by Dr. G. A. Morgan at London.

The expenses for the year were:—

University for Extra-Mural Honoraria	\$ 800.00
Extension Lecture Honorarium	25.00
Expenses of Speakers	658.66
Printing	88.56
Postage (included in postage charges)	28.00
	\$1600.22

A refund of \$130.00 was received from the University as a balance from 1938-39.

Investment

\$3,000.00 of Dominion of Canada bonds, 3 ¼ %, 1948-52, at par were purchased.

Harry R. Abbott Library

During the year \$518.95 has been received from the estate of the late Dorinda E. Tully. \$400.00 was forwarded to the University Library to purchase books for this library. \$106.34 was spent for repairing 65 volumes and \$5.73 for pamphlets. (See auditor's statement).

Honourary Registration

A renewal certificate of license was sent to the following licentiates who have been in active work for fifty years or more:

1879	E. Hart	Brantford
1884	F. A. Denne	Stayner
1884	A. A. Smith	Cornwall
1886	J. G. Bannerman	Owen Sound

FINANCIAL STATEMENT (Year ending April 30th, 1940)

To the President,

Royal College of Dental Surgeons of Ontario.

Dear Sir:—

We have audited the books and accounts of the Royal College of Dental Surgeons of Ontario for the year ending April 30th, 1940, and submit herewith our report complete in the following statements and schedules:

Balance Sheet
Receipts and Disbursements, General
Receipts and Disbursements, Harry R. Abbott
Memorial Library Fund
Government, Government Guaranteed and
Municipal Ponds.

With reference to the loans to ex-service men, the payments on principal and interest during the year under review amounted to \$1,447.58 and \$10.00 respectively, and loans amounting to \$2,768.85 were written off which should be approved by the Board at its next meeting. The unpaid balances as of April 30th, 1940, less balances written off, amounted to \$12,728.51 and the surplus shown on the balance sheet is subject to the realization of these accounts and the loan to a student which, with accrued interest, amounts to \$492.73. No accrued or unpaid interest on the loans to ex-service men has been considered in the accompanying balance sheet.

The outstanding licentiate fees at April 30th, 1940, amounted to \$70.00 which included \$10.00 for 1939.

Respectfully submitted,

REGISTRAR'S REPORT

At Fall Meeting

Dr. Campbell, as Registrar, presented the following report:

Prior to the opening of the present term of the Faculty of Dentistry, University of Toronto, I examined the matriculation qualifications of the applicants, wishing to enter the Freshman Year.

Altogether 50 applications were accepted from students resident as follows:

Ontario	38	Alberta	1
Manitoba	3	Japan	1
Saskatchewan	6		

All of the Ontario students presented completed Honor Matriculation certificates except four who presented eight complete papers and one was repeating his first year.

All of the others presented certificates which were appraised as equivalent to our matriculation standard by the Registrar of the University of Toronto.

Several were rejected as not being up to the standard set. Twelve additional were admitted to the second year as ad eundum students.

It would seem that the most satisfactory plan would be to instruct your Registrar in future to accept the valuation of credentials as appraised by the Registrar of the University of Toronto as a special knowledge of the standard of the curricula of the various schools and Universities of Canada and other countries is essential to pass properly on many of the applications presented.

I would recommend that all students at present entered in the Faculty of Dentistry of the University of Toronto be accepted for registration in the R.C.D.S. in so far as their entrance requirements are concerned.

G. H. CAMPBELL,

Registrar, R.C.D.S.

Motion:—"That report of the Registrar be received, adopted and entered on the minutes."—Carried.

At Spring Meeting

Gentlemen:

Your Registrar reports as follows:

Owing to the abnormal and chaotic conditions which exist throughout the civilized world at the present time, we would suggest that as long as may be deemed expedient by the Board, every qualified applicant for admission into the Royal College of Dental Surgeons be required to take an oath of Allegiance before being accepted.

I would recommend that the applicants for license who have completed their course in the Faculty of Dentistry of the University of Toronto and who have met with all requirements be granted their L.D.S. certificates and their names be entered on the register of the Royal College of Dental Surgeons.

Since the last meeting of this Board, the Faculty of Dentistry of the University of Toronto have, after considerable investigation and thought, decided to amend the requirements for matriculation into that Faculty and I would suggest that this Board accept the same as the standard of Matriculation into the Royal College of Dental Surgeons.

I would recommend that this Board require a student proceeding toward the L.D.S. degree in the Royal College of Dental Surgeons to register before commencing his Faculty course.

All of which is respectfully submitted.

G. H. CAMPBELL,
Registrar, R.C.D.S.

Motion:—"That the report of the Registrar be received, adopted and entered on the minutes."—Carried.

DR. DUNCAN McARTHUR DEPUTY MINISTER OF EDUCATION

In view of the changes that are proposed in the system of preliminary education in the Province of Ontario it was arranged that Dr. Duncan McArthur should meet the Board by appointment. In order that the members of the College may better understand these alterations a brief summary of the interview follows:

Formerly the whole educative process had been, first, the system, and second, the child, while the new procedure will be to make the child first and the system second. This will be accomplished mainly by the use of options.

Until a few years ago the secondary school curriculum was definitely a pre-University training course. Conditions have changed. The general increase in wealth and the rise in the standard of living has brought secondary education to a lower social strata. Employing institutions have set a standard of matriculation for considering applicants. The secondary school has now become the common school of the masses whereas a few years ago the public school provided enough education to meet the prevailing conditions.

The end result is that many more are going to high school than formerly and also the percentage is greatly increased in regard to the number who will not go to University. The secondary school has a changed function and no longer is a preliminary school for the University but rather a purveyor of general education. The problem is to give the pupils a good general training rather than a specialized training.

In the past a pupil could not obtain credit for taking subjects such as Home Economics for girls or Shop Work for boys. These courses have been regarded as of value, not merely because they provided a preparation for practical work, but, more particularly, because of their direct and immediate educational value in giving an opportunity to pupils to "try themselves out" in forms of activity requiring manual skills and other types of skill not tested by the ordinary academic training.

The hope is that, by reason of this opportunity for the testing of aptitudes, there may be fewer misfits in the adjustments of both boys and girls in their choice of vocation for earning a livelihood.

There exists today a keener public interest in the scientific subjects. Interest in health is greater. The Department of Education is being repeatedly requested to teach more on health in the schools.

It has become impossible to add more compulsory subjects to the present course. Some method had to be found to include the new required subjects so a system of options has been set up. To apply these changes directly to Dentistry, we might consider whether the subjects of Shop Work and Biology, if chosen by a student, are of more benefit than Latin. An examination of the following outline will give some idea as to how this system of options is to be applied.

Copy of Mimeograph from Office of Deputy Minister of Education

The following is an outline of a proposed course of study for the MIDDLE SCHOOL which would meet the requirements of High School Graduation and of Junior Matriculation for the Universities of the Province which admit students with Junior Matriculation.

- | | | |
|-------------|---|---|
| I. | English
History
Health Education | Compulsory on all candidates |
| II. One of | Mathematics
Latin | This primary option as a desirable mental discipline, and as basic to one or other of the two main branches. |
| III. Two of | Mathematics
Latin
Science or Agriculture
French
German | This option group retains as much as possible of the present academic background. |
| IV. One of | French
German
Greek
Spanish
Shopwork
Household Science
Commercial Work
Music and Art
Biology
Geography | The final option permits the matriculant to offer, if he so desires, one of the non-academic courses which are being added to the curriculum. |

Note: No subject may be selected as fulfilling the option requirements of more than one of the above groups.

The option requirements may be summarized as follows:

	2 languages	1 language
	or	or
Math.	1 language and math.	1 vocational option
Prescribed + or +	or	or
Latin	1 language and science +	music and art
	or	or
	math. and science	biology
		or
		geography

The terminology relating to secondary schools in the future will be as follows:—

Pass or Junior Matriculation will be known at Grade XII.

Honour Matriculation will be known as Grade XIII.

Matriculation Requirements Suggested for the Faculty of Dentistry But Not Yet Passed By Council

A candidate for admission to the First Year in the Faculty of Dentistry must present the following certificates:

(a) The Ontario Secondary School Graduation Diploma awarded upon the completion of Grade XII in the General and Academic courses.

(b) A certificate or certificates issued by the Department of Education of Ontario showing that the candidate has passed the Grade XIII. examinations in the following subjects of the General and Academic courses:

English

Mathematics (two of Algebra, Geometry, Trigonometry)

Science (two of Physics, Chemistry, Botany, Zoology)

One of French, Latin, German, Greek, Italian, or Spanish

One of: two Science papers not chosen elsewhere, a mathematical paper not chosen elsewhere, a second foreign language, History, or Music.

CLINIC COMMITTEE

Mr. President and Gentlemen:

During the year your committee has attempted to obtain records of all Clinics (Hospital, School and Industrial) serving the public within the Province. These may not be entirely complete but will serve as a basis to which further additions may be made.

No attempt has been made to procure information as to the amount of service rendered or number of patients treated in the School or Hospital Clinics. This information, we think should be in the hands of this Board.

A letter was sent by your Secretary to several key men throughout the Province and enquiries made as to their knowledge of any Industrial Dental Clinics or any Licentiates having arrangements with Industrial Firms or Companies. From this information your Committee contacted each of these men and got a report on their Clinics. This was followed up by a Questionnaire drafted by the Chairman and to which there was 100% response. This information is rather voluminous but is presented with this report and contains a great deal of information.

The Reports of the American Dental Association Committee on Industrial Dental Clinics in the United States have been studied and some interesting data gleaned therefrom, e.g.:

(1) That the number of Industrial Dental Clinics in the United States has decreased from 84 to 63.

(2) That the types of service rendered vary from relief of pain only up to a complete Dental Service.

(3) That the cost of Service per chair hour varies from 60 cents to 4 dollars.

(4) That the number of hours worked by the Dentist in the Clinic usually exceeds that of men in the plant. Several 48 hr. week—one reported 52 hr. week.

In studying the results of our Questionnaire to the men in Ontario, we find, that though the number be very small, there is very little similarity in the type of service rendered or in arrangements with the plant or company officials.

Our deductions from the above studies are:

(1) That supervision of all Industrial Clinics must remain the prerogative of the Board of the R.C.D.S.

(2) That great difficulty would be encountered in drafting regulations that would apply in all cases.

We recommend:

That the position of this Board relative to Industrial Dental Clinics be clarified.

HARVEY REID,

Chairman.

The Board went into committee of the whole upon the matter of Industrial Clinics. Later the committee arose making the following recommendations:

(1) That the establishment and supervision of all Industrial Clinics remain the prerogative of the Board of Directors of the Royal College of Dental Surgeons.

(2) That all requests for the formation of Industrial Clinics must be made by the employer or representatives of the employer or employees of the industry concerned.

(3) That all proposed plans for the establishment of an Industrial Clinic must be submitted to this Board for consideration and approval before being put into operation.

(4) That financial consideration must be arranged on a basis acceptable to the local Dental organization.

(5) That in all cases the choice of Dentist must remain optional with the patient.

Motion:—"That the report of the committee on Clinics be adopted and entered on the minutes."—Carried.

DOMINION DENTAL COUNCIL

Presented in October, 1939

Dr. Campbell presented the following report at the fall meeting from the Dominion Dental Council which was adopted and entered on the minutes.

Mr. Chairman and Members of the Board of the
Royal College of Dental Surgeons:

As your representative on the Dominion Dental Council, I was asked to express the opinion of this Board as to the admission of British Columbia into the D.D.C. As it appears to be to the advantage of this Organization to have as many of the provinces of the Dominion as possible included, I felt that Ontario would be quite satisfied to have B.C. admitted if that Province subscribes to the requirements of the Council and so recommended.

All of which is respectfully submitted.

G. H. CAMPBELL,

Representative

Presented May 29th, 1940

Your representative attended the session of the D.D.C. at its regular meeting, held in Toronto, May 24th, and 25th, 1940.

The affairs of this organization, as reported by the President and the Secretary-Treasurer, are in a sound and satisfactory condition.

Dr. Pallin of British Columbia, Past President of the C.D.A., was present at one session by invitation and considerable time was taken up considering the proposal of B.C. to re-enter the Council. This matter was referred to a special committee which will further negotiations.

A case recently discussed by the Ontario Board came up for consideration but as no definite conclusion was arrived at, the result was the appointment of a special committee to arrange any differences of interpretation of the By-laws relating to the regulations setting forth the requirements of candidates for the examination.

Winnipeg has been made a permanent examination centre.

In future a candidate may not carry more than three supplemental examinations and in those in which he was successful he must have obtained at least 60% of the marks allowed.

Any candidate for the examination of the Dominion Dental Council of more than five years standing after graduation must qualify under Class D.

Your representative was impressed by the harmonious feeling which prevailed during the proceedings and the genuine effort made by the various delegates to conform the requirements of their individual provinces to the common good.

As considerable difference exists in the amount of the fee of registration of a Dominion Dental Council certificate in the various provinces, it might be well for this Board to make a survey of the situation and determine if the fee at present stipulated by the R.C.D.S. should be changed.

All of which is respectfully submitted.

G. H. CAMPBELL,
Representative.

Motion:—"That the report be adopted and entered on the minutes."—Carried.

The Secretary was instructed to secure from the other Provincial Boards the fee they charge for Registration of D.D.C. certificates.

REPORT OF THE JOINT COMMITTEE WITH ONTARIO DENTAL ASSOCIATION

To the Board of the Royal College of Dental Surgeons.
Gentlemen:

Your committee met with members of the Ontario Dental Association on July 17th, 1939.

After considerable discussion, it was decided to form a sub-committee consisting of members of both bodies.

This Committee reported back and the following is a summary of the work done and an indication of the opportunities available.

Due to the extraordinary conditions of War prevailing, this Committee deemed it wise to proceed cautiously with any revolutionary plan of Education until it was assured:

- (1) That the P. D. H. Education should be encouraged at this time.
- (2) That the Public would be receptive to such Education.
- (3) That the Profession would play their part in such education.

It was decided to use this year as a time of experimentation and as a guide to further activities. Through the magnificent efforts of the P. D. H. Committee of the Ontario Dental Association this year answers to the above questions have been found as follows:

- (1) P. D. H. Education is vital in time of war to ensure a raising of the standards of health of our people.
- (2) That the Public is alive to their needs for better health and welcome means of contributing to their health education.
- (3) The demand of the Profession far exceeding the supply of lecture material proves their willingness and desire to co-operate.

For your information we have drawn up a Balance Sheet of what we consider a complete Educational program on the debit side and on the credit side of what has been accomplished this year. We have been so bold as to suggest responsibilities for your consideration and discussion.

Inasmuch as, 164 lecturers who gave 350 lectures to over 25,000 people, only 48 were members of the Ontario Dental Association, we feel that the most generous support of our Board be given to furthering the Public Dental Health Education programme.

C. A. NELSON,

Chairman.

Motion:—"That the report be adopted and entered on the minutes."—Carried.

REPORT OF DISCIPLINE COMMITTEE

Graydon Tyrrell, Toronto—was convicted on June 15th and fined \$500 or three months. He was committed to jail on July 20th, 1939.

A. J. Frohman, Windsor—was convicted of a sixth offence on June 13th, 1939, and fined \$500 or four months in jail. He was committed to jail on July 3rd.

Ken Pearson, Toronto—was convicted on June 15th and fined \$100 or thirty days. Fine paid.

R. Reid, Toronto—was convicted on September 22, 1938, and was fined \$500 and costs or three months and given sixty days to pay. (Reported at June, 1939 meeting). After several urgings, the County Police finally committed him to jail on July 22, 1939.

A dentist in Central Ontario was reported to be practising dentistry illegally after an absence of six years. Case entered court and dentist offered to pay all expenses if the case be withdrawn. He was given until the 22nd of January to fulfil the agreement but did not do so. Next day he was called in court and pleaded guilty and was fined \$100.00 or two months. He went to jail.

The Secretary reported that he had been instructed by the President of the Board to inspect the signs in the city of Hamilton which was done and it was found that there were 23 out of harmony with the regulations. It was reported that letters had been received from all the practitioners whose signs were found irregular assuring the Board that all requirements have been complied with.

Advertising by means of a New Year's Card.

In January we received a notice together with a clipping that a dentist in Central Ontario had issued a New Year's greeting in the local paper urging the people to patronize local institutions. A letter of censure was written and a very satisfactory reply was received. — Case closed.

Advertising other Activities.

A letter was received in April containing an advertisement for a hearing apparatus appearing over the name of a practising dentist. A letter of censure was written and personal contact made by the Chairman of the Board. Advertisements since appearing have been quite satisfactory.

Dr. — During the winter we received information of a dentist travelling in the north named Dr. —, reputed to be practising without a license at —. We carried out an investigation with the aid of the police and found the report to be true. This man is apparently of a fair personality but has been reduced in his financial circumstances. We found that he possessed a D.D.C. certificate but lacked the means to register the same. Dr. — found means to carry out his financial obligations and is now in good standing.

Henry, Toronto—Operative had a conclusive case against this man but he enlisted and case was withdrawn after information had been taken out.

Andrews, Roy—This man, who is a graduate from a United States college, was reported to be working for Dr. — of Toronto and performing operations. Our operative contacted Andrews and later had some work done but he was careful not to allow any corroborative evidence. We had reports from two people for whom Andrews had worked so the case was taken to court but Andrews apparently knew how to go about it, and was able to evade conviction.

The Secretary presented eleven cases of arrears in fees at the October meeting. Under instructions of the President these had been notified by registered mail to meet the Discipline Committee on Monday, October 23rd, 1939. One of these men was reported to be ill and out of practice. He was informed that it would be necessary to put himself in good standing before resuming practice. Two others paid. The committee reported the remainder as guilty of improper conduct in a professional respect and recommended that they be notified that unless the fee and penalty are paid by December 1st next their licenses would be suspended until such time as they were paid. Subsequently before the above stated date, with the exception of one, all paid. The one who did not pay was reported to be ill and not able to practice.

A case of illegal practice was reported in Ottawa. Our operative obtained a case against this man and while securing a second for conclusive evidence the culprit left the city.

The committee has at the present time several cases which are being proceeded with as rapidly as expedient.

G. H. CAMPBELL,
Chairman.

Motion:—"That the report be received and adopted."—Carried.

Motion:—"That the Discipline Committee be instructed to proceed on cases still pending."—Carried.

REPORT OF INVESTMENT COMMITTEE

Your Committee on investments begs leave to report;

As bonds held by the Board at the present are apparently as sound as any procurable and as none of them mature before 1946, we would recommend that no action in respect to them is necessary at this time.

Acting under instructions from the Board, your Committee subscribed for \$3,000.00 of the recent issue of the first National War Loan, of 1940. This has since been allotted to us and will be listed among the assets of the Board.

All of which is respectfully submitted.

REPORT OF THE CANADIAN DENTAL RESEARCH FOUNDATION

A meeting of the Research Foundation was held in Toronto on May 25th, 1940. The last meeting of the Foundation had been in Vancouver in 1924. During the interval the Executive Committee has carried on. The minutes of the various meetings were mailed to the Directors.

Much discussion took place regarding the policy of the Foundation. It was concluded that the function of the organization was to raise and distribute monies for the purposes of research. At the same time it was understood that the Research committee of the Canadian Dental Association should cultivate research.

During its existence the Foundation has issued two distinct types of bulletins—(1) those dealing with real research, (2) the distribution of the results of research.

The bulletin method has been used because the cuts were too expensive for any magazine to publish and besides the form of having one article published separately has advantages. These bulletins have had tremendous geographical circulation and many inquiries are received for copies of former issues which now are scarce. The bulletins are standardized and numbered so that they may be bound.

There was an unanimous expression that the Foundation should remain a separate body with no legal relationship to the Canadian Dental Association but that there should exist always a most close co-operation between the two organizations.

The representatives present of the Canadian Dental Association executive, on behalf of the Association expressed their confidence in the work of the Foundation executive and suggested that a committee be appointed for closer co-operation.

Officers were elected as follows:

Hon. President: R. Gordon MacLean

President: Fred J. Conboy

Vice-President: Eudore Dubeau

Secretary: A. D. A. Mason

Assistant Secretary: Ed. Grant

Executive Committee: H. K. Box

Harold Clark

Harold Campbell

Roy Ellis

E. A. Grant

F. Husband

Harry Thompson
Fred Conboy
A. D. A. Mason

It might be pointed out that the Foundation was originated as a sort of Memorial after the last war. The funds were started by the money left over from the Dental Hockey Team and donations from the Ontario Dental Association and other associations. The original amount was about \$13,000 and the financial report shows a present balance of about \$13,900.

WORKMEN'S COMPENSATION BOARD

Mr. President and Gentlemen:

Your representative from this Board to the Workmen's Compensation Board reports that the long established amicable and co-operative relations between these two bodies has been maintained throughout the year. The high standard of Professional Service and the spirit of fair dealing by the members of the Profession in Ontario has been much appreciated by the members of the Workmen's Compensation Board. Since the last report there have been no cases referred to this Board of Directors for action.

During the year the examination charts supplied to the Profession have been revised and clarified and the use of radiographs for diagnosis urged and the fees for same made automatically payable.

The question of making appliances and dentures come within the field of the Workmen's Compensation Board's liability, has been discussed at length and it is the opinion of the writer in view of the abuses to which such a ruling might be subjected and taking into account the manner in which such cases are now adjusted no changes in the Act be at present suggested.

We find that the officials are zealous to interpret the Workmen's Compensation Act fairly, endeavouring to give due service to the claimant and ready and willing to co-operate with the members of the Dental Profession in negotiating a settlement of a claim.

Our Dental advisor to the Compensation Board has been frequently consulted in a wide range of problems, interpreting for the Board claims that the Dentists throughout the Province have made on behalf of their claimant patients; analysing Dentists' reports of dental injuries resulting from accidents and giving opinion; assisting as a consultant to Dentists in designing treatment; making reports for the Board from clinical examination when available reports are conflicting and ambiguous; personal discussion with Dentists who desire information of the Board's responsibility in their particular problem; confirming with the Board recommendations made by Dentists which are difficult for laymen to understand; endeavouring to keep before the Board that the oral cavity is the particular sphere of the Dentist and not of the general physician; on rare occasions, they deal with rather extravagant claims, reports sent in by Dentists on behalf of claimant patients.

There have been cases where the Dentist's fee had to be revised downward to comply with the Board Dental tariff and again in quite a number of instances, allowances have been increased.

The underlying principle in suggesting treatment and settlement in all cases is to place the claimant's mouth and teeth in as good a condition as before the accident, that is in so far as this can be

done. It is the continuous endeavour of your representative to cultivate harmony and goodwill between our Profession and the Board and I feel that in the main this is being accomplished to a marked degree.

During 1937, 1938, and 1939, the Workmen's Compensation Board has been allowing dental services and dental restoration to the extent of slightly over ten thousand dollars each year.

All of which is respectfully submitted,

HARVEY REID.

Representative.

HOSPITAL FOR INCURABLES

Dr. Reid presented a report from Dr. T. R. Marshall, Director of Dental Services of the Hospital for Incurables.

Mr. Chairman and members of the Board of the R.C.D.S.
Gentlemen:

At the suggestion of your President, Dr. Hogan, I have been requested to report to you in connection with the dental service inaugurated during the summer at the Dunn Avenue Hospital or Hospital for Incurables. May I say at the outset that this is a very fine institution, doing a splendid work among unfortunate people, old and young, who are more or less unable to help themselves. The hospital is well kept and splendidly managed. There are 370-odd patients continually being cared for by the hospital staff.

Late in the autumn of 1938, at the suggestion of your Secretary, Dr. Willmott, the writer contacted the Superintendent of the hospital with the approval of the Public Dental Health Committee of the Academy of Dentistry, Toronto. For some time informal discussion was carried on as to needed equipment, suitable space, extent of service and estimated costs. Progress was very slow but the Superintendent, Miss Morrison, who, by the way, is a very efficient executive, was convinced of the need of a dental service of some kind to care for the badly neglected dental health of the patients.

The chief obstacles to progress was lack of adequate funds. The writer indicated at the outset that permanent success for the venture seemed improbable unless the hospital board were prepared to pay an honorarium to the dentist for his services. However, in March of this year a young graduate, who is a very capable operator with fine ideals, offered his services gratuitously, two half-days a week.

On April 28th the writer was formally asked to proceed to arrange a suitable dental service for the hospital, the details of which had been agreed upon in principle, in informal discussion. When estimates were obtained and approved the writer sought permission of your President in a letter to him on July 5th and I had a reply as of the 7th.

A suitable room was arranged and fitted up for a dental surgery. Needed equipment was installed and necessary instruments were purchased together with other supplies. The Ladies' Auxiliary of the Toronto Academy of Dentistry donated a small set of surgical instruments which gift was greatly appreciated. The surgery was opened on July 21.

A summary report of services as of October 1st follows:

No. of patients examined in the wards—81.
19 patients have retained roots of teeth

- 40 patients require extractions
- 17 patients require fillings
- 24 patients require prophylaxis
- 33 patients require dentures, 8 of whom require both upper and lower dentures
- 46 patients examined lack ability to masticate food
- 20 patients have good ability to masticate their food
- 16 patients have fair ability to masticate their food
- No. of patients' visits to surgery — 72
- 19 patients have had extractions
- 5 patients have had fillings
- 3 patients have been supplied with new dentures
- 5 patients have had repairs to dentures

The dental service for the patients consists of an oral examination and charting of the mouth, needed surgery, alloy and synthetic fillings, prophylaxis and vulcanite prosthesis. Most patients belong to the indigent group, only a few are self sustaining. Those who are able to pay their way and have a private dentist, may have their own dentists come down to the surgery by appointment and receive treatment from him by paying a fee of \$2 per hour or fraction thereof, for use of surgery and supplies with nurse in attendance.

In examination of patients to date it has been found that quite a large percentage need denture prosthesis. It has been suggested by the writer that a charge of \$15 be made for each unit of denture service; that this money be kept in a dental account to pay technical charges of this service and assist in reimbursing the attending dentists for their services. This charge of \$15 assists greatly in solving the problem as to who needs dentures most and first. It is understood between the dental staff and the Superintendent, however, that the examining dentist may recommend a denture service for any patient without funds and it will be provided by the hospital. The writer is cognizant of the fact that a reasonable masticatory apparatus is a practical necessity for almost everyone but with patients in an institution of this kind there may be a number of exceptions.

On October 7th the writer received a letter from the Secretary of the board of the hospital informing him of his appointment to the medical staff of the hospital as Director of Dental Services. I am pleased to report the most cordial relations with all members of the executive staff contacted and that I have received the utmost in co-operation. I feel if any member of your board has the time and inclination to visit the hospital on Tuesday, Wednesday or Friday mornings, it will be a pleasure to explain further the service conducted.

Respectfully submitted,

TOM R. MARSHALL.

REPORT OF CANADIAN DENTAL ASSOCIATION

To the Board of Directors of the

Royal College of Dental Surgeons of Ontario.

Gentlemen:

The Board of Delegates of the Canadian Dental Association met in biennial meeting at the Royal York Hotel in Toronto on May 22nd, 23rd, and 24th with the President Doctor S. A. Moore in the chair, and after words of welcome, he gave a resume of the Association activities during the past two years.

Very fine reports were presented by the Chairman of the different standing committees. We will just try to touch on a few of the most important points that might be discussed by our Ontario Board.

Doctor Higgins on Dental Examinations by Insurance companies reported little progress had been made in this regard. There has been a tendency in writing insurance of even issuing policies without a medical examination and a dental examination would again interfere with the salesmen's production so from this angle would be unpopular. He made the statement that Life Insurance companies are not quite the benefactors we thought they were and that they are chiefly interested in dividends. Doctor H. S. Thompson took exception to these statements showing how that in the past few years the Life Insurance Companies had contributed ninety thousand dollars toward Dental Health Education.

Doctor A. D. A. Mason in his report stressed the importance of keeping the proper balance in Dental Education between the Engineering and the Biological sides and considerable discussion took place regarding optional subjects for matriculation, especially in regard to Latin. He also stressed the great value to the Dentists of post-graduate studies at the College for the individual rather than for groups.

Reports on research. Apparently some research work is being carried on but the money available for this work is entirely inadequate for this very worthy purpose.

Doctor Thompson on Public Dental Education reported on his activities and his ideas of the best methods to get this education to the Public. He gave notice that he was resigning from this position on the C.D.A. as it took all his time acting as Secretary of the Lay organization.

Regarding the subject of Incorporation of the Canadian Dental Association:— After discussion of the reorganization as outlined in a special report brought before the C.D.A. by Doctors C. H. M. Williams, E. C. Veitch, J. A. Bothwell, Geo. W. Grieve, E. W. Paul, H. W. Reid, and G. V. Fisk, it was decided to proceed with making the advised changes in the constitution and be incorporated. The Ontario resolution regarding proportional representatives on the Board of the Canadian Dental Association was thoroughly discussed and the Advisory Committee suggests one member or delegate to each province and one delegate in addition for each 500 dentists or major fraction thereof. This would give Ontario four delegates and Quebec two.

Mail Order Dentistry stands, as far as we can see, about as it was at our last meeting and will likely come up for discussion at this annual meeting.

We think the important matter to come before our meeting here is a free discussion as to how we can provide the necessary funds to carry on the activities of our Canadian Dental Association. It has done wonderful work on very inadequate financial support. If it were not for some of our men giving a great deal of their time, with little or no remuneration, our Canadian organization as it functions today could not exist. Ontario should give leadership to make the Canadian Dental Association the live and influential body it should be for organized Dentistry in Canada.

REPORT OF THE SPECIAL ADVISORY COMMITTEE OF THE CANADIAN DENTAL ASSOCIATION

1. The future of the Canadian Dental Association must be decided by the dentists of Canada. The excellent record of achievements by the Association has been established only at the cost of great personal sacrifice on the part of the voluntary workers who have served the profession. Many opportunities exist to increase the value of the Canadian Dental Association to its members and to the public. Such matters as tariffs, illegal practice of dentistry, taxes, health-insurance plans affecting dental practice, the Canadian Dental Corps and many other important matters are of concern to every dentist in the Dominion. It is a function of the Canadian Dental Association to co-ordinate the efforts of the various provinces in matters of common interest in Dentistry.

2. The imminence of health-insurance affecting dental practice is realized by every dentist in Canada. During the last few years plans of this nature have been imposed upon the dentists in New Zealand and Australia. In 1936 the physicians of British Columbia were forced to register united opposition rather than submit to an undesirable plan for health-insurance practice. The assistance rendered by the Secretary of the Canadian Medical Association was of great importance to the provincial organization in solving this difficult problem.

3. Since 1935 the position of the dental profession in Alberta in respect to legislation has been very precarious. Strong assistance to the provincial professional body from the Canadian Dental Association would be of inestimable value in safeguarding the interests of the public and of the profession in that province. It should be obvious that any degradation of dental services in any part of Canada might, and likely would, spread to involve other parts of the Dominion. The stress and strain of this war period, with the possible rapid evolution of legislation which may result, makes unity of the profession in Canada an urgent matter. Continued apathy toward such matters will undoubtedly constitute a definite obstacle to the progress of the profession.

4. Resistance to deteriorating influences on the form of dental services is of urgent concern but the most important function of the Canadian Dental Association is, of course, to lead the profession to a constantly higher plane of knowledge and practice. The organization is excellently prepared for expansion to include the services already mentioned and many others. The following motions which were adopted by the Special Advisory Committee appointed by your President are essential to the promotion of the enlarged plan and we recommend them for serious consideration.

5. "That this committee recommend to the Board of Delegates that provincial representation to the Board of Delegates be on the basis of one delegate for each province, and where there are more than five hundred licentiates in good standing in a province, such province shall be entitled to an additional delegate for each additional unit of five hundred members or major fraction thereof whose fees are paid. Payment for expenses of attending the regular meeting shall be made for all delegates." It is suggested that annual meetings with a scientific program be instituted as soon as finances will permit, the thought in mind being that the C.D.A. co-operate with the Provincial organization in such province where the meeting is to be held.

6. "That this committee recommend to the Board of Delegates that the provincial licensing body in each province be asked to

contribute annually to the Association a four dollar membership fee for each licentiate in good standing in that province."

7. Effective assistance by the Canadian Dental Association to the profession throughout Canada can only be extended when the national association can afford to pay the salary and expenses of a competent full-time secretary and other officers. A number of the provincial legal bodies are keenly aware of the potential value of the Canadian Dental Association and they have gone on record that they are prepared to increase the fee paid to the national association to four dollars or five dollars if the other provinces will co-operate.

The general outline of the above mentioned plan is as follows:

PROPOSED PLAN OF AN ADEQUATE AND EFFICIENT CANADIAN DENTAL ASSOCIATION

To increase the value of the Canadian Dental Association by a strong effective national body.

- I. By increasing its value to the individual dentist.
- II. By protecting the interests of the profession.
- III. By safeguarding the dental welfare of the public.

To Put Proposed Plan Into Effect

1. Appointment of a combined full-time Secretary-Treasurer of the Canadian Dental Association and Business Manager of the Journal.
2. Competent stenographic assistance.
3. Establishment of Association Headquarters in Toronto.
4. Remuneration for Editorial Staff of Journal.
5. Payment of travelling expenses of officers and all Provincial Delegates.
6. Adequate financial support of Committees.
7. Reserve fund for emergencies.
8. Payment to the Canadian Dental Association by the Legal body in each Province of an annual membership fee of \$4.00 for each licentiate in good standing in that Province.

I. Value of Canadian Dental Association to Individual Dentist.

- a. An annual meeting with outstanding scientific program. Increase prestige of dentist in his own community because of attending National Association.
- b. Adequate support of National journal. Increased funds provide more original scientific articles to help dentist keep abreast.
- c. Research — Investigation of materials. Affiliation with investigations elsewhere.
- d. Establishment of Canadian Dental Library.
- e. Insurance — Professional group insurance.
- f. Benevolence — Dental fund to be administered by Provincial organizations. In each case the local Association shall contribute an amount equal to that provided by the Canadian Dental Association.

II. Promotion and Protection of Professional Interests:

- a. Annual Meeting.
- b. Adequate support of National Journal — Welding together as a unified group.
- c. Legislation
 1. Dental Act
 2. Illegal Practice of Dentistry
 3. Tariffs
 4. Taxes

- d. Canadian Dental Corps — War
Post war rehabilitation
- e. More aggressive research program
- f. Relationship with National Bodies in other countries.
- g. Dental Nomenclature
- h. Dental Education
- i. Insurance
- j. Benevolence
- k. Necrology

III. Safeguarding Welfare of Public Interests of Dental Health

- a. Raising standards of dental Service.
 - (1) Stimulating dentist to attend annual meeting and meetings of local organization.
 - (2) Journal.
- b. Increasing the scope of Public Relations Committee.
 - (1) Preparation and distribution of Dental Health Literature.
 - (2) Trends of public thought regarding dentistry.
 - (3) Professional guidance of public opinion.
- c. Legislation.
- d. Canadian Dental Corps.
- e. Aggressive Research Program.

Motion:—"That the report of the representatives of the Canadian Dental Association be adopted and that the following resolution be incorporated in the minutes."

"That whereas this Board recognizes the need for a strong national organization also the wonderful contribution that has been made by men across Canada and that the need for more adequate financial assistance is necessary, it believes that a campaign to educate the profession in Ontario to the aims and accomplishments of the C.D.A. is indicated before this Board would be justified in increasing the annual licentiate fee. Assistance in such a campaign will be given by the members of this Board."—Carried.

LIBRARIAN'S ANNUAL REPORT

1939-40

Your Librarian has the honour of submitting the following report for the session 1939-40:

There is an increase in the circulation for the year, the total this session being 11,517, compared with 11,105 for the previous year. There were 4,967 books borrowed for home use, while 737 unbound journals also circulated for outside study; 184 texts were used in various departmental reference collections for the entire session; 135 books were forwarded to out-of-town graduates and 31 interlibrary loans were made. The reading room circulation amounted to 5,494.

Our Travelling Library, from which we expected so much, has been rather a disappointment this session. Dentists, on the whole, are not prolific readers of general scientific material. However, we do notice a steadily growing interest in the library by the younger graduates and, although the organized societies have not taken advantage of our group facilities, there has been much individual work done. We have noticed, in particular, a demand for material suitable for work with lay and Red Cross study groups. We feel that this "public dental education" work will bear good results in the various communities.

The experiment of establishing small departmental libraries to a limited extent in the College has proved quite satisfactory. We find that, rather than decreasing the students' interest in the library, the use of reference material in the clinics and the laboratories has been a valuable assistance to our own work.

During the session, \$379.25 was spent from the Harry R. Abbott Memorial Fund. We have again added some excellent reference texts to the library. Various departments of the University have co-operated in this work, by advising us in our selection of such texts. Their interest assists us in maintaining an up-to-date and valuable reference collection. We have the problem of the replacing of the books which have been lost from the University division of the library. Following the last University stock taking in our department, we found that a number of the books had disappeared over the period from 1925 to the present. It is the policy of the University that these copies must be replaced by the departments concerned, not by the University Library. We have, therefore, done considerable work on this list and have compiled data on copies suitable for replacing the original copies.

We sent a number of the old journals to be restored and rebound, but there are some which still require attention. During the year, we located an additional copy of the first volume of the Canada Journal of Dental Science, which is now very valuable, historically. We also received information regarding early copies of some of the orthodontia texts and found that we possessed some very valuable editions, which have now been placed with the historical collection.

Journals and books have been donated to the library by the Ontario Dental Association, Oral Health, Dean Mason, Drs. E. A. Grant, A. G. Davidson, W. A. Brethour, J. A. Shannon, S. M. Richardson, R. E. Risdon, Major Harvey Bean, Mrs. Clendon Smith, and others. There is a good deal of work required in the Stack Room, making additions to the files which are now necessary. It has been impossible to spend any time there during the session.

Many interesting donations have been given to the museum, including a German dental kit, which Dr. Gilfillan secured during

the last war. We have sent acknowledgments to the donors. It is unfortunate that, at present, there is not accommodation for displaying the entire museum. However, we keep as many specimens as possible on view and hope that arrangements for expansion may be made at some future date.

Another problem of accommodation is becoming more acute each year. Due to the fact that the students are using the library to a greater extent for study purposes, a proper "study room" is needed. It is impossible to keep the reading room section very quiet, due to the fact that it is a part of the main library and because of the noise from the laboratory overhead. We hope that it will be possible to arrange for this increased accommodation within the next few sessions.

The heaviest task of the year, involving extra assistance, has been the recataloguing. This work has presented many additional problems as it progressed. However, we have very nearly completed the work and hope that it will be of assistance to Faculty and students. Miss Bethune, head of the University Library cataloguing department, has assisted us greatly by supplying the numbers for the Library of Congress cards, which we ordered from Washington. The catalogue could have been completed much sooner, had the work been uninterrupted, but it has been carried on during an exceedingly busy session and we have already made over six thousand entries in it.

The financial assistance which we received from the Board has been much appreciated. Without it, we could not have secured as much extra help for the work on the new catalogue. We have also been able to add quite an interesting specimen to the museum.

For some years, Mrs. Stephen (nee Miss Mimms) has been the assistant librarian. She served under Dr. Kennedy for some years and, under her able guardianship, the library and museum have developed to a great extent. However, from now on she will be more interested in household duties and will be leaving us on May 31st. We all wish her great happiness. Miss Hilda Reid, who comes with excellent credentials and highly recommended, will be the successor and we are expecting very efficient service.

The Library was represented at the Faculty display at the Centenary Celebration in Baltimore this spring and we shall again have an exhibit at the Ontario Dental Association Convention.

This report is respectfully submitted, with the recommendation that, for the ensuing year, the grant be \$250.00.

E. W. PAUL,
Librarian.

REPORT OF THE BETTER MOUTH HEALTH CAMPAIGN IN ONTARIO

November 1939 to March 1940

**Conducted by the Canadian Dental Hygiene Council and the
Public Dental Health Committee of the Ontario Dental Association
and Royal College of Dental Surgeons**

There was one outstanding feature very evident during our Campaign in every community visited this year, which I am sure was an accumulation of interest aroused during the past four years. In every centre in which we carried out a program this year, the representative people of the town and the officials were eager to learn how they might establish school dental clinics or extend the

service which was already being given. This enthusiasm was manifested by Medical Officers of Health, School Boards and School Principals in so many cases that I am citing it here as a concrete evidence of the success of the Public Dental Health Programs that have been carried on throughout Ontario during the last four years.

In many of the sections visited I am sure new clinics will be established in the near future.

Another tangible evidence of the success of this educational work is recorded in the report of the Public Dental Health Committee. They have stated that over 200 dentists in the province have written in to the Chairman of the Committee, asking for Health educational talks, lantern slides, picture films, and for addresses to be given in their community. In fact there has been a general awakening of interest among the Profession at least, in Public Dental Health work, and I feel that this is a tribute to the success of our Campaign efforts.

The towns visited were: Kincardine, Chesley, Durham, Walkerton, Hanover, Newmarket, Aurora, Fergus, Mount Forest, Brampton, Thorold, Seaforth, Clinton, Hensal, Wingham, Goderich, Port Arthur, Fort William, Listowel, Exeter, Meaford, Alliston, Tillsonburg.

The campaign which was conducted in towns and cities, went into action November 11th. The primary organization meetings, with dentists alone, were carried on during November and December. At all of these meetings I was accompanied by a representative of the Board of the Royal College of Dental Surgeons or a representative of the Central Committee, who presided and conducted the meeting, stressing the fact that the campaign was to be carried out by a lay organization—the Canadian Dental Hygiene Council. Genuine enthusiasm was displayed by every dentist present, and as a result of this we had better co-operation during this campaign from the dentists than we ever had before.

The second series of meeting, where we met the representatives of the various organizations, School and Health Officials, were commenced on Tuesday, January 9th, and the final program meetings were started in Kincardine on Monday, February 5th. All the meetings held in these towns were most gratifying, enthusiastic, well attended, and serious interest was manifested. At least four meetings were held in every town, one for the Public School children collectively; one for the High School children; a meeting for women under the auspices of the various women's organizations, and one for either a Service Club or a Home and School group in the evening.

Through this program we have met a cross-section group of the men, women and children. In many of the towns an attempt was made to adjust local problems, and the problem was generally school dental clinics. This situation was definitely acute in Port Arthur, Fort William, Newmarket, Aurora, Brampton, Listowel. In every case the information pertaining to the subject was provided and a discussion with the officials enabled us to explain details of organization of clinics especially adapted to the size of each community. Some further assistance along these lines should be given by the Ontario Dental Association to Port Arthur, and Fort William. In both these cities, with a population around 25,000 no dental clinics are available, and the officials are endeavouring to work out a plan of joint financial support for the municipality and service clubs with provincial government assistance.

In Tillsonburg, the Medical Officer himself arranged a luncheon meeting, at which I asked Dr. Grant, the Director of Dental Services

in Toronto, to sit in and assist us with his advice. The Board of Health, the School Board, the Kiwanis Club and the Women's Organizations in Listowel, are all willing to co-operate in the establishment of school dental clinics. The purpose of the luncheon was to work out a practical plan of operation for the clinics, salary for the operator, and some system of screening so that only the needy will receive treatment. Drs. Taylor and Van Loon, dentists, were present at the luncheon. All that is now needed for the clinics to go into operation is a satisfactory working plan, and some co-operation giving more organization details from the Ontario Dental Association.

Tribute must be paid to the very splendid program of dental clinics being carried out by the Lions Clubs in various towns, particularly so in the district around Clinton, Seaforth, Exeter, Wingham and Goderich, and great credit must be given to the dentists for their generous co-operation in this scheme, and for the financial contribution they have made by rendering dental services at greatly reduced fees. In almost every centre visited the Men's Service Clubs are ahead of the Local Officials and the Profession of Dentistry in their interest in providing dental treatment for needy children and in many of these some actual work is being financed by these Service Clubs.

The Kiwanis Club of St. Thomas is an outstanding example of the above. With splendid support from every dentist in the city, the Kiwanis Club has conducted a clinic for rural school children embracing one entire community, and are providing complete dental service for some 83 school children who have been especially recommended by the Health Nurse as being badly in need of treatment. I wish here to pay tribute to the Dentists of St. Thomas and the Kiwanis Club for the enthusiasm with which they have entered into this project and for the splendid plan developed and the work they have accomplished. Their reward will be better health in this group of children in the coming generation.

Another outstanding feature of this year's campaign was the increased interest of the School Inspectors. In almost every district we visited, the School Inspector was quite willing and ready to take full charge of the program, attended every meeting, looked after the distribution of literature, and gave a supervision that lifted our effort out of the purely dental field into the educational. In a measure this may have been the result of the dinner which was given two years ago and repeated again this year by the Public Dental Health Committee of the Ontario Dental Association to Inspectors of the Province while they were in session at the meetings of the Ontario Dental Association in Toronto. These meetings are productive of a great deal of good and should be repeated at reasonable intervals to maintain an interest which is already keen.

There yet remains the task of arousing a more active interest among many of the dentists in Public Dental Health work. After many years' experience I have discovered that the success or failure of a program depends almost entirely on them. Therefore let us keep this in mind and go into action on it.

Mouth examinations were conducted gratis by the dentist in many of the districts during this year's program; in others it had recently been done under the auspices of Service Clubs. Literature was distributed from the Department of Health as usual, sufficient for all the school children in each community. The prompt co-operation given in this effort is of great assistance to me and is greatly appreciated.

The co-operation given by the members of the Board of the Royal College of Dental Surgeons in their districts visited was most helpful and much appreciated. Two or three members accompanied me to every community in their district and presided at the meeting, which greatly helped to arouse the interest of the dentists in our project. The Canadian Dental Hygiene Council's relations with the various members of the R.C.D.S. Board, the members of the Public Dental Health Committee, and the Central Committee, the Ontario Dental Association and others in Ontario during these past four years have been very happy, and I feel that the increasing interest from year to year is sufficient evidence to warrant our assuming that the public is really interested in Public Dental Health. My personal associations with all the above were very pleasant, and my task made much easier during this program. May we express the hope that real tangible good has been accomplished.

Motion:—"That the report be received, and entered on the minutes."—Carried.

PUBLIC DENTAL HEALTH COMMITTEE

At Fall Meeting

Dr. Gullett presented a report of the Public Dental Health Committee:

At the last meeting of this Board we were instructed to secure information regarding the publication of new text-books on the subject of health for our schools.

We made inquiry at the same time offering our co-operation on the matter of Dental Health. The Department of Education made reply that the old Health Book was no longer authorized for use in the schools of Ontario and that pupils are no longer required to purchase the book, also that the department is not considering the publication of a new Health Book at present. The reply also stated that the kind offer of the Board of the Royal College of Dental Surgeons had been noted and placed on file.

Under the recent arrangement for radio broadcasts passed by the Board, we wish to report that one proposed broadcast was submitted to our committee from The Health League of Canada. After carefully studying the material we gave consent. The request was made that the name of the Royal College of Dental Surgeons be used in the broadcast. This point was not covered in our resolution on broadcasting and it should be considered by the Board. In the present case the permission was refused.

D. W. GULLETT,
Chairman.

Motion:—"That the report of the Public Dental Health Committee be adopted and entered on the minutes."—Carried.

Health League of Canada

Motion:—"That the Secretary be instructed to write the Health League of Canada expressing our thanks for their commendable effort in fostering dental health education over the radio. Also, to suggest that excellent material for such lectures is available from the Academy of Dentistry, Toronto, and the Ontario Dental Association."—Carried.

Public Dental Health Education Campaign

Motion:—"That a further grant of \$200 be made to the Public Dental Health Education Campaign for the Province of Ontario."—Carried.

At Spring Meeting

The work of Public Dental Health has been actively carried out this year. There has been an enthusiasm unsurpassed previously and we should feel pleased to have had a part in the campaign.

As usual Dr. Harry S. Thompson has been responsible for much of the success and great credit is due him. The committee of the Ontario Dental Association is headed by Dr. A. E. Higgins and while the whole committee deserves our sincere appreciation, we believe that Dr. Higgins should be especially accredited for the many hours of labour he has given so freely to this work.

In some 23 centres active campaigns were successfully carried out by Dr. Thompson. Through the efforts of the Committee of the Ontario Dental Association some 350 lectures were given to 25,000 people. Undoubtedly the cause of Public Dental Health has received a tremendous uplift through this year's effort. We are told that the movement is just nicely started. The Committee have found it necessary to purchase much new material in order to supply the demand for films, etc., and are asking for our continued support.

Respectfully submitted,

DON W. GULLETT,
Chairman.

Motion:—"That the report of the Public Dental Health Committee be received and adopted and entered on the minutes."—Carried.

The Board instructed the Secretary to write Dr. Thompson and Dr. Thornton and express to them our appreciation of the excellent results achieved by their efforts and the efforts of the members of their committee.

SPECIALISTS

A committee was appointed during the session on the subject of the use of the word "Specialist" or "Specializing."

The committee met and reported back to the Board that it had been decided to obtain the view-point of the Orthodontists and Exodontists, both of which have organizations of their own, in the city.

Motion:—"That the report of the committee be received and adopted."—Carried.

DENTIST — PROPRIETARY ARTICLE

A letter was read from Dr. ——— regarding the relation between a Dentist who puts a proprietary article on the market and the company who manufactures it.

Reply to this matter was made as follows:

We most certainly appreciate the efforts of any member of the profession, who produces any product for the general benefit of Dentistry. Furthermore, this Board is anxious that due credit be given to any Dentist whose ingenuity and ability gives the profession increased usefulness to humanity.

It has been and still is the feeling of this Board that the preparation and marketing of any nostrum or proprietary article under the direct name of a member of the profession is not in the best interest of the public or the profession, nor do we feel that it is quite in keeping with the accepted standard of ethics.

In regard to the giving of organized clinics and lectures, it has been established in past years when such requests have been made that the teaching of Dentistry in the Province of Ontario is wholly vested in the Board of the Royal College of Dental Surgeons. Furthermore, permission of the Board for that purpose has never

been granted except at the request of a recognized dental organization.

APPLICATIONS FOR LICENSE

J. N. Charles

Who presented certificates to the effect that he had practised Dentistry for some years in Africa, was informed that he must meet the matriculation requirements of the R.C.D.S. and then take the complete course.

Dr. E. V. Dubiskey

The Secretary presented an application to have his D.D.C. certificate registered. Motion was made:—"That the application of Dr. E. V. Dubiskey for registration of his D.D.C. certificate in Ontario cannot be accepted as his present dental education does not comply with the standards set by this Board."—Carried.

M. T. Dohan

Has a B.Sc. from the University of Saskatchewan and expects to graduate from McGill in Dentistry in 1940. What would be required of him to obtain a license in Ontario?

The Secretary was instructed to inform him to make application to the Faculty of Dentistry, University of Toronto, in order to obtain the degree of D.D.S. If accepted and he receives the D.D.S. his license will be granted in Ontario.

Dr. Yampolsky

Requested an opportunity to try our examination in order to apply for enlistment in the Canadian Dental Corps. Dr. Yampolsky was instructed that the Board was unable to consider his request owing to the fact that his record is not clear in Alberta where he practised. A motion was passed:—"That having reviewed the case of Dr. Yampolsky and studied the correspondence relative thereto the opinion of this Board is that it cannot entertain his application for examination for entrance to the Royal College of Dental Surgeons."—Carried.

MAIL ORDER DENTISTRY

Considerable discussion was held on Mail Order Dentistry and the correspondence with the officers of the Canadian Dental Association was reviewed.

Motion:—"That Dr. Blatchford and Dr. Bradley be a special committee to co-operate with the Canadian Dental Association on the matter of suppressing Mail Order Dentistry."—Carried.

POST-WAR REHABILITATION

The problem of post-war rehabilitation especially regarding the Dental Corps was discussed.

Motion:—"That a committee consisting of Hogan (chairman), Blatchford, Bradley and Mason, be appointed to study the problem of post-war rehabilitation and report to the Board."—Carried.

RESOLUTIONS FROM EASTERN ONTARIO DENTAL ASSOCIATION

Dr. Bradley presented resolutions on the following subjects at the fall meeting, from the Eastern Ontario Dental Association.

Re Dental Relief Fund

Motion:—"That the Board of the R.C.D.S. heartily endorses the resolution of the Eastern Ontario Dental Association regarding the re-establishment of the Dental Relief Fund by the Provincial government."—Carried.

**Re-establishment of the Experimental Dental Health Unit
Which Operated in the Five Eastern Counties of Ontario**

Motion:—"That the Board of the R.C.D.S. heartily endorses the motion of the Eastern Ontario Dental Association regarding the re-establishment of the Experimental Dental Health Unit which operated in the five Eastern counties of Ontario."—Carried.
